DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE

PORTLAND, Ore., Oct. 26.—Fighting brands and shaded prices will be fought by leading creamery interests here with like action. Determination not to allow the other fellow to grab the business by secret price rebates, and otherwise, has been reached. All secret prices will be met wherever found, according to one of the leading creamery interests here. No matter what the cut, the price will be met.

This throws down the gauntlet to those who have been grabbing the regular customers of other creameries. It means a fight to the finish, because it means a loss not only of all profit in the manufacture of butter here at this time, but it means actual sales below cost.

EGG TRADING HELD UNCHANGED

No change in the market for eggs was shown Friday in the local territory. Both buying and selling figures were stationary. Storage stock is moving freely at former quotations.

POOR TURKEYS ARE LOWERED

Because of the poor quality and dressing of turkeys, sales are being made down to 25c a pound for offgrade stock here. Fancy birds are generally in demand and scarce at 40c, with No. 2 at 36c pound.

CHICKENS ARE QUOTED HIGHER

Demand for chickens is firmer and higher prices are again being quoted along the street. Sales in general are a full cent a pound higher than last week. Receipts continue below current needs. Pekin ducks in demand. Most sales 20c, few selections as high as 22c.

POTATOES AND ONIONS LOWER

Both potatoes and onions are slow sale here, being affected by the offerings of inferior stock from other sections at lower prices. Yakima is asking 60c, 80c and $1.10 cental there for its three grades of Gems. Consignments are being made and lower prices have therefore resulted.

TRADE BUSY FOR APPLE DAY

Huge quantities of apples are being brought here because of the expected big demand during Apple day and week, which starts next Wednesday. Prices continue at the low mark, the bulk of the business being at $1.00@$1.10, with a few as high as $1.25 box.

SUGAR IS CUT 30 CENTS HERE

Cut of 30c per hundred pounds is announced effective at once on all grades of refined sugar. The lower price was named by Pacific Slope refiners and was immediately listed by local wholesalers. The new list on cane granulated is $9.70 per hundred pounds.

RAPID TURNOVER!
A rapid turnover means quite a bit, not only to us, but to the consumers, because when there is a rapid turnover it insures a constant supply of FRESH meat, and it means the meat has to be of good quality or it won't sell. That is your protection.

TO EXPECTANT MOTHERS
A Letter from Mrs. Ward Tells How Lydia E. Pinkham's Vegetable Compound Helped Her
Springfield, Ohio.—"Lydia E. Pinkham's Vegetable Compound proved a splendid medicine for me before my fourth child was born. With the first three I had been sick and weak, and had sick headaches twice a week. I couldn't keep enough food down to do me any good, and my work was left undone many a time. My sister-in-law told me to take the Vegetable Compound when I began to have the same old dreadful sickness and headaches and was so worn out. Since then I have only had two headaches, had a good appetite and scarcely lost a meal. I have a fine, healthy baby girl who has never had a sick day. The nicest part is that I am healthy, too. It did me a lot of good, and if I should ever have another baby I will take your medicine at once."—Mrs. BESSIE WARD, 1027 Park Avenue, Springfield, Ohio.
Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system.
