Oregon fir never had a compliment paid which meant so much as the editorial which appeared in the "American Lumberman" of last week, the world's leading lumber-journal. J. E. Defebaugh, editor of the periodical and known to every lumberman in the country, personally penned the editorial, which says in part: "Douglas Fir needs no stain to make it beautiful in color it does not have to be carefully selected for grain, it takes a fine finish and is strong and as hard as many of the woods used for finer purposes. On the Pacific Coast are many fine residences and magnificent office buildings in which this wood is used. It will not supplant mahogany and oak, but should be used side by side with them and for substantially the same purposes." Mr. Defebaugh urges its careful consideration by Eastern architects.

Thirty-three of Albany's leading business men came to Portland last Friday to personally invite the business men of that city to participate in a celebration at Albany on Tuesday, November 10th, with the Linn County Apple Show and the opening of a fine new depot as the features. As an evidence of the entererprise of this Albany delegation each and every one of them bought his own round trip ticket and left Albany at four o'clock in the morning, starting to work in Portland at 7:15. They were guests at a specirl luncheon at the Portland Commercial Club. Portland excursionists will go by special train and the party will be one of the largest that has gone from the city this fall.

Eugene surprised the people of this entire country last year by raising a great advertising fund and paying a salary of $5,000 annually for an expert. Up to last Saturday night there had been subscribed for the coming year $13,661., to which will be added $1400., the total being more than a dollar and a half for every man, woman, and child in the city, and this will be used in advertising the resources and advantages of Eugene and Lane County. Eugene is determined to go ahead and doesn't mind a little thing like a national election. What other town of 10,000 people in Oregon, Washington or California can match this record?

Salem will have the Convention of the Oregon State Dairy Association December 10th and 11th and already preparations are being made for a gathering that will surpass all previous meetings. The Oregon Development League will continue to work with the Association and uses the dairy report as one of its most effective pieces of literature in correponding with Eastern farmers.

The farming demonstration train under the auspices of the Southern Pacific Railway will carry a corps of lecturers, every one of whom stands at the top in his particular line. This is not a new venture, but one that is more popular and which does more good each succeeding trip.

An article prepared on the election was crowded out this week for want of space. Taft and Sherman are elected.

DODGE

Mrs. W. Kauke of Estacada and Miss Bessie Bowdish of Portland were visiting at Mr. George Keller.

We suggest that Estacada have a fair in the fall of 1909, similar to the ones at Gresham and Canby.

Estacada being in the eastern part of the county and the grand scenic ride from Portland ought to make it a success.

Mr. Fred Horner made a vio-cello that would make old Stradivarius look like ten cents, when it comes to a fine tone.

We noticed in a "Portland Journal" of recent date where Canby shipped 1700 pounds of pork and 4500 pounds of cream in one day. We can't help but admire the enterprising citizens of that burg when we see towns East, West, South and North of her within a radius of two or three miles.

Estacada may be doing better than that but if she isn't she should be for she has by far a better location.

The merchants of Estacada should establish a market for everything a farmer has to sell, for where a farmer sells there will he buy and they almost always prefer their home town if done the right thing with. Farmers hate to haul to Portland on account of the distance and when they do they also haul a good load back which means lost trade to Estacada.

We don't intend to knock but just putting a "bug" in Estacada's ear, in a nice way.

Neighbor H. Gilmore is here visiting his family. Mr. Gilmore is engineer for the Robison Ralf Co. at Stella, Wash.

It is unlawful to dance in the school house, it is also unlawful to dog deer, to hunt and fish out of season, to let male animals run at large, to cut and destroy timber on anothers land. We do some of these things intentionally, some unintentionally and the most of us pay no attention when one of us does break the law.

Go back Mr. Bachelor back to your den and scowl, for when you mingle among us with a pleasant smile you are either drunk, crazy or looking for trouble.

A slight incident occured at our Sabbath School which we hope will be forgotten by those that were unfortunate enough to hear it. The writer is vere sorry to say that he is not very religious and didn't attend church but once in three years until he went to this Sabbath School It might not have made him as good as he should be but when one thinks how long it took to make him as bad as he is one can't expect to make him perfect at once.

The kind advice and little talks given by Mr. Horner, Supt. of the Sabbath School the writer will always remember and be thankful for. He worked hard to make the Sunday School what it is and the neighborhood not only respects him as a Christian, but as a man.

The Dodge Social Club intends to give an entertainment on the 14th of this month in which a collection will be taken, the proceeds to be used to buy singing books for the Sabbath School.

A big educational meeting will be held at the church Tuesday evening Nov. 10, at 7:30 sharp. The address of the evening will be given by State Superintendent Ackerman. County Supt. Gary will be present and will address the meeting. Among the other treats will be a drill and song by the Primary, Miss Stephen's room, a cornet solo by Mr. Belfils and a vocal solo by Mrs. Williams. Everyone is cordially invited to attend. This is a meeting for all who are interested in the wellfare of our boys and girls and in educational problems in general. Both of these men are good speakers and will be prepared to answer questions which they invite you to ask. Everyone come.

SPRINGWATER

The Church, here, has a fair prospect of having a minister in the near future. There have been a couple of preachers here from Portland the last two Sundays.

The fruit dryers of Springwater has finished drying between seventy-five and eighty thousand bushel of prunes and are now drying apples.

Miss Wavo Lewellen, on last Saturday Evening gave a Halloween party. There were sixty guests present. They report a fine enjoyable time.

Our school is getting along nicely under the management of Misses Grace and Erma Shibley The teachers this week will attend the institute at Oregon City.

Hon. Harvy Cross, of Oregon City, is having a fine house built on his Springwater ranch. Earl Shibley, W. Tucker and Willis Cox are the builders.

Mrs. Mertie Cornette Ellison, husband and their two babies, of Fairview, were visiting relatives and friends in Springwater last week. The former was raised in Springwater.

Mr. Lindsey Hale and daughter, of Currinsville, were visiting relatives and friends here. They attended the Springwater Church Sunday.

Perhaps the Springwater people especially the Grangers can get along alright without the suggestions of "Sour Dough."
