HILLSBORO INDEPENDENT.

FRIDAY, MAY 25.

J. I Knight has some money to loan in small sums. tf

Rev. J. S. Griffin has hay to sell. See his announcement.

Parties going East or anywhere else will find it to their advantage to call on J. I. Knight before buying tickets. 41-tf

Senator Huston and O'Day, of Multnomah county, will speak for the democrats here this (Friday) evening.

Mrs. L. Vrooman has just received a new invoice of goods. Her hats and bonnets are beauties. Ladies, go and see them.

J. I. Knight carries eighteen of the best insurance companies in America, and writes all kinds of insurance at the lowest rates. tf.

Hon. T. H. Tongue has gone campaigning into Southern Oregon. He will go as far south as Jacksonville, but will reach home in time to vote.

House, the wheelwright, is putting new sills under his shop on Third street this week. He will be ready for the summer's work in a few days.

Changes in dates of meetings of republican clubs will be announced by the officers of the club or by county central committee, and not otherwise.

Fred McMurry, escaped from the reform school, is still at large. The boys detained by the Columbia county authorities at St. Helens, were the wrong kids.

All old roofs ought to be cleaned of moss at once, so that the fine dust left may be washed off by the rain before the summer heats render it inflammable.

John Sappington will be mad when he reads the Argus, just as he was when the Democrat published the same matter. Some one will have words for food.

Brock is making ice cream again this summer, better than ever before. He gets his cream, pure and sweet, from Hillsboro Creamery. His receipes are choice.

Wednesday was a roaster. The mercury mounted to the 93d round in temperature's ladder. A smart breeze in the evening cooled the atmosphere so that yesterday was a perfect day.

In another column will be found the precinct boundaries of Washington county. County Clerk Goodin has sent to each election board a certified copy of the precinct boundaries, accompanied by a map or plat of the same.

W. A. Lewellyn, formerly county clerk of this county, but of late years a resident of Portland, died at his father's in Milwaukie last Sunday and was buried last Monday. Bill was one of the many whole-souled men who are their own worst enemy.

There will be preaching in the Evangelical church in Hillsboro, by the pastor, F. J. Strayer, next Sunday, May 27, at 11 a. m. and 8 p. m. Morning theme, "The Christian's Race," evening, "True Discipleship." K. L. C. E. meets every Sunday at 7:15 p. m., Sunday school at 2:30 p. m. A cordial invitation is extended to the general public.

A disorderly mob visited on Friday evening last, the residence of Mr. Whitlock, of Shady Brook, and conducted itself in a way that shows the participants to be boors. The worst of it is, some of our Hillsboro people were along, and report says, not in the role of poor dog Tray, either. Was there political significance in the midnight visitation?

The last meeting of the Hillsboro republican club will be held at their club rooms on next Tuesday night. On that occasion Messrs. Gates and B. P. Cornelius will be present, as well as others. The special features will be interesting, and were it not for tossting some of them might be mentioned, but that nothing may be missed the citizens must attend in a body.

Blazer has moved from his old place on Main street to Second street, next door to Downs' blacksmith shop, where he has gone to some expense to fit up a comfortable resort. His billiard table is in a much better room than at the old place. In the rear are comfortable and tastefully furnished rooms where appetizing lunches can be served to those desiring the same.

Masters Geo. S. Yates and Chas. R. Stephens, students in the Manning school with Miss Anna Bates as teacher, have completed the course of study prescribed for the public schools in the county, and have passed a satisfactory examination. As a certificate of this fact Supt. Stanley has issued to each a diploma. These "sheep skins" were mailed to the young gentleman on Wednesday last.

The Epworth League of the M. E. church in Hillsboro was visited by the Forest Grove League last Sunday afternoon by invitation. More than one hundred came by private conveyances, and a joint devotional meeting was held, after which introductions and greetings were passed and the happy band of christian workers returned. It was a religious and social event long to be remembered. All say come again and ever welcome.

Dr. Parker, at Greenville, whose store and contents were destroyed by fire about three months ago, has just completed a new structure 24x50 feet, two stories high. The doctor claims to have the best wooden building in the county. This new house will be turned over to the young people tonight, May 25th, for a ball. Dancers will at the same time occupy both floors. Preparations for a great crowd have been made. Tickets including supper cost a dollar.

At the Fourth of July meeting last Saturday night Dr. F. J. Bailey was called to the chair and George Schulmerich was chosen secretary. A committee to solicit funds was appointed, to-wit: Wm. McQuillan, George Schulmerich and W. H. Wehrung. The committee on location is L. K. Adams, E. J. Lyons and W. J. Partlow. The committee of arrangements and program is W. V. Wiley, F. J. Williams, Jas. Cave and F. J. Bailey. The meeting adjourned to Wednesday evening.

