SPEAKER CANNON OVERCOME BY HEAT

Suffers Collapse While Speaking in Kansas Town

Winfield, Kan., July 15.—In the middle of an address he was making before the Winfield Chautauqua here this afternoon Speaker Joseph G. Cannon of the house of representatives, suddenly suffered a temporary collapse and was compelled to stop speaking.

The speaker had been speaking for an hour and a half under a broiling sun, with the temperature at 105 degrees, and had just taken up the Payne tariff bill when he grew suddenly pale and his head sank to his chest. He reached back and took the ice from a pitcher and placed it on his head.

Finally he was able to say: "Excuse me, I am overcome," and tottered to a chair.

Heat Is Too Much.

Within a few seconds he had recovered sufficiently to arise and apologize briefly to the audience.

"I cannot talk longer," he almost gasped. "There are many things I should like to have said, but I cannot. I am overcome with the heat."

Friends rushed forward to him and an electric fan was turned on the speaker. Water and ice were procured and the platform was cleared of the curious. The audience remained intensely quiet. Finally "Uncle Joe" arose with a friend on either side of him and said:

"I am sorry I can't continue, but I have been through three years of hard work and worry, and this intense heat has been more than I can stand. I am better now. It is nothing serious. I thank you." He sank back.

Speaker Himself in Hour.

Within a few minutes he was driven in an automobile to the home of J. T. Rafferty, whose guest he is. An hour later Speaker Cannon had so recovered that he was greeting several gentlemen who had called to see him and seemed to be himself again.

Accompanied by Congressman Phillip Campbell and declaring he was "not a bit sick," Speaker Cannon left here today for Arkansas City, where Campbell was scheduled to spend the night. The speaker had recovered from his collapse and insisted upon making the trip.

HEAT CONTINUES FIERCE RAVAGES IN NEW YORK

New York, July 16.—The hot weather continues to take its toll of death in this city. Seven persons were reported to have died within the 24 hours ending at 8 o'clock tonight, while the prostrations exceeded forty. Hospitals were crowded with sufferers from the heat or from ailments due to the heat, and the report of the bureau of vital statistics told of a record-breaking mortality among very young children. It exceeded the same period of last year by nearly 200.

New York city suffered its twenty-seventh day without a cooling rain today. There had been spurts of rain in distant parts of the city during this time, but not one earth-cooling shower.

The weather bureau could not promise any relief until some time Monday, although it said there might be thunder showers Sunday. But Monday a slightly cooler area which formed a week ago in the Rocky mountain regions, it was thought, would arrive and send down the temperature, while reducing the humidity.

YOUNG MAN SUICIDES ON WEDDING EVE

Fresno, Cal., July 16.—Leaving a stag dinner at midnight last night, on the eve of his wedding, Edward T. Elter, a young merchant of Reedley, walked to his store in company with three friends, and going to the back of the establishment sent a bullet crashing through his brain.

Elter was to have been married to Miss Mary Errett of Dinuba, daughter of Dr. T. H. Errett, and her uncle, Rev. Davis E. Errett, pastor of the Christian church of Salem, Or., had arrived to perform the ceremony.

Elter had been morose for a couple of weeks, and to queries of his friends had replied that he was not feeling well. At the dinner, however, he seemed to be in excellent spirits. He left no explanation of his suicide.

ANNUAL SHOE SALE

Crowds are visiting our busy shoe department, where the great annual shoe sale is in progress. Last year this sale created a great stir among the shrewd money-saving buyers. This year we feel warranted in expecting even a larger crowd of buyers, as the values are greater and the assortment more extensive. More people bought shoes of us this year than last, and we hope to see a still larger increase the coming year. But come to our annual mammoth shoe sale—that's the burden of our song today.

NEWS OF LOWER SIUSLAW COUNTRY

Misses Grace and Rubina Shultz came in from Eugene last Thursday for a visit with relatives on Maple creek.

It is reported that Starrett & Hovey, who own large tracts of timber on the Suislaw, are getting ready to begin the erection of a large sawmill in Glenada.

Ex-Sheriff Fred Fisk and wife came in from Eugene a week ago to spend a couple of months at Glenada. They are occupying Frank Fox's residence.

Mrs. Frank Smith of the Fair store in Eugene arrived here Saturday, accompanied by her sister. They are spending the week in Florence looking after business.

The house boat owned by C. Nadeau, which has been lying at the river bank in front of the blacksmith shop for several months, was taken across the river yesterday morning and moored just above Colter's wharf. Report says it has been sold to Marshall Wagner.

C. O. Behnke, who sold out his blacksmith shop in Florence a few months ago, has formed a partnership with James Morris and will resume work at his trade.

The new firm is putting up a building for a shop on Front street about a block west of the postoffice, and will be ready for business before long.

There has been some changes among the stockholders in the Lane County State & Savings bank. J. C. Gray has disposed of his interest to Capt. John Bergman and others. The principal stockholders now are Fred Hollister, John Bergman and J. W. Bergman.

The infant daughter of Mr. and Mrs. O. C. Eichler of Minerva died on Sunday, July 10, 1910. Funeral services were held Monday by Rev. L. H. Wood and the burial took place at the Haring cemetery on North Fork.

Bruce David has taken a contract to furnish piling for the jetty work. He has established a logging camp on South Slough, where he has a crew of men cutting timber for piling on E. H. Anderson's ranch. The timber stands close to tidewater, where it can easily be pulled into the water with a donkey engine.

Martin Noffsinger was in town Tuesday with his new launch, "Siuslaw." The boat is a nice one, about 38 feet long, 9 ft. 4 in. beam, and equipped with a 16-horsepower Corson engine. It has a high cabin and is fitted for carrying passengers and freight. Mr. Noffsinger has the contract for carrying the mail between Florence and Mapleton, and built the launch especially for that work and for freight and passenger trade in connection.—Florence West.
