EADERS IN "Y" CANVASS FOR MEMBERS NAMED

nual Campaign to Start Tuesday, October 23

GHT TEAMS TO COMPETE

Roundup Workers Will Gather Monday to Complete Final Details

Team captains and assistants who will have charge of the annual membership campaign of the Eugene Y. M. C. A. were elected at a meeting of the membership committee of the association last night at the Osburn hotel. Eight teams will conduct the canvass campaign which will start Tuesday, October 23, and close Friday, October 26. The team workers will meet each day at noon during the campaign to check up and report the progress made. The campaign will close with a dinner Friday evening, the last day of the canvass. The noon meetings will be held at the "Y" building.

A meeting of the team captains and assistants will be held at the association building next Monday evening to formulate plans for the campaign. Each team will be composed of five men including the captain and one assistant for each team. The team workers will be selected by the captains and the complete list will be ready Monday, according to Frank Eberhart, secretary of the association.

Captains Are Named

The following are the captains and assistants named last night: O. A. Hougfum and E. L. Keeney, O. L. Stein and George E. Love, George L. Hurley and Ralph Kletzing, H. A. Sonita and L. D. Pierce, C. P. Doveneaux and N. C. Nelson, Marion Veatch and A. R. Tiffany.

F. C. Heffron has been named captain and the assistant leader will be selected later. Another captain is yet to be named who will be assisted by David Johns, according to Mr. Eberhart.

Much enthusiasm marked the meeting of the association committee and officials and expectations are that the membership of the "Y" will show a big increase after the three-day canvass. No goal has yet been set as to the number of new members to be obtained until the final details of the annual roundup are completed, is the announcement.

FARM CASE IS ON TRIAL

MRS. WILLS SEEKS JUDGMENT FROM PERINI AND GROAT

The trial of the case of Lulu Wills against Bonnie Perini and L. P. Groat in which the plaintiff seeks a judgment in the sum of $420 alleged due on hay and cattle purchased from her was begun in circuit court late yesterday afternoon. The defendants admit the purchase of the hay and cattle but claim that there is money due them that partially offsets the amount.

The jury in the case of the Western Tie and Lumber company against the Eugene Auto Wrecking company yesterday afternoon returned a verdict in favor of the plaintiff for $425. The jury in this case consited of Sam Sorensen, Martin Foster, James H. Brummette, Mary Burcham, J. W. Stapleton, George H. Cloter, L. Passage, M. A. Horn, Charles E. Hewitt, H. H. Feister, R. L. Perdew and C. C. Whitten.

HOW NEW YORK NEWSPAPERS PUBLISHED DURING STRIKE

New York Newspapers during strike.

When the web pressmen of New York declared what their own international president, George L. Berry, alleged was an "illegal strike" they effectually closed down the regular publication of New York newspapers. With what few pressmen they could obtain, the New York newspapers combined and issued one eight-page paper, with the vignettes of all in the corner of the issue.

BLOODY DEVELOPMENTS LOOM IN MEXICAN STATE

CEDILLO BROTHERS FOMENT SERIOUS UPRISING

Factional Hordes Marching on State Capital to Support Aurelio Manrique for Governorship

MEXICO CITY, Mexico, Oct. 17.—Bloody developments are feared in the state of San Luis Potosi in view of an uprising by the Cedillo brothers, who are said to be marching on the state capital to support Aurelio Manrique for the governorship.

Jorge Prieto Laurens, president of the federal congress and head of the rival faction in the state, has telegraphed Secretary of War Serrano, confirming news of the uprising by the two men whose activities in past years have caused trouble for several governments. The brothers, according to Laurens' message, are deposing the municipal authorities of several towns and are destroying telephone and telegraph lines as they march against San Luis Potosi.

Seizure to Be Opposed

The federal government has instructed General Luis Gutierrez, commander of the federal forces, not to interfere with the Pacific entry of the Cedillistas into the city. However, Prieto Laurens is said to be in readiness to oppose seizure of the government palace by the brothers.

The federal government has not yet recognized the claims of either Prieto Laurens or Manrique for the governorship, deciding not to mix in the controversy. It considers the Cedillo uprising as purely a local question.

(Continued from Page One)

finances until they were reorganized.

While the commission was engaged in its deliberations the German charge d'affaires, called on Premier Poincare, but the visit, which had been announced in advance and which had aroused great curiosity, failed to produce the promised results.

It is learned on good authority that the communication he made to M. Poincare was of a purely negative character and that no progress whatever was made toward a settlement between the allies and Germany of the difficulty of reviving industrial activity in the Ruhr.

(By The Associated Press)

DUESSELDORF, Oct. 17.—Hugo Stinnes is again here in the Ruhr and it is understood that he is to engage in further parleys with the French authorities, but as was the case during the last visit of the German industrial leader, his movements are being kept strictly secret.

