Note and Comment.

Maybe that prospective bridegroom that fled while the bride was being attired for the event, on the presentation of a bill for thirty-six dollars for the bride,s dress, was not so "demented" as the account of the incident would make him.

Down in Guatamal about Santa Maria volcano several hundred square miles of fertile land was covered with volcanic ash to a depth that dooms it to eternal sterility. The quantity of burnt up rock thrown out is almost inconceivable. Think of a hundred square miles about the volcano being covered ten to fifteen feet, and several hundred square miles further away from a few inches to ten feet!

It may be remarked that the Willamette Valley never wants for rain in the spring-time. And while we get plenty of it in the winter there is none too much. It takes the place of snow in other Northern localities. Then, too, when it rains on the coast and in the valleys it snows on the mountains, piling up a reservoir of moisture to feed our rivers and temper the climate during the summer months.

This is early in the season yet a considerable section of the mountain region of Pennsylvania is being devastated by forest fires.

Some people are aware as to which side of their bread is buttered. Seattle had a city jail escape yesterday morning, thirteen petty offenders walking out. Twenty others stayed with the warm quarters and free grub.

Gaunt famine is again reaping its harvest in China, this time in a Southern province. Human life cannot but become cheap in a country crowded to its full capacity of support even in favorable crop years. When crops partially fail—well the people must starve.

Another "Medicine Indian" has met his fate, this time over in British Columbia. If Indians insured their lives no well managed insurance company would risk a "bean" on the life of a conjurer. The trouble is if he fails to conjure right the disappointed Indian lays the failure to him personally, maybe kills him.

The Treasury Department at Washington has just finished counting the national cash in the New York subtreasury vaults, incidental to a change of the Assistant Treasurer, who is held responsible for the money. The gold coin in the vaults was found to be $200,774,007 and silver $85,037,249. Uncle Sam should not fear the wolf at the door.

Hermann is reported by the Register in his speech Monday evening to the effect that "He had it direct from President Roosevelt that he, the President, wanted Hermann elected and urged all Republicans to support him at the polls." That is Mr. Hermann's pretty story. So far not one word from President Roosevelt or Secretary Hitchcock defending Mr. Hermann from the ugly charges so publicly preferred.

August Sahlberg is dead. Who was August Sahlberg, it will be asked? He was a multi-millionaire mining man of Eloro, Mexico. Sahlberg, who was a native of Denmark, went to Eloro ten years ago from Montana, where he was a common miner, and took a position as shaft boss in a mine owned by General John B. Frisbie. He was without money or friends. He observed that the vein in the Frisbie mine ran north, resigned his job as shaft boss and located a prospect adjoining the Frisbie property. After months of hard labor on the prospect he struck the great vein of what is now the famous Esperanza, which in a few years yielded him a fortune of more than fifteen million dollars. Sahlberg was well known to mining men in Colorado and Montana. He was a native of Denmark. It is not known who will get his vast fortune.

Nothing Known

Will Cure Kidney Diseases After They Have Fastened and Become Chronic But the Fulton Compounds. We Have Secured the Sole Agency for This City.

Fulton's Renal Compound enjoys the unique distinction of being the only thing known that cures kidney trouble in all its stages from the primary inflammation up to and including the chronic stage called Bright's Disease which has been, up to the advent of this Compound, positively incurable. Then why not start with the Renal Compound at first rather than ordinary kidney medicines, all of which fall short if the disease has reached the chronic state? Then you will know you are right. No statements are published by the Fulton people except cases that have reached the chronic stage, incurable by all other known medicines. Here is another recovery we are permitted to refer to.

Mrs. S. P. Cline of 1727 Broadway, San Francisco, was pronounced by her physician as incurably ill with kidney disease that had become chronic (Bright's Disease. She also had diabetes. Another physician was called in. Dropsy had set in, the nails came off and he too said nothing known would save her. She was so far beyond help they told her not to further torture herself by dieting. She went on the Fulton Compounds. The third week was slightly [illegible] the third week the nails began to come back, and a few months later was well and [illegible] treatment. An attorney [illegible] Judge R. H. Cutler of the [illegible] San Francisco, had diabetes [illegible] also incurable according to the books. [illegible] recovery he too took the Fulton Compounds [illegible] in eight months regained his health [illegible] active practice.

Dropsy, chronic constipation, headache, gout, pain in the back, bladder trouble, etc., are proofs that the kidneys are in trouble. The last stage is Bright's Disease and Diabetes. If you are feeling languid or miserable send for pamphlet. Recoveries nearly 90% among these hitherto incurable diseases. Fulton's Renal Compound for Bright's and Kidney Diseases $1; for Diabetes $1.50. John J. Fulton Co., 400 Washington street, San Francisco, sole compounders.
