THE FLAG AND PATRIOTISM.

The Salem Journal says a few members of the senate had the courage to vote against the bill to keep the flag floating on school houses, and they can be set down according to the Driver vocabulary as entirely wanting in patriotic impulses. They may have a conception of the functions of a national emblem on a higher plane and believe that the customs of the centuries render the flag appropriate only on certain imposing and dignified public occasions, or as the emblem of national sovereignty on sea or land, or in the procession on Independence or Memorial day, and that it is as undignified to stick it on every little ramshackle school house as it would be to dress a boy or girl in the national colors to prove that the father was patriotic.

Patriotism for show is as unholy as religion for a cloak, and would teach the children more disrespect for the flag than respect. A man who has got to keep his patriotism on tap to let people know that he has any is as big a fraud as the person who advertises his superior virtues.

SOUTHERN OREGON FRUIT.

Grants Pass Courier: Hon H B Miller sold the remainder of his Red Jonathan apples, perhaps two carloads, to a Chicago man at a good price. The same gentleman wanted to enter into a contract with Mr Miller to take all of this variety of his apples for the next 10 years at the same price. The gentleman is thoroughly reliable, one of the greatest, if not the greatest, fruit dealer in the United States. We make mention of this to show the gentleman's confidence in Southern Oregon's apples as a seller, and also to show what profit is likely to come to him who will take advantage of an opportunity to use the elements nature has given. Mr Miller as well as a number of others in this county, profit largely by their investments in apple orchards. There cannot be a fortune in fruit every year but persistency in caring for one's trees will net him a handsome income from time to time.

The wild looking man who stood up in an omnibus and lassoed an inoffensive old lady the other day in Paris, was not an American, though he may have been taken for a member of Col Cody's "Wild West" company. He was a lunatic and thought he was in South America lassoing crocodiles.

The Philadelphia Press says: "There is not as much talk of increasing the length of steel rails from thirty to sixty feet as there was a few years ago. The Pennsylvania Railroad Co some time ago laid considerable of its road with sixty-foot rails, but it was stated yesterday that no more of the rails of this length have been ordered, and it is not likely that more will be bought until after something shall be discovered to prevent contraction and expansion by cold and heat."

After having compelled the nomination by the republican state convention of the most independent man in the state of New York, the independents of that state are in a very unhappy frame of mind, and don't know whether they will support Roosevelt or not. Their real grievance seems to be that Roosevelt proposes to be as independent of the independents as he is of Platt and everybody else, and this doesn't suit them at all.

The German emperor is bound to keep himself before the public. His latest fad is a trip to Palestine with the empress. Considering the hostile legislation of Germany against the Hebrews his visit should not meet with exuberant demonstrations. He will melt at sight of the holy land while he treats the race that made his religion possible, with stern resentment. And Emperor William is not alone in such inconsistent action.

"It is a fine work," says the Boston Transcript, "which is being done at Sherborn Reformatory for Women, in giving the inmates a chance to work out of doors on the 300 acres of the farm. All sorts of farm and garden work is performed by the women, whose behavior and health are thus built up at once and the same time."

Biliousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptcy. Take them to a physician and he will fill them up with the name of some more or less serious disease. Every time that you carry one of them to him you draw out some of your funds in the Bank of Health. Keep it up, and there will soon be no funds in the treasury.

The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some fatal disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a taint in the family blood, it will be blood or skin disease; if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be rheumatism. There is just one safe course for a man to follow who finds himself out of sorts and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchial, throat, and even lung affections, when not too far advanced, readily yield to it.

"I took Dr. Pierce's Golden Medical Discovery for Eczema," writes I. W. Barnhart, of No. 495 De Witt Street, Buffalo, N. Y., "and it completely cured me."
