The Maupin Times

Published every Friday at Maupin, Oregon

J. E. DISBROW, Publisher

Subscription: One year, $1.50; six months, 75 cents; three months, 50

Entered in the postoffice at Maupin, Oregon, as second class matter.

In response to requests from several sources, The Times will try to reach the postoffice a little earlier on Friday than formerly, thus making it possible to reach all subcribers within the county on Saturday.

The Times management is justly proud of the columns of newsy correspondence, sent in this week by our co-operative news rustlers.

Mr. and Mrs. McCabe were out from their Tygh home, Friday until Sunday morning, Mrs. McCabe visiting her mother and sister, and while here Andy could not forget his finned friends and visited the Deschutes, catching a few nice trout, one measuring 16 inches.

The Dufur High school held their graduating exercises last night. Belvie Patison, a popular young man of Wamic and a graduate this year, delivered the first number on the program, an address, The Victories of Peace.

Mr. Fred Covey, a graduate to be of The Dalles High school next month and a former teacher near Wapinitia, has been employed as manager of The Hunt's Ferry Warehouse Co, for the next two years.

Geo. Magill of Wamic has a sheath of this year's rye cut and standing in the house, some of which measures over six feet in highth.

Friday of last week should have been the beginning of the quarterly service, but owing to the tired condition of Elder Coffee and the inclement weather there was no preaching that night, but on Saturday night and Sunday morning and night he gave his audience three fine sermons in his practical manner. Rev. G. R. Ellis, the new minister for this place, was with the elder and led the singing. He will preach his first sermon of the conference year next Sunday night.

Mr. and Mrs. C. M. Grimes of The Dalles drove out in their Buick car by way of Dufur and Tygh Valley. Mr. Grimes had not traveled that road for forty five years, and the changes that have been made in that time are wonderful, from a sage brush arid land to prosperous farms and commodious homes. They stopped at Tygh and renewed old acquaintances and while at Maupin visited with Mr. Johnson.

J. Richard Marvin and his father, J. L. Marvin, of the Marvin Hardware company of Amity, Oregon, arrived at the Hotel Moad Monday evening. The latter gentleman is troubled with asthma and has been at Weston, Oregon, in hopes of finding a climate better for him. Since arriving in Maupin, he is feeling much improved.

The annual Farmer's Union picnic will be held at Friend, June 3rd, with a big free basket dinner and a dance at Kingsley hall in the evening. The Maupin and Dufur ball teams were asked to be present for a game, but as it would not be possible for a of number the local boys to be present, the invitation was declined.

Mrs. J. H. Eubanks and sons, Floyd and Vivian, of Wamic were guests at the C. H. Crofoot home Tuesday night.

The Ideal Home

Every man has his ideal of what he would like to have in his home—the sort of home that he can build for the money that he has to spend. You have your ideal even if you cannot draw it out on paper.

To assist home builders and place the latest ideas within the reach of everyone, our Lumbermen's Association, through its regular department, has prepared and published at an expense of some twelve thousand dollars a most beautiful and complete Plan Book of Modern Homes—step-savers, they are termed, cozy, convenient and economical.

We have these plan books containing over 200 designs of Northwest homes. Drop into our office or write us a card and we will see that you get a copy of these books from which to choose your IDEAL HOME.

Through our Engineering Dept. we can make any practical changes in these plans for you. We will furnish complete plans and specifications FREE.

The special "Tum-A-Lum" Plan book contains many suggestions for that new barn, hogshed, silos, schools, churches, etc.

G. R. ELLIS, Pastor.

The Times, $1.50 a year.

Can You Do It?

TEST TYPE.

Defects of eyesight requiring correction by the use of spectacles are easily ascertained and can be so corrected by the proper adjustment of properly made lenses that their effects will be entirely obviated. This print should be read easily at fifteen inches from the eye. If you cannot do so you should wear spectacles. It does not pay to be long suffering. They impair the eyes of light, distract the energies of vision, cause pain and discomfort and injure the eyesight. When it is necessary to hold work or reading matter farther than fifteen inches inches from the eyes in order to see clearly it is a sure sign of failing vision, and such symptoms, discomfort and pain will be prevented by having a pair of glasses fitted.

CLYDE OLIVER PROP.

Ford

Fischer's Garage 'On the Deschutes'

Economy, simplicity and efficiency makes the Ford a universal utility. A utility because it serves every body—doctor, farmer, salesman and banker. In every business, or as a pleasure car, the Ford proves reliable and economical. Low first cost—$60 less than last year, and the plan of sharing profits with the buyers—and low upkeep expense, are reasons why it pays to own a Ford. They serve and save.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915.

Runabout $440; Touring Car $490; Town Car $690; Coupelet $750; Sedan $975, f. o. b. Detroit with all equipment.

On display and sale at E. J. FISCHER'S GARAG
