SUMMER CAPITAL IN HARD STRAIGHTS

Washington, Aug. 6.—President Taft will leave Washington this afternoon for his summer capitol at Beverly, Mass., and will not return to Washington until November next.

CHICAGO WHEAT MARKET

Chicago, Aug. 6.—September, 99 7-8; December, 98; May, $1.01 1-2.

A bunch of transparent crabapples raised near Milton contained 67 full sized apples in a space of less than two feet.

Articles of incorporation for the Baker Interurban Railway Company were filed in the office of the Secretary of State yesterday. The incorporators are: Thomas B. Neuhausen, Anthony Mohr and A. K. Bentley. The capital stock is $50,000. The company proposed to build electric railways in the vicinity of Baker City.

SPAIN'S PEACE DEPENDENT UPON FUTURE POLICY

If Political Prisoners Are Severely Dealt With Revolt Is Sure

Barcelona, Aug. 6.—The peace of Spain seems to depend upon the action of the government in regard to the prisoners in custody since the disorders of last week. It is said if the government orders their execution or imposes severe sentences 30,000 men are prepared to open a guerilla warfare on the government, in which bombs and incendiarism will play an important part.

Rich Must Serve

Madrid, Aug. 6.—On account of the unfavorable criticism aroused by the system of exempting rich men from military service, upon payment of $300, King Alphonso today issued a decree abolishing the money indemnity in lieu of military service.

Salem's Y. M. C. A. is out of debt and has money in the bank. Has a $20,000 building and equipment, and ought to do a much larger work in the future. Will need a new, $50,000 building before long, says the Statesman.

FAIR AND WARMER WEATHER TOMORROW

Oregon and Washington—Fair and warmer tonight and Saturday.

Idaho—Fair tonight and Saturday except showers in southeast portion.

RAILROAD PAYS SIX MILLION DOLLARS

New York, Aug. 6.—The St. Louis & San Francisco railway today paid the $6,000,000 of notes which would have fallen due on December 1 next. The recent sales of general lien 5 per cent bonds placed the company in a position to retire the notes, instead of permitting them to run to maturity. This places the borrowing in a permanent form, instead of leaving it in the temporary shape of a short term note issue.

NEWPORT GATHERS FOR ASTOR RACE

Newport, R. I., Aug. 6.—All of the smart set at Newport gathered this morning to witness the start of the annual race for the Astor cup, the initial contest of the New York Yacht Club's cruise. Brenton's reef lightship was the starting point. The course is 38 miles in length. The King's cup race will be sailed tomorrow, starting at 10:30 o'clock in the forenoon.

Alfalfa is being grown in various parts of the Willamette Valley, and there are numerous reports that it is doing well.

PRESIDENT TAFT OUTLINES PROPOSED TRIP TO COAST DURING NEXT SEPTEMBER

Washington, Aug. 6.—The president has made public a tentative outline of his trip this fall through the West and South, which will embrace a journey approximating 13,000 miles. It will be as diverse as could be imagined, and no "seeing all America" tour could be devised to embrace as many points of interest in so brief a space of time as President Taft will give his jaunt.

The tour will start from Boston September 15, the fifty-second birthday of the president, the first stop being at Chicago September 16, thence West, stopping at various cities and arriving in Salt Lake on the afternoon of September 24, leaving two days later for Pocatello, Idaho and Butte, Mont., where the party will arrive Monday morning. After spending half a day in Butte there will be a brief excursion to Helena. Spokane will be reached early Thursday morning, and an entire day will be spent in that city. The forenoon of the 29th will be spent at North Yakima, and the party will arrive in Seattle at 8:15 that evening. They will spend two days at the exposition, leaving Seattle late in the evening of the second day, and arriving at Portland October 2d at 7 a. m. Two days will be spent in Portland, the party leaving there Sunday at 6 p. m. for a trip over the famous Shasta route and Siskiyou mountains. They will stop in Sacramento, reaching Oakland, Cal., early in the morning of October 5.

The party will spend four or five hours about Oakland before taking the ferry to San Francisco, where they will spend the afternoon and evening, and leave on the morning of the 6th for Yosemite valley, where they will spend three days.

The trip then carries the presidential party south to Los Angeles, and on to ElPaso, where they are to arrive October 16 to meet President Diaz on the International bridge.

The party will return to Washington on November 10.

GREAT STRIKE IN CHICAGO IS ALMOST CERTAIN

Unions Vote Almost Unanimously for Walkout

Chicago, Aug. 6.—The probability of one of the greatest strikes in this country becomes more threatening with the conclusion of the balloting of Chicago street car employes on that question today. Unofficial figures at the end of the balloting showed only 193 out of 8000 employes opposed to a walkout.

The official vote will be made public tomorrow.

Herely Says No Strike

Chicago, Aug. 6.—"Positively no strike." (Signed) M. B. Herely.

The foregoing statement was issued this afternoon by Expert Electrician Herely, of the traction company.

"I cannot go into details," explained Herely, "but there's going to be a compromise. There is not a possibility of a strike."