HILLSBORO CREAMERY.

At the creameay. How is the work done? As early as 7 o'clock milk wagons begin to arrive. Before that time steam is up in the engine, and promptly at 7 a. m. the whistle sounds, steam is turned on and the wheels begins to turn. The separator is run by a small whipcord belt that communicates motion very gradually, the machine going faster and faster till it has the contented hum of full speed at 7500 revolutions per minute. All things are now ready. The first can is emptied into a great can that will hold sixty or more gallons, that rests on a scales platform. The next wagon load is thrown in, each lot being weighed separately and a memorandum of it made on a slate conveniently at hand. Five or six hundred pounds are thus poured in when it is allowed to run into a great receiving vat where if too cold it is warmed by steam. From the great vat the white liquid in a slender stream is allowed to fall into the rapidly revolving bowl of the separator. The eye of the spectator is glued to this machine and presently is rewarded by seeing a cream-colored band slowly but surely crawling up the perpendicular sides of the bowl and presently out pours the rich mass of cream of the conventional color. This little stream of pure richness never ceases to flow as long as there is milk in the vat and the machinery is never allowed to stop till the last dairyman has delivered his milking. But where is the milk all this time? Go to the outside of the building and from that spout it is being caught in the farm cans to go home again, sweet and pure, for the calves, pigs and chickens. It is a busy place about the creamery from 7 to 10 a. m., for by that hour the farthest off has milked, driven to the central station and gone home again. How much may one deliver at the creamery? Well, the memorandum of weights show that some customers bring no more than eight pounds,—a gallon—while others bring 500 or 600 pounds.

Is all this milk poured together into the same tank? Yes. Well, then, the farmers who have choice Jersey cows have to share with him who furnishes watered milk. Oh no, the milk of each patron is tested twice a month and the ratio of butter fat to volume of liquid noted and the account for the month made up from these tests. The Babcock test is employed. A given amount of milk is taken, placed in a test tube and treated with sulphuric acid. The acid attacks everything in the milk except the oil. The test tube is then placed in a frame when it is revolved so that the oil is thrown into a graduated neck of the tube and the amount of butter to be obtained from the milk is shown to a fraction.

All the milk being received the cream is set aside to "ripen" and the milk vats, separator and cans thoroughly washed with pure water.

In the afternoon the cream of the day before is put in the great square churn and set revolving. In from ten to twenty minutes the butter and buttermilk have separated the milk being decanted, and the butter in shot-like granules is washed. It is then taken to another room and spread out on the butter table where it is "worked." No bare hand touches it, only wood. All the milk and water being pressed out, it goes to another table, having in the transit been salted, when it is put up in blocks for market, each block or brick, being wrapped in a special brand of linen paper, weighs 32 ounces, no less no more. But while waiting for the time of shipment these butter blocks go into the ice-chest and cool off.

What strikes the visitor on going through this plant at Hillsboro is the absolute cleanliness of the premises. Craig and dirt are enemies, and the vile face of the latter can get no further than the engine room, where a few drops of oil from the perfect engine sometimes accumulates at a bearing.

All this perfect work is done for four cents per pound of butter made. The patrons, by an organization of their own, take the butter and render an account of it to each. The four cents, however, pays the transportation to market, but don't pay the commission merchant if that middleman is employed to sell.

The creamery here is receiving now about 1200 pounds of milk per day, which it is expected will be increased to 1500 or 1800 this week, not enough to make the factory profitable, but the industry will grow. The dairy furthest from town is Cloninger's, four miles distant.

How much milk is required to make a pound of butter? Well, that depends. Three gallons will do it, but usually a less quantity is required.

WORDS TO EAT.

EDITOR ARGUS:—I notice in your issue of the 23rd certain charges against J. W. Sappington, our candidate for county treasures, in regard to suppressing a democratic newspaper while he was postmaster at this place. In justice to Mr. Sappington I wish to say that the charges were untrue and were founded on a mistake, and for which I have made full and free apology to Mr. Sappington. Mr. Sappington is in no sense of the word a czar, is a kind, courteous gentleman, well qualified for the place, will get almost every vote in his precinct, will be elected and serve the county faithfully. If I, who made the charges am satisfied of their untruth, you of the Argus may save future spasms.

H. S. HUDSON.

Saturday, the 2d of June, the last day for political demonstration, will be duly observed in Hillsboro by the republicans. A monster demonstration will be made. Let the citizens of the county generally, make arrangements to be present and participate.

