MAY FRESHET A SURPRISE TO EVERYBODY

River Higher Than at Any Time During Past Winter

Reaches Point of Eleven Feet Above Low Water Mark--Campers Were Caught Unawares and Effects Swept Down River

The heavy rains of the past few days have brought the rivers up with a rush and the Willamette today is higher than it was at any time during the past winter. The gauge on the pier at the wagon bridge at the foot of Ferry street registered 11 feet above high water last night and at noon today registered 10 feet, which, according to government records is the danger point. The water is slowly receding this afternoon.

Such a freshet at this time of the year seldom occurs and it was a surprise to everbyody. Some damage is reported in the upper country. A campers' outfit was seen floating down the Coast Fork this morning and fences and pieces of lumber have been seen coming down the river during the day. If the loggers were not careful they might have lost a number of their logs, but scarcely any have passed Eugene today.

The high water put a stop to operations on the new railroad bridge at Springfield. A small portion of the false work west of the middle pier was washed out, but the east portion remained intact and the material for the pier which is now under construction will be brought from the east shore. The water is several feet over the pier.

GOVERNOR TONIGHT AT EUGENE THEATRE

Governor Geo. E. Chamberlain will speak at the Eugene theatre at 8 o'clock tonight. There will be a band in attendance to furnish music for the occasion and it is expected that the crowd will be large. The governor spoke at Cottage Grove this afternoon and will be brought here by private conveyance.

At the conclusion of Governor Chamberlain's address Mrs. G. C. Bradford, president of the National Federation of Women's Clubs, will talk on woman suffrage. The dates of the two meetings conflicted and the Democratic committee having secured the theatre, consented to the arrangement by which Mrs. Bradford will address the audience after the governor has concluded. Mrs. Bradford is said to be one of the finest orators in the country.

LOWELL AND TOOZE SPOKE LAST NIGHT

Judge Stephen A. Lowell, of Pendleton, defeated candidate for the nomination as United States senator, and Walter Lincoln Tooze, of Woodburn, defeated for the nomination as congressman, spoke to the Republicans at the courthouse last night. Considerable enthusiasm was manifested during the evening, as Lowell and Tooze are both good speakers and they made it a point to dissipate the apathy which has characterized the Republican campaign in Lane county this year.

The high school band furnished music for the occasion and Dr. D. A. Paine introduced the speakers.

How Hull's Drug Store Sells Hyomei, the Guaranteed Cure for Catarrh

Hull's drug store has an unusual offer to make to our readers, one that will be of the greatest value many.

For some years Mr. Hull has been watching the results from the use of Hyomei, a treatment for catarrh that cures by breathing medicated air, absolutely without any stomach dosing. The results have been so universally successful that he feels justified in making a public offer to treat the worst case of catarrh in Eugene with the understanding that if Hyomei does not cure the treatment will cost absolutely nothing.

The regular Hyomei outfit costs only one dollar, and consists of a leaf pocket inhaler that can be carried in the purse or vest pocket, a medicine dropper and a bottle of Hyomei. If this is not enough for a cure extra bottles of Hyomei can be obtained for 50 cents.

Hull's drug store positively guarantees a cure, if Hyomei is used in accordance with directions, or they will refund the money. m22-23
