AN INDEPENDENT PAPER.

FRIDAY, FEBRUARY 16

## For Cleaner Politics

It is the duty of every newspaper to work for the best man for office before the primaries. The primary law is essentially to the pupose to get the best man for the office. On this subject the Newberg Graphic says:

When an incompetent man is out for office it is the business of an honest newspaper to let it be known. That is what the Graphic proposes to do, then if the voters go wrong the voters will have no one to blame but themselves.

The Graphic is correct and the Guard when the full list is made up; will work for the man best adapted for the position before the primaries, and select between the successful canidadtes of the parties.

We need a big man for congress this year. One who is not tainted or corrupt. One who is for the people and will be able to represent the people.

It is a pity that papers will support any politician nominated if he be tagged republican or democrat as the case may be. In Lane county if Binger Hermann or any other individual be nominated, all the Republican papers of Lane county would support him. The self-same papers without exception may have a preference but, are afraid to state it before the primaries, thus they are attempting to defeat the very purpose for which the direct primary law was made, to obtain the best men for public office.

Now just when the opportunity of her blithesome young life came, Alice Roosevelt's fellow of course scanning the long list of young and rambunctious army and navy fellows invited to the wedding, says promiscuous kissing of the bride can't go. So even though she pouts the dear girl must be content with the commonplace family article. Therein the president's daughter under the fierce glare of publicity has a dearly prized perquisite of the newly made bride cut off

A Washington dispatch says 38,000 men of the regular U. S. army are to be mobilized at Manila for service in China, in anticipation of an uprising there against foreigners. What business have we to put thousands of troops in China? "None," the fair-minded man will answer. But we have a strenuous blood-letting president. Most any other citizen in the presidential chair would as soon think of sending troops to Africa, and with about as good reason.

## GET THIS BEAUTIFUL COLORED PICTURE FREE

### Splendid Peproductiou, in Sixteen Tints of a Celebrated Painting

Every person who sends one dollar to pay for a year's subscription to the Twice-a-Week Republic, of St. Louis, Mo., and Farm Progress, will receive, absolutely free, a beautiful colored picture, 21x32 inches in dimensions, entitled. "The Departure of the Bride from the Home of Washington." This picture is a direct reproduction from the celebrated painting by Ferris. Sixteen colors were employed in the process. It is mounted on a fine, heavy paper, and will make, when framed and hung, a magnificent ornament for the home. Aside from its genuine artistic merits it possesses an uncommon interest to every American, as the central figure in it is George Washington, standing at the portals of his Virginia home, bidding adieu to the bride and bridegroom. The color work is highly ornate and correct in every detail, as are the character representations, costumes, etc.

The Twice-a-Week Republic is the oldest and best semi-weekly family paper in the country, and Farm Progress, which is also published by the Republic, is the fastest growing farm monthly in America. Remember that you get both of these splendid journals an entire year, and the beautiful big colored picture, all for only One Dollar.

Present subscribers may take advantage of this offer, by sending a dollar and having their time marked up a year. The Republic hereby gives notice that this offer may be withdrawn at any time, and those who wish the picture should send in subscriptions at once.

Remit by Post-Office or express money order, registered letter or bank draft. Do not send personal checks. Write names and addresses plainly and, address,

## NO ABATEMENT OF FEVER EPIDEMIC

Dr. J. W. Harris, county physician, reports no abatement of the typhoid epidemic, fourteen new cases being reported by the city physicians. Nearly all of these are traceable to city water.

The last guinea pigs inoculated with city water by the Doctors Bartle have been very sick, but are now recovering.

It is the opinion generally of the physicians that in a few more days an abatement will commence, owing to the fact that the use of boiled water generally will show good results.

Chief Clerk Whitney, of Portland, in charge of the railway mail service, has issued orders to postmasters along the Southern Pacific between Albany and Eugene to the effect that the Eugene local will carry mail between Albany and Eugene in closed pouches, delivering and receiving closed pouches at each station. This is done to relieve the mail clerks on the night and early morning overland between Albany and Eugene of the heavy work incident to working the mail for local stations. The purpose is to have the overland trains running at night take no mail from the stations between Eugene and Albany.
