

CHANCE OF A LIFETIME TO BUY YOUR Ready-to-wear Garments

Here Is a Case of at Once If Ever There Was One!

\$20 and \$25
Sample Coats for Only
\$10.29

This beautiful \$25 sample coat and several others, including the popular Monte Carlo. Made of finest quality Kersey and lined with best satin throughout. Only a few of them and no two alike, so come early Monday and get a real \$20 to \$25 sample coat and pay only \$10.29.

Right at the beginning of the season when everyone is on the lookout for these lines in view for Winter comfort. Every garment is reduced. The unexpected generally happens. Our busy suit room up-stairs told us plainly that we would need double our last year's stock. This we bought, and most all of it is here and unpacked, and besides all this, our New York buyer has bought \$4000 worth of fine sample Coats, Capes, Furs, Skirts, Waists, Petticoats, Misses' and Children's Coats, etc., at 40 to 50 per cent saving. This is all your gain. So the busy store is facing a problem that must be solved quickly.

\$4000 Worth of Seasonable Goods Too Much

We have decided to lose profits now when the people are needing these goods instead of later, and a careful reading of the underprices will show our customers the way to prepare for Winter at less price than ever before. A regular January Clearing sale in the best business month of the year. Every garment will be greatly reduced. Present sacrifice for future gains and prestige. All our goods are marked in plain figures and we simply take off from the already lowest prices 40 to 50 per cent. It's a clear case of money in your pocket.

DON'T DELAY! DON'T HESITATE! BUT ACT AT ONCE!
