MONDAY, JULY 17.

The course of Congressman Williamson in going on the witness stand in his own defense is to be commended. A man who is willing to allow the prosecution to question him and who takes the stand in his defense should be applauded by all. The fact that Senator Mitchell, after all his vehement denials and in the face of the evidence produced did not go on the stand contributed not a little toward his conviction.

Thos. W. Lawson is giving the public some good wholesome facts. He is showing how the common people are being treated, and the fact that he was a member of the gang does not make any difference at all. When the people learn to eschew the yellow dog policy and vote intelligently then these trust barons will cease to dictate the government policy. Lawson is telling facts, though he is a rascal, and it is hoped the effect will be a good one.

Roney's office, on West Seventh street, or at the county school superintendent's office at Eugene, Or.

Forced to Starve

B. F. Leek, of Concord, Ky., says "For twenty years I suffered agonies, with a sore on my upper lip, so painful sometimes that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At W. L. DeLano's drug store. Only 25c.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered unspeakable misery with internal piles. Thanks to you I am free from all that this involves. You can use this in behalf of suffering humanity."

"PULL PROMOTES GRAFT"--HILL

(Scripps News Service.)

Lenox, Mass., July 17.—"We are in a period which breeds pull, and pull in turn promotes graft," said President Jas. J. Hill, of the Great Northern Railway, in an interview given at his son's home in the Berkshire hills. "There are too many quack political theories that clash with sound business. We are dilly-dallying with South American trade, trying to build the Panama canal. We have no ships nor protecting laws for the merchant marine. I shall certainly never again build a ship under the American flag. What is needed the country over is a great awakened revival in its business and higher commercial standards. This will have to come before we are a world power."

FORCED HER TO LIFE OF SHAME

(Scripps News Service.)

New York, July 17.—The coroner's jury committed Bertha E. Clariche, a French girl, charged with killing Emil Gerdron, to the Tombs without bail today. Seven of the jurors declared the girl acted in self-defense. Later in the day the young woman was indicted by the grand jury. Gerdron enticed the girl to America and forced her to earn a living for him by a life of shame.

WARRANT FOR A PROMOTER

(Scripps News Service.)

OLD SORES

ROOTED IN THE BLOOD

Old Sores are the result of a deeply polluted, foul blood supply. The blood is filled with poisons, and as it finds an outlet through the ulcer, the surrounding parts become diseased and the sore eats deeper into the tissues and flesh and becomes a permanent trouble.

Some years ago while at work, I fell over a truck and severely injured both army shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of B. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again, and some twelve years have elapsed since what I have described occurred. Having been so eternally benefited by its use I can heartily recommend it as the one great blood purifier.

Salves, powders, plasters, etc., do no good, and the sufferer gets disgusted and often despairs of curing an old sore. The trouble is in the blood and until the poisonous matter that is keeping up the ulcer is driven out the place cannot heal. S. S. S. reaches these old sores through the blood by removing every particle of poison or impurity from the circulation and building up the system. It makes the blood healthy so that as it circulates to the diseased parts the tissues are strengthened and the sore can heal naturally and permanently. If you have an old sore or ulcer do not waste time with salves, powders, plasters, etc., but write for our book and ask for any medical advice you wish. We make no charge for either.
