The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by W L DeLano.

Prineville Review, August 14: Mrs Mollie Elliott and daughters left last Wednesday for Eugene, where they will make their future home. Mrs Elliott has for many years been a resident of Prineville and during her long residence here has made many friends who regret to see her leave Prineville and it is to be hoped that her highest anticipations may be realized in her new home.

During the civil war as well as in ou late war with Spain diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr David Taylor, of Wind Ridge, Greene Co, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he has never found anything that would give him such quick relief. It is for sale by W L DeLano.

A fatal bridge accident occurred at Eddyville 28 miles this side of Yaquina on Friday evening of last week. Mr and Mrs Dan Weltain and little son and Mrs Luckey, mother of Mrs Weltain were returning from a trip to Corvallis. When on the bridge close to their home the structure gave away and fell with a crash twenty or twenty-five feet into the water below. There were several men in the store near by who rushed out and into the water to the assistance of the unfortunate people. They succeeded in getting all of them out. Mrs Luckey had been struck on the head by a timber and was dead. The others were badly bruised, but none seriously. The child was nearly drowned, but was resuscitated after considerable work.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F J Cheney & Co, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F J CHENEY & Co, Toledo, Ohio. Sold by druggists, 75c.

FOREST FIRE LAW.

Serious Penalties for Those Who Cause Conflagrations in Oregon.

Now that interest has been aroused in the question of the setting of forest fires in Oregon and Washington mountains, the text of the law will be worth reading. Game and Forestry Warden Quimby is sending out copies of the law as follows:

"Any person maliciously kindling a fire on his own or other land, which shall injure the personal property or wooded timber lands of any other person, shall be punished by a fine not less than $20 nor more than $100, or by imprisonment not less than three months nor more than twelve months.

"Kindling a fire without malice on any land without consent of the owner, which shall spread and damage any property or wood or timber land not his own, not less than $10 nor more than $100 and costs.

"Entering upon lands of another person for the purpose of hunting or fishing, and without the consent of the owner, kindling any fire thereon, not less than $10 nor more than $100.

MALICIOUS SETTING OF FIRES.

"If kindled maliciously, not less than $20 nor more than $250, or by imprisonment not less than three months nor more than twelve months.

"Willfully setting fire to any wooded country or forest, not more than $1000 or imprisonment not exceeding one year or both.

"Section 21. The said game and forestry warden, or any sheriff, deputy sheriff or constable, may without warrant arrest any person violating any of the statutes now or hereafter enacted and in force at the time, for the protection of game, game birds, song birds and forests, or any of them, and take such person before any court having jurisdiction, who shall proceed without delay to hear, try and determine the matter, and give and enter judgment according to the allegations and proofs."

Notice.

WANDERED FROM HOME.—Allan Kaster, of Mohawk, informed the police officers this morning that his daughter, Mae, aged 13 years, had strayed from home last evening and was thought to be in the city. She was found about 10 o'clock and returned to her father who took her home. The girl refused to give any reason for leaving. After she was missed last evening a searching party hunted for the girl all last night.

OVER $1,000 RAISED.—Over $1,000 has been raised among the business men of the city for the improvement of the McKenzie road. Messrs Young and Griffin will continue soliciting and hope to secure as much more, as this amount represents only 14 business men. The county will assist liberally and this road should be put in fine shape.

STORE PURCHASED.—Messrs T S Quinner and F H Bitter, recently from Minnesota, have purchased the stock of goods in the store on Ninth street belonging to the estates of the late A V Peters and I K Peters. They have taken possession and will continue business at the old stand.

BLUE RIVER MINES.

The Lucky Boy's Ten Stamps Working Again.

OTHER NEWS.

Captain H L Heath came down yesterday from the Blue River mines, where he has several claims, and left today on the delayed 1:06 train for his home in McMinnville. After a visit of a couple of weeks he will return to the district.

From him we learn that the water plant of the Lucky Boy is completed and the mill's ten stamps are hammering out gold right along. The plant furnishes plenty of water.

