The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

State dairymen and fruit growers held their annual conventions in Portland during the past week and both were well attended and very successful. Both these great industries will receive a decided impetus from the gatherings of the past week. Better acquaintance of the men actively engaged in dairying and horticulture has resulted and the interchange of ideas is always valuable. Thursday night a reception to the two bodies was given by the Commercial Club. A valuable suggestion was made by President H. C. Atwell of the fruit growers, who advises an annual fruit show in Portland at which all sections of the state shall be represented. This idea is being taken up actively by all interested in the development of the state along these lines and the advantages that may be expected to result are very great.

Dr. John McLoughlin and his work in aiding the early settlers at Oregon City will not be forgotten and by a decisive vote, this pioneer city has declared it will maintain the historic home of Dr. McLouglin as a public monument to his work. This tribute to Dr. McLoughlin will meet with the hearty approval of all right thinking people everywhere.

LOCAL NEWS

Send the Progress to your friends; it is a good present.

A. N. Johnson went to Portland on Sunday to spend the day with his father August N. Johnson, and brother and sister, Joe and Mrs. Leafdale with their respective families who are visiting the Coast and expect to remain for a couple of months. They live in Neb. at and near Leafdale. Joe, the brother, accompanied our postmaster to Estacada and spent the day with him. This is the third trip the father has made to the Coast.

District Conference

District Superintendent Rev. James Moore, of the Salem Dist., was in town Tuesday holding conferences at the Methodist churches of Estacada and Currinsville. At Estacada the church shows a material growth in financial strength and membership. Benevolent collections for missions etc. have steadily increased. The membership of the charge is now about 140 At Currinsville the final steps were taken in purchasing the church from the trustees, who secured the property from the Methodist Church South. A good audience greeted Rev. Moore there in the evening for preaching service.

The salary of pastor for the charge, including the four points, was placed at about $800.00 and house.

At Garfield the church will be ready for dedication by Sunday, Dec. 26, but dedicatory services may not be held until the roads are better. Services begin in the new building Dec. 26th. This new point will materially strengthen the charge as new families are moving in from time to time.

On a recent Sunday an offering was taken for the work of the Anti-Saloon League it was found at the close of the day that the three churches of the charge had subscribed $84.00, which shows the sentiment of the people on the saloon question.

Next Sunday the subject will be "The Saloon Question" All are invited to be present. If no services are held at other churches we invite you also who may regularly worship elsewhere.

A New Mill Company

The Garfield Lumber Co. is a new enterprise composed of the following persons: T. Yocum, Lloyd Yocum and W. D. Hayes. They have bought from Wm. Davis Sr. and Wm. Wilcox, two tracts of timber estimated to have about three million feet of saw timber. They have purchased a saw mill with a capacity to cut 10,000 feet a day, and will at once commence the erection of the mill on the Wm. Davis Sr. tract. It is expected to have it in running order by Apr. 1st A crew of men will also be put to work in the woods getting the roads made and necessary work done so that as soon as the mill is up that lumber can be cut. The company expects to secure other timber also.

One Man Killed Another Injured In Blast

A serious accident happened in the Sourthern Pacific's Camp at the mouth of North Fork on Thursday evening last in which an Italian was killed and another seriously hurt. The manner of the accident has not been very clearly explained, but it seems a crew had been blasting and in some manner unexplained to us an explosion occured with the result as stated. The injured man was taken to the Good Samaritan hospital and the dead one brought to Estacada and placed in care of the Estacada Furniture Co., where the body was prepared for burial. Mr. Blockley made the necessary arrangements for the interment, which was made in the Mt. Zion Cemetery on Surday.

LATER—The man killed was Angelo Chiodo, aged 46. He had worked at Cazadero prior to going to the Blockley Camp and the injured man's name was John Chiodo. It is said he is improving and was not as seriously hurt as at first supposed. It seems the accident happened by these two men taking a different route in going to their camp from work than they had been accustomed to do. The men in the other gang had quit work and the fuse had been lighted to a charge placed under a stump. These two men came upon the charge not knowing of their danger either from carelessness on their part or failure to hear the warning given at the time the fuse was lighted.
