SCALY ERUPTIONS COVERED HIS BODY

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and Is Completely Cured

BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and shortly afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days; but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, ——'s Salve, —— Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used ——'s ——, but it did no good. A few months after, having used almost everything else, I thought I would try Cuticura Ointment, having previously used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored, after fourteen years of suffering and an expenditure of at least $50 to $60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, Booklet on the Skin and Blood.

We're Out for the Dust,

and we take every speck of it from the garments entrusted to our care, and give them a thorough dry cleaning, which obviates any chance of the clothes shrinking. We do this work so thoroughly that the garments actually look as if they had been washed. Promptness in delivery is another of our strong points. Cloth a dyed to any required shade. Moderate charges.

COUNTY COURT HOLDS PAVING ORDINANCE BACK

CITY COUNCIL READY TO PASS IT AS SOON AS COURT ACTS—PAVING PETITIONS GRANTED

Proposed Cemetery Ordinance Again Referred Back to City Attorney for Amendment—Will Not Prohibit Further Burying in Odd Fellows' Cemetery.

The regular meeting of the city council was held last night. The most important matter to have been acted upon was the ordinance providing for the pavement of Seventh, Eighth, Ninth and Oak streets, but owing to the inaction of the county court on the petition to have the streets abutting upon the county grounds paved, the matter was necessarily postponed until another meeting. The petition to the court was signed by numerous taxpayers, including many farmers, but the court thought it best to take the matter under advisement and will probably act one day this week. Petitions for paving Seventh street from Olive to Oak and Ninth street from Olive to Pearl were granted but the new ordinance will include Eighth street from Olive to Pearl and Oak street, from Seventh to Ninth, if the county court acts favorably.

Cemetery Ordinance.

Another matter of importance was the proposed cemetery ordinance. It came up for third reading, but after considerable speech-making on the part of Police Judge Dorris, who is a prominent Odd Fellow, which lodge owns the cemetery to be affected by the ordinance, and several of the councilmen, the ordinance was referred back to the city attorney for amendment so that it would not prevent further burying in the cemetery.

Miscellaneous.

The members of the police force were each allowed a vacation of two weeks every twelve months with pay.

Mrs. Walter Ross was given permission to have billboards ten feet instead of eight feet, as provided by the ordinance.

A petition for a sidewalk on the south side of Tenth street between Washington and Lawrence was granted.

The city treasurer presented his report, and by motion $500 was transferred from the general fund to the sewer fund to meet obligations there.

The salary of Mr. Smith, dump tender, was increased from $5 to $10 per month.

The city attorney presented a proper title for the ballots in the notice for the election of water bonds. It was referred to the judiciary committee.

A petition asking for six new hydrants in the northwest part of town was referred to the fire and water committee.

The ordinance extending Olive street to Seventeenth street was read for the first time.

The names of R. M. Day, W. S. Moon and S. R. Williams were appointed as viewers and appraisers in the ordinance and it passed to its second and third reading and became a law.

MANY PEOPLE GOING TO McKENZIE RESORTS

C. D. Edwards, a former newspaper man, at one time occupying a city desk in the Guard office, is here from Blue River, where he has a fine ranch. He says the outing season on the McKenzie river has begun in earnest, the road leading to the springs and other resorts on the river being fairly lined with teams. Mr. Edwards says there is considerable work being done at the Blue River mines. The Treasure mill is running steadily and a large amount of development work is being done at the Great Northern and other mines. Only a few days ago the workment at the Great Northern struck a new ledge which is said to be very rich with the yellow metal. The mill will probably start up again within a few weeks.

The Charming Woman

is not necessarily one of perfect form and features. Man ya plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at W. L. De Lano, druggist. 50c.

Y. M. C. A. WILL FIND HOMES FOR STUDENTS

The Y. M. C. A. of the University of Oregon will canvass the city for boarding and robming places at the opening of the university during the last of September, and will aid new students in finding homes during the college year. The addresses of the houses which will take students will be listed in what is known as the Y. M. C. A. Directory and Handbook, and every student of the institution will be provided with a copy. In preparing for the incoming students a thorough canvass will be made so as to give new men and women as great a selection as possible. The canvass will be made between the first and fifteenth of September, and some of the Y. M. C. A. members have promised to return to college early to do the work. However, the work will be done under the direction of Registrar Tiffany.

The Smile

that won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face? If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes:

"My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Linn Drug Co.

..DENTISTRY..

It is not necessary to lose your teeth in this day and age if you give a dentist with modern methods a chance to save them.

Why extract them because they ache? Why get rid of them when they start to decay? Do you realize that the teeth are a part of the body the same as the finger, the eye or ear? They have their function to fulfill. It is indeed a very important funcition; if it is not well performed the rest of the human organism suffers. Your food half masticated throws the half done work onto the stomach to complete.

Overwork the stomach, in time you have indigestion; indigestion produces an ugly disposition. Why not then have the teeth all filled and where they have been extracted replaced by bridge work. If they are in a condition that can not be cured, have them extracted and teeth on plates made to replace them. We fill teeth by our late methods without pain. We also extract them without pain.

S. D. READ, Dentist.
