In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's cough remedy. It is effective and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. Mr. H A Humphreys, a well know resideut & clerk in the store of E Lock, of Alice at Cape Colony, South Africa, says: "I have used Chamberlain's cough remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommed it." For sale at the Estacada drug store.

The little fisticuff that occured in Estacada last Thursday between two of our townsmen will be passed up for the present.

The State Board of Horticulture will plant an equal number each of Gravensteins, Spitzenbergs, Baldwins and Wagner apple trees on the three experimental farms starting in Clackamas county.

The Sellwood election fraud cases have been dismissed, which action followed the acquittal of Ben. F. Boynton. It is said the Reed case will be included with the rest of the cases and end where it is.

Estacada merchants enjoyed a splendid holiday business, and the people seemed to have plenty money to spend in an effort to make each other happy. The only family in difficult circumstances in the neighborhood was provided with a generous collection, Dr. Smith taking the initiative in this worthy act.

According to figures obtained by officials of Clackamas county the state tax for this county will be between $40,000 and $50,000 next year, or more than double the tax of last year. This is not true of Clackamas county alone, but is general all over the state and is due to the referendum that held up the bill appropriating money for the state nomal schools. It is said that the interest will amount to about $75,000.—Oregon Journal.

In his, "Our Dumb Animals, G. T. Angel says: When Napoleon was ured by some of his officers to conquer certain provinces of China and hold them as the British held India, he replied: "We might conquer a few of their provinces but we should teach them the art of war, and perhaps the time might come when with great armies and navies they might conquer France'' We see there is a strong movement on foot in Calfornia to shut out the Japanese as we have shut out the Chinese. China is now building a great navy and raising a great army it is said of a million men just as good fighters as Americans or Europeans, and Japan is already a big military and naval power. A combination of China and Japan might require very strong fortifications all along our Pacific Coast and an enormous and very costly navy. Our impression is, that saying nothing about trade relations with China and Japan, we had better use every means to maintain with them the utmost friendship, and we had better sell at the earliest moment to whichever one of them will pay the most, all our right, title and interest in the Philippine Islands, unless indeed[which might be much better] we can present these islsnds to the Filipinos themselves with our kindest wishes.

SPRINGWATER NEWS

Folsom-Hubbard

At the residence of the bride's parents, Mr. and Mrs. C. M. Folsom, at Springwater at noon Christmas day, there was a very pretty wedding ceremony performed by Rev. C. T. McPherson of Estacada. The parties made happy by the event were Mr. Edward Leroy Hubbard of Dayton, Washington and Miss Helen Lacey Folsom who has been living with her aunt Mrs. J. E Edmiston at Dayton for the last six years. The bride was beautifully dressed in cream liberty silk and carried a shower boquet of white carnations. After the ceremony all were seated at a sumptous dinner. Those present were Mrs. J. E. Edmiston of Dayton, Wash., A. Lacey and family, E. Lacey and wife, N. M. Wornock and wife, C. Bard and wife, Press Howell and his mother Mrs. Littie Wornock and R. C. Herring and family. Quite a number of useful and beautiful presents were received The hapqy couple took an evening car for Portland where they will spend a few days after which they will return to Springwater for a few days before starting for their home near Dayton where they own a fine farm. The bride was a granddaughter of Mr. and Mrs. L A. Lacey who settled in 1852 on the old homestead where Tuesday's wedding took place.

Currinsville

A pleasant surprise was given Miss Freda Duus on her return home last Sat. eve. after a short stay in Portland, when a party of about 35 of her friends assembled at her home.

The evening was spent in playing games, and music, after which delicious refreshments were served.

In the early hours of the morning all departed for home reporting a most enjoyable time.

The grading up Main Street hill has been postponed until more favorable weather. Mr. Lindsey has placed the grade in a passable condition and traffic has been passing that way for several days.

The engines and boilders that have been used in the small electric light plants here and at Cazadero have been sold by the railroad company, and last week they were removed and shipped away.

The person so lucky as to make the right guess on the number of beans in Jeweler Johnson's jar, was Bert Parks. His guess was 7781, which was the exact number of beans in the jar. He took the lady's $25 gold watch.

Mr. August N. Johnson arrived last week from Nebraska, and will spend a part of the Winter with his son, Albert N. Johnson, and others of his children in Portland. A son A. E., has just recently come down from British Columbia.

Under the direction of Councilman Cary a drain ditch was dug this week to run the reservoir ravine water out of town by the South way. Another culvert was placed under the railroad track, and now Broadway hasn't such a raging torrent crossing it.

H. N. North was at Oregon City the latter part of last week to attend the funeral of his sister, Mrs. Loretta Buckner, who died Saturday. Mrs. Buckner's parents live at Highland. A husband and four children, besides two brothers and a sister survive her.

The program given by the Sunday School on Sunday evening was rendered in a very pleasing manner, and with a great deal of credit to the children who took part. The large crowd which attended seemed to enjoy the occasion. The program told the story of the birth of Jesus as it is gleaned from the bible. The hall decorations and arrangements showed that someone did a lot of work for the public's enjoyment. Superintendent Demoy of the Sunday School and his assistants are entitled to the thanks of everyone.

We would have more sympathy for the sorrows of our friends if they did not bore us so with their long stories of how it happened.

The boys about town are talking strongly of organizing a gun club to improve their ability in the use of fire arms. They are getting tired of outsiders coming in and taking away most of the birds at shooting matches.
