LERDO'S Mexican orchestra offers a musical treat that comes but once in a life time. This famous official orchestra of Mexico City comes on a "good will" tour in return for Colonel Lindbergh's visit to the southern republic. Eugene is fortunate, indeed, to be one of the few cities in the United States to be listed on their itinerary. Their musical offerings are an enchanting mystifying offering of a foreign land—even many of the instruments used are novel innovations.

LERDO'S famous orchestra will appear in their native costumes, playing their romantic music of beauty and mystery. Beautiful harmony . . . Soothing Rhythm . . . Guiro . . . Bateria . . . Bandolon . . . Teponzali . . . Musical instruments you have never seen before! Music you've never heard before! Blending to thrill you as you have never been thrilled before! Their national tunes, popular airs and the classic—all handled in a most pleasing mystifying manner.
