Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system.

THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of KNOWN COMPOSITION. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. *See that you get what you ask for.*

GREAT CONTEST WILL CLOSE IN JUST TEN DAYS MORE

Only ten more days elapse now until the close of the greatest popular voting contest ever held in Lane county. On February 27 at 10 p. m the ballot box will be closed and the campaign ended which will decide the nine young ladies who will represent Eugene and Lane county at the great world's fair at Seattle next summer. The candidates standing highest in the respective districts will be awarded the free trips, and the one polling the highest vote of all will have first choice of a $200 lot, or the naming of the chaperone for the excursion party. The second highest will have second choice.

As the contest narrows down to only a few days the young lady who will be voted the most popular in her district will find it to her advantage to have her name kept at the top, and while a big reserve of votes is essential if you want a look-in next week, at the same time your friends will support you more readily if your name is at the head of the list in your district and they think you a winner.

Don't be bashful. Show your friends that you deserve the support they are goving you. Then if you win they will know you deserved it. If you lose you won't say to yourself, "Oh, I could have won if I had worked just a little more."

Many a race has been lost by overconfidence—don't let this be your case. Go after the subscriptions more determined than ever. Don't let up for a single moment from now on, and when the names of the winning candidates are announced on the last night your's will be among them if you work with vim the balance of the week and next week.

The prizes are surely worth the effort, and to know you were selected as the most popular lady to represent your district at the Seattle Exposition during the coming season is in itself an honor to be proud of.

There will be nine winners, and you may as well be one of them, and you can if you will, before tonight, get your friends together, ones who promised their support on the last night of the contest, and have them give you your subscriptions. You do not necessarily have to cast the votes at once, but if you want to make them count more tha nthey w ll at any other time from now on, send in the subscriptions today.

DON'T WAIT—DO IT NOW.

Voting Districts.

Lane County is divided into districts as follows:

Eugene, three to go.

Springfield, one to go.

CONSERVATION OF NATURAL RESOURCES

Great Conference Held At National White House in Washington

Washington, Feb. 16.—The three great political divisions of North America, Canada, Mexico and the United States, were represented in the conference which met at the White House today to discuss plans for the conservation of the natural resources of this continent. The conference is the outgrowth of the two conservation conferences held in Washington during the past year, in which the governors of the states and territories were the principal conferes.

Acting on the belief that the conservation of the natural resources should not be limited by the boundary lines which separate the nations, President Roosevelt invited Canada and Mexico to join the movement. The governments of both countries readily responded to the invitation. In their letters of acceptance Sir Wilfrid Laurier, the premier, and Earl Gray, governor-general of Canada, expressed their cordial sympathy in the objects of the conference, and at once appointed delegates to attend the gathering.

The invitation was also warmly welcomed by President Diaz, who appointed the following delegates to represent Mexico at the conference: Miguel A. Quevedo, president of the commission of forestry; Carlos Sellerier, mining inspector of the commission of forestry, and Romulo Escobar, director of the Agricultural School of the City of Mexico.

The opening of the conference was ent rely without ceremony, President Roosevelt personally greeting the visitors from Canada and Mexico and briefly explaining his views in regard to the importance of the matter to be discussed. Gifford Pinchot, of the forestry bureau, and several other representatives of executive departments of the United States government, took part in the discussion.

It is expected that before it adjourns the conference will take the preliminary steps in the preparation of a general plan adapted to insure the conservation of the forests, fisheries, mineral and other natural resources of North America.

L. N. RONEY WILL BUILD TWO-STORY BRICK BLOCK AT 5TH AND WILLAMETTE

L. N. Roney, the well-known contractor, has decided to erect a two-story brick business block on his vacant lot at the southeast corner of Fifth and Willamette streets. He has already let the contract for excavating to A. C. Mathews, who will begin the work as soon as the weather will permit of it.

As Mr. Roney is now in Portland, for a few days, no information concerning the dimensions of the building or as to the prospective tenants can be had at present, but it is understood that arrangements have been made for a suitable tenant for the lower floor.

Immediately adjoining the Roney lot the Eagles intend to erect a two-story brick block for a lodge home either this year or early next year.

CONGRESS OF MOTHERS AT NEW ORLEANS

New Orleans, Feb. 17.—The 12th annual conference of the National Congress of Mothers met in New Orleans this morning for a session of three days. More than 300 delegates have arrived, and entertainment has been provided for twice that number. The general president, Mrs. Frederick Schraff, of Philadelphia, and all of the officers and members of the advisory council were on hand at the opening. The visitors were cordially greeted in addresses by Mayor Behrman and others.

Two sessions daily are to be held during the remainder of the week and a Sunday afternoon session will close the congress. "The Child in the Home, the School and the State" is the general theme around which the papers, addresses and discussions of the congress will revolve. Prominent women from all parts of the country will take part in the discussions. The program calls for illustrated lectures by Professor Graham Taylor, of Chicago, Hugo Krause, of Louisville, Lillburn Mervice, of Denver, and several others.