A road is being built from the company' saw mill to the mouth of the tunnels so the timbers can be hauled easily to where they are needed. Railroad iron for trackage is being laid in the tunnels, and an ore chute is also being constructed.

Dr Candiana, of Portland, is having ground cleared at the Sunset mine for a five stamp mill. It will be of the latest improvement. Dr Candiana's arastra mill, already completed, is awaiting for a head of water.

Much interest is taken in the camp as to the outcome of the amount subscribed in Eugene to the McKenzie wagon road improvement.

Justifiable Homicide.

Walla Walla, Wash, Aug 4.—An inquest was held this afternoon over the remains of Will D Buchanan, who was shot and killed last night by James M Simmons for seducing his wife and while he, Buchanan, was in Simmons' house in a guilty position with his wife. A verdict of "justifiable homicide" was returned. Simmons has not been found yet and some think he suicided.

FOOT SLASHED.—John Stears, son of Captain Stears, who resides at the Head of Tide on the Siuslaw, three or four days ago was the victim of a serious accident. He was cutting wood when his axe slipped and nearly cut off his right foot about midway between the ankle and toes. It made a terrible wound. He was brought to Eugene and Kuykendall & Paine are attending the young man. His foot will be saved.

THE BONBONIERE SOLD.—E F Willoughby has sold The Bonboniere Ice cream, oyster and confectionery house on Ninth street to Harry Dunn, who took possession yesterday. Mr Dunn is a well known young man and will be pleased to meet all customers.

CHAS. HOLT KILLED.

Ran Over By a Water Sled at the Wendling Mill.

A telephone message to the head office of the Booth-Kelly Lumber Co in this city about noon today from the mill at Wendling brought the news of the accidental death of Chas Holt, a 15-year-old boy in the employ of the company, and a request for the coroner. Coroner G W Griffin started for the scene of the accident at once, accompanied by Dr W L Cheshire.

From information received at the head office of the company it is learned that Holt was found dead some distance from the mill lying under a sled with which he was using to haul water. Holt had been away much longer than usual and some of the other workmen started to look after him. The boy had been in the habit of riding on the front of the sled, and it is presumed that the horse started suddenly, the boy slipped and fell, the sled ran onto his body in which condition it was found.

Narrow Escape.

Salem Journal, August 4: "W D McGee, [formerly of Eugene] who is employed by C A Whale as an organ and piano agent, was injured in Lane county, Thursday, by going through a bridge. Workmen were repairing a bridge near Drain and a temporary bridge was constructed for use until the main bridge could be repaired and McGee drove over the temporary bridge which collapsed.

"McGee and his outfit were thrown overboard and himself and horses badly bruised up but not seriously injured. The organ and wagon were somewhat demoralized C A Whale went to Drain yesterday and brought his agent to this city and he was taken to his home in Yew Park where at the last account he was resting easy."

It means Douglas county instead of Lane.

Gold! Gold! Gold!

The latest El Dorado is reported to be on on Nome City beach, Alaska. Thousands of people are hastening there, many of whom will return broken in health. Of what avail is gold when health is gone? Guard your health with the best of all medicines—Hostetter's Stomach Bitters, and you will always have true wealth. The Bitters are for people who have abused their stomachs, or are naturally weak. It will regulate the bowels, stir up the liver, invigorate the kidneys, and absolutely cure indigestion, constipation, malaria, chills and fever. It is a natural tonic, absolutely free from dangerous narcotics. It should be taken to protect the system from chills and fever and malarial attacks. It's a good medicine to keep on hand.

Clyde V Fogle writes us to change the address of his GUARD from Baltimore to Washington, D. C.

The Oregon Midland railroad is to be built immediately from Klamathon, Southern California, to Klamath Falls, southeastern Oregon. W W Thompson, one of the promoters, says the road will be finished in March, 1901. The distance will be 84 miles. The estimated cost of the road is $2,000,000, including the rolling stock. It will tap a rich section of country in Oregon, Klamath and Lake counties, now remote from railroad facilities.