The Drain city council took action a few evenings ago in regard to the introduction of a new water system into Drain by appointing a committee consisting of ex-Mayor Spaulding and Representative Applegate to proceed at once to prepare plans by which the issue of $20,000 in bonds could be carried out in a legal way, and to consult counsel.

FRANK N. HOFFSTOT.

Frank N. Hoffstot is president of the Pressed Steel Car company of McKees Rocks, Pa., whose employes have been on strike for higher wages and better conditions of employment.

SITUATION IN SWEDEN IS NOT CHANGED

Ranks of Strikers in Capital City Are Growing Larger

Stockholm, Aug. 6.—The situation has not materially changed from that of yesterday, except that the workmen employed at the electric light plant have joined the strikers and the service is being maintained by officials in the lighting department. Owing to the strikers preventing farmers from bringing in supplies, troops have been detailed to patrol the country roads.

HILL NOT FIGHTING IN THE DESCHUTES

Official Statement Denying Empire Builder is Canoeing Around Valley

Seattle, Aug. 6.—L. C. Gilman, assistant to President Louis W. Hill, of the Great Northern, today gave an emphatic denial to the widely circulated report that Hill is backing the Porter Brothers in the spectacular struggle for the canyon rights in the Deschutes valley in Central Oregon.

SPANISH TROOP ARE AT BEVERLY

Oran, Aug. 6.—Official information has been received here that the Riffs have cut off a large portion of the Spanish water supply at Melilla, and the town is threatened with a water famine and epidemic.

DARE DEVIL DRIVERS IN AUTO RACES

Buffalo, Aug. 6.—Dare devil drivers of this country and Europe among them Barney Oldfield, Louis Chevrect, Louis Strang, E. C. Crocker and Bobby Burman, will take part in the great automobile race meeting today and tomorrow at the Fort Erie track. Chevrolet, the great European motorist, who won the Sobe trophy at Chicago, and recently smashed the fifty-mile record at Grand Rapids, will attempt to make another record at the meet. Ten events are on the program for today and an equal number is carded for tomorrow.

The Cudahy boy, that was kidnapped by Pat Crowe a few years ago, has been kidnapped again. He is to get married.

Scio has a "Sons of Rest" society. Many would like to join an organization like that in most any town.

REPORT OF SALE OF THE P. E. & E. R. R.

Rumor Says Oregon Electric Has Bought Local System, But Manager Says No

There was a rumor on the streets today that the Oregon Electric Railway Co. had bought the local street railway system from the Portland, Eugene & Eastern Railway Co., and would soon extend the Salem-Portland line to Eugene and operate the local system in connection with the trunk line. The report came from one who has always been in close touch with the P. E. & E., but Manager J. L. Lambrith, when seen by a Guard reporter this afternoon, said he had never heard of such a deal nor had he even heard the report on the streets.

"No, I think there is nothing in it," said Mr. Lambrith. "If there was I would be the first here to be apprised of the sale. The Oregon Electric, I think, would like to buy us out, as they covet this territory and would like to occupy it alone, but we are going ahead with our plans for extension despite all opposition. In regard to the bridge across the Willamette at Springfield, I will say that it will be built soon, but how soon I do not know. I know the people are becoming impatient but our promise to build the bridge will be fulfilled in due time."

NAME OF DEAD CALUMNATED

Nauseous Stories Are Told About Career of Stanford White

White Plains, Aug. 5.—More of those stories that have stained the memory of Stanford White were told at the Thaw hearing today. They were first told by witnesses called in Thaw's behalf, and then by Thaw himself, who testified, hoping to show that things he knew about White were not "delusions" and that this phase of the state's attack upon his sanity is unfounded.

Thaw may be called again tomorrow. Attorneys will sum up on Saturday and Justice Mills hopes to render a decision next week. David N. Carvalho, handwriting expert, testifying for Thaw, told of episodes connecting White with two young women, it is alleged he tried to ruin.

One was May McKenzie, actress, and the other was "Sue Parker." When Thaw took the stand the district attorney was apparently willing to let him tell all he knew with the hope apparently that his palpable eagerness on this theme would show "Justice Mills that he was insane on the subject," and Thaw was eager to tell.

Thaw told of the alleged experience of a girl whom he said White tried to ruin when she was but 16. He said White lured her to his room on Twenty-fourth street, but the girl escaped through a lucky chance and later obtained a large sum of money from White on the threat of a suit.

After that Thaw said White had the girl boycotted and for several years she could not play an engagement in New York. "This woman now," continued Thaw, "is one of the foremost actresses on the American stage."

Thaw gave the location of the places he said White maintained for immoral purposes. Aged Mrs. Thaw's presence on the stand in her son's behalf was pathetic. Her feelings overcame her but despite this she insisted on going on. Other witnesses included two former teachers and a school friend of Thaw's, who declared he seemed perfectly normal when they knew him.

HARRY K. THAW.

The man who shot Stanford White is seldom seen nowadays without his spectacles. It is reported that he strained his eyes studying works on insanity.
