Christmas Mail

Postmasters should impress upon their patrons the necessity of cooperating with the postal service to the fullest possible extent in preparing and mailing their Christmas parcels and in this connections should emphasize that the careful observance of the following simple conditions by mailers is of the utmost importance in accomplishing the end desired:

Prepay postage fully on all parcels.

Address parcels fully and plainly

Place name and address of sender on all matter.

Pack articles carefully and wrap them securely, but do not seal them, as sealed parcels are subject to postage at the letter rate.

Mail parcels early; they may be marked "Do not open until Christmas."

Insure valuable parcels.

Written inscriptions such as "Merry Chritmas," "Happy New Year," "With Best Wishes," and numbers, names or letters for purpose of description, are permissible additions to fourth-class (parcel post) mail. Books may bear simple dedicatory inscription not of a personal nature. Other written additions subject parcels to letter postage. Communications prepaid at first-class rate may be sent with parcels prepaid at fourth-class rate, provided they are placed in envelopes securely attached to outside of parcels.

The local stores are making attractive decoratins in honor of the festal occasion drawing near.

New Buildings

Wapinitia Irrigation Company has employed a crew to construct a house, garage and barn at Pine Grove the new town site, near the McCubbins gulch. Raymond Bennett, foreman for the company, has established a crew camp on the Mrs. George Ward farm along the canal to be nearer the work. It is reported by the company's general superintendent that the Mc Cubbin's gulch course is now cleaned out ready for the water. W. B. Keene had turned out the water to do necessary repairs at head gate and diversion dam. Since that time the severe cold in the high altitude had frozen the canal with three layers of ice, which are thawing slowly so the water may be released yet this fall.