It is considered probable that Herr Stinnes is conferring with his own associates, preparing propositions to be submitted to General Degoutte.

OIL SHARPERS REBUKED

SEVENTEEN CONVICTIONS SECURED IN TEXAS CASES

(By The Associated Press)

FORT WORTH, Texas, Oct. 17. Since the inception a year ago of United States Attorney Henry Zweifel's campaign on mail frauds in connection with oil operations in this district, federal indictments have been returned in 29 cases, involving nearly 150 persons. Final disposition has been made of six of these cases. Seventeen convictions have been secured, with eight prison terms, aggregating 27 years, and fines assessed totaling $113,502.

Seven of the 22 men indicted with Dr. F. A. Cook, Arctic explorer, whose case is now on trial, have entered pleas of guilty, but sentence has not been imposed.

GOVERNORS IN CONCLAVE

OPENING SESSION DELAYED BY RAIN-SOAKED ROADS

(By The Associated Press)

WEST BADEN, Ind., Oct. 17.—Their opening session delayed until 9 o'clock tonight by slow travel over rain-soaked roads through the hills of southern Indiana, governors from all sections of the United States tonight began their fifteenth annual conference of state and national problems, preparatory for a meeting in Washington Saturday with President Coolidge.

Governor and Mrs. J. M. Dixon of Montana and Governor and Mrs. Charles Mabey of Utah, whose automobiles left the road and turned over in a ditch 12 miles north of Bedford, Ind., this afternoon were resting in their hotel quarters tonight uninjured by their mishap.

Today's program which included an address of welcome by Governor Warren T. McCray of Indiana, a response in behalf of the visiting executives by Governor W. H. McMaster of South Dakota, an address on tax problems by Governor E. F. Morgan of West Virginia and one by Governor Mabey of Utah on problems of land grant states, was put forward to the night session.

COVELL DUO ENTER NOT GUILTY PLEAS

(Continued from Page One)

by May will be presented at the trial, the detective asserted tonight. Most of the alleged schemes to kill more than a score of prominent Bandon residents have been deciphered and arranged chronologically, May added.

With the adding of the names today by Detective May of Mr. and Mrs. John R. Dickey to the alleged list of slayings, Arthur Covell was thought to have planned, the total of twenty-nine adults and seven children.

Planned Gay Life at Hollywood

In the rosy revelations of the horoscopes, according to May, were details of a life of ease at Hollywood, surrounded by celebrities of filmdom. Finances, related May, were maintained from Bandon.

May's disclosures included a juvenile band numbering four to execute "orders" received by Covell from the stars and transmitted in a triple code of his own devising. May said that horoscopes and other papers from Bandon to which he has been giving his study for days indicated that Covell had gained the complete confidence of these children. Included in their number were Alton Covell, 15, nephew of Arthur, who has confessed that he placed an ammonia-soaked rag that caused the death of his stepmother, Mrs. Ebba Covell; Lucille Covell, 13, who according to reports from Oregon, has admitted that she knew a month before its occurrence that Mrs. Covell's death was planned, and Berlin Brumett, 12, of Bandon. Today's gleanings among the horoscopes added the name of Byron Enoch, 18, stepson of Dr. Fred Covell, husband of the dead woman, by a former marriage, May reported.

Arch-Plotter of Sound Mind

May declared that the minuteness of the horoscopes and the consistency of their details had convinced him that Covell, a cripple, 46 years old, was of sound mind.

Enoch, according to May, figured in the horoscopes as under designation to kill Roy B. Corson, former cashier of the First National bank of Bandon.

According to May a letter received by Mrs. Ottillie K. Kronenberg, Bandon, who manifested confidence in the innocence of Fred Covell when he was under suspicion of causing his wife's death and signed "K. K. K.", was sent by Arthur Covell, and read:

"You are going to have a rope put around your neck and you are going to be hanged to the nearest tree if you ever speak of the Covell case again."

May said that this letter was dated September 6 and mailed September 9.

Card of Thanks

We wish to express our most sincere thanks to the friends of Irving and community and in Eugene for their sympathy and help in the sickness, death and burial of Mother O. S. Preston, and for the lovely flowers they laid upon the casket.

ARMY PLANES TO COME

EIGHT SHIPS EXPECTED TO BE HERE TODAY

Major H. H. Arnold in Command Sends Orders for Gas and Oil for Local Field

Eight DeHaviland army planes from Rockwell field at San Diego are scheduled to arrive at the Eugene municipal aviation field this afternoon about 2 o'clock, acording to word received from Major H. H. Arnold, who will be in command of the fleet. Orders for gas and oil for the planes have been received here by the Standard Oil company. This will be the largest number of planes to be at the local field at one time since the close of the aerial forest patrol here two years ago.

