majority of the saloons are run by Catholics. Let us see how it is here. Four of our nine saloons are owned by Catholics, and we have six non-Catholic saloon-On Friday last, January 26th, all that was mortal of our friend, Albert Ball, was given to its parent earth. After a long illness which was borne with cheerful fortitude, he succumbed to that dread disease, consumption. His death occurred the Wednesday previous.

A bo had insisted that no ceremonics keepers; but who give the chief support to said four saloons? It cannot be the the lowest. Catholics for they form but a fraction of The quee church, are numerous enough to support a couple churches more. The conclu-sion must be, therefore, as the leading Catholics of this city do not frequent saloons, that the four Catholic saloon-

keepers derive their main support from the non-Catholics.

The assertion of 'Protestant' 'hat the Catholic church has "created" the paupers of Hungary and Italy deserves but passing consideration. Has not the present government of Italy, which is hostile to the pope, wrecked that country by its extravagance (there was no immigration from Italy until about twenty years sgo), and is not about twenty years ago), and is not the poverty, ignorance and squalor of the Hungarians as well as of the Rus-sian peasant due to generations of op-pression? Has not intolerant and bru-tal Protestant England driven millions of Irishmen from their dear native land into involuntary exile? A. W. MILLN.

Jas. O. Jones, publisher of the Leader, Mexia, Texas, was sick in bed for ten days with the grip during its for ten days with the grip during its prevalence a year or two ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success, I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy." It should be borne in the mind that the grip is much the same as a very severe cold and rethe same as a very severe cold and requires precisely the same treatment.