Eight officers of the air service will pilot the eight ships but it is not known how many enlisted men will accompany the flyers. The officers are here to make preparations for the proposed border to border plane flight starting from Blaine, Wash., and ending at the Mexican border below San Diego. No date has yet been set for the start of the test flight. The Eugene field will be used as the base for the first refueling. The gas tanks will be filled while the planes are in flight over this city. The army flyers are expected to be in Eugene for about three days on the present trip in preparation for the flight.

ALL TRAILS ARE MARKED

BOARDS PLACED EVERY MILE IN FOREST

Trail markers are being prepared by the forest service here for the Olallie trail, extending from McKenzie Bridge to Horsepasture mountain, Box Canyon and other points in the Cascade forest, according to Nelson F. Macduff, supervisor of the forest.

Two hundred miles of trails in this forest are now marked with guide-boards every mile, and all creeks, camp grounds and points of scenic interest are similarly marked, said the supervisor, and it is planned to mark every trail in the forest in like manner. When this work is completed it will be almost impossible for a "tenderfoot" to become lost in this forest unless he wanders off the trail, said the supervisor.

Supervisor Macduff said yesterday that incidentally these boards are not erected for the purpose of inscribing people's names on nor for the purpose of shooting them full of holes.

I. O. O. F. TO CELEBRATE

SPRINGFIELD OBSERVES ANNIVERSARY OF FOUNDING

In celebration of the forty-second anniversary of the founding of the Springfield lodge of the Odd Fellows a meeting will be held at the Springfield hall Wednesday evening, October 24, and plans are being made for a large delegation of the members of Spencer Butte lodge of this city to attend the event as the guests of the Springfield members of the I. O. O. F. Arrangements are being made to take the local Odd Fellows' band to the affair to provide entertainment during the evening.

A program of entertainment for the visiting I. O. O. F. members is under way by the Springfield officials, is the word sent to the local Odd Fellows.

BILLBOARD IS OPPOSED

RESIDENTS WILL MAKE PROTEST TO CITY COUNCIL

Protests from residents of the vicinity of Thirteenth avenue east and Agate street against the erection of a high billboard on property on that corner will be presented at the next meeting of the city council Monday evening, according to word sent to members of the council yesterday.

The new billboard, which was erected last week is on the F. A. Rankin property on the southeast corner of the street intersection and it is said by those who have initiated the protest to the city officials that the board obstructs the view and also that it is considered a detriment to the residence section.

SMITH IS IN HOSPITAL

MISSING WEST SPRINGFIELD MAN IS ILL

The mystery is solved. George R. Smith, aged bachelor of West Springfield, who suddenly left his home about the first of October, is ill at the Eugene hospital. H. A. Schwering, local barber, when he read the story in yesterday morning's Register, of Smith's disappearance, remembered that this was the name of the man whom he had been shaving regularly at the hospital during the past two weeks. He told Sheriff Stickels and it proved to be the man who had created considerable excitement.

Smith took suddenly ill October 1 and after two days said he hurried to the Eugene hospital without having a chance to tell his neighbors or straighten up his house before he left, as he usually did.

Smith's illness is not considered serious and he said he expected to return home in a few days.

CHURCH UNION ELECTS

DR. STIVERS TO HEAD MINISTERS' ORGANIZATION

Officers for the coming year and a discussion of plans of the Ministerial union were the chief matters taken up at a meeting of the organization held yesterday. The new officers are Dr. E. V. Stivers, pastor of the First Christian church, president, and Rev. W. H. L. Marshall, pastor of the Congregational church, secretary. The president during the past year was Dr. J. M. Walters.

The ministers also discussed the holding of special services next Sunday evening in opposition to the proposal to change the Sunday closing laws of Eugene. The services will be held at the Christian, Baptist, Congregational, Methodist and Presbyterian churches, and at the Bible Standard Mission.

Don't Let a Low Price Keep You From Using The Best

We do not have to pay long-haul transportation and high merchandising costs to make Zerolene available. All that you spend for Zerolene goes to buy high quality only.

Zerolene forms less carbon than any other motor oil known to us. As a result, the Zerolene-lubricated car may be driven from 25% to 50% farther without having the valves ground or the cylinders rebored.

Because Zerolene gives better lubrication continuously, it reduces wear to a minimum and permits the delivery of more engine power to the wheels on the ground, giving you more mileage from your gasoline.

Insist on Zerolene—even if it does cost less.

STANDARD OIL COMPANY (California)

30% less CARBON

5% more gasoline mileage

The Standard Oil ZEROLENE For Motor Cars