In the matter of the estate of Caroline S. McCune; inventory and report of appraisers filed and approved.

In the matter of the estate of Mary E. Matodj bond of administrator filed and approved. Appraisers appointed are S. Hughes, H. Buxton and D. C. Stewart.

In the matter of the estate of Nancy Spaulding. Upon his own petition, James R. Shepley is appointed administrator of this estate. His bonds are fixed at $2,000, and upon filing and approving of same letters of administration will issue.

MARRIAGE LICENSE.

May 21st, D. E. Pizer and L. E. Thompson.

W. A Laidlaw is not really giving clothing or dress goods away, but it amounts to about the same thing, as he is really selling at less, than cost. No decent offer is refused for cash.

As the INDEPENDENT forms are going to press, Hon. T. T. Geer, of Marion county, is speaking to a very large audience in the court house. Great enthusiasm prevails.

BEAVERTON.

Adam Klink is planting several acres of potatoes.

James Raynous is giving the hall a much needed coat of paint.

Roy Eldridge has a new wheel and can be seen early and late sailing around town.

County Clerk Goodin and wife were the guests of Mr. and Mrs. G. W. Stitt, Sunday.

Everybody enjoys this weather but the populists. Just a little too warm for them. We predict a snow-storm in June for their benefit.

The republican candidates spoke to a well filled house one evening last week, making votes for themselves and friends for the party.

The new bell in the Congregational church is very sweet sounding and reflects much credit upon the ladies of that society who procured it. Why not give a dinner on election day, ladies?

Frank Davy, of Forest Grove, addressed a good audience Wednesday night at the hall, complimentihg the republicans for their good ticket, especially the county, and paying his respects to Mr. Pennoyer.

GLENWOOD.

Mrs. A. Morrill was made happy by the arrival of her mother and brother.

Robert Varley and family, and Miss Cora Schofield went to Marion county on a visit last week.

Grandpa and Grandma Morrill, with Mr. Joe Lee and wife, spent Sunday at Mr. A. Morrill's.

Mr. and Mrs. J. R. Catching and family spent Saturday night and Sunday at their Glenwood home.

Little Lydia Garvin, Mrs. Stewart's youngest child, is very sick with lung fever, and the mother is sick also.

We are having beautiful weather now, and farmers don't think fruit was much injured by the recent frosts.

A large black bear crossed the road in front of Mr. Otis Haycock's team. One of his horses reared up and became almost unmanagable.

Mr. Stewart's oldest son met with quite an accident. His team ran away, throwing him out, and injuring him so that he has to go on crutches.

The McKinley club will have a grand rally Saturday, the 26th. Some prominent speakers are expected. Turn out everybody and bring your wives and babies.

Mrs. J. F. Allen was pleasantly surprised by some of her particular friends on her birthday. The refreshments were excellent and the tokens of remembrance were very highly appreciated by her. The writer wishes her many returns of the same.

Mr. John Lily, of Gales City, is teaching his second term of school over on the Nehalem. He, with several others, went down Saturday to hear Hon. Thos. Tongue. Some of the leading popocrats in this neighborhood walked twenty miles to hear that same speech.

D. T. Phillips has commenced making brick. If he gets the contract for the college building at Forest Grove, he will burn 400,000 this summer.

At the meeting of the Indian War veterans held last Saturday evening, Colonel T. R. Cornelius and Lieutenant W. H. H. Myers were elected delegates to attend the grand encampment which meets in Portland next month. The meeting of last Saturday was made interesting by Colonel Cornelius, who related incidents in the Cayuse campaign of 1847.

The promptness and certainty of its cures have made Chamberlain's cough remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effectual remedy known for these diseases. Mr. C. B. Main, of Union City, Pa., says: "I have a great sale on Chamberlain's cough remedy. I warrant every bottle and have never heard of one failing to give entire satisfaction." Fifty cent bottles for sale by Hillsboro Pharmacy.

While Mr. T. J. Richey, of Altona, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drugstore to get some medicine and the druggist recommended Chamberlain's colic, cholera and diarrnœa remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by Hillsboro Pharmacy.

Administrator's Notice.

NOTICE is hereby given, that I, the undersigned, have been duly appointed administrator of the estate of Sarah A. Leverich, deceased, by the county court of Washington county, Oregon, and have qualified as such administrator. All persons having claims against said estate are hereby notified to present the same to me, with the proper vouchers, at the law office of Barrett & Adams, in Hillsboro, Oregon, within six months from this date.

Dated at Hillsboro, Oregon, this 25th day of April, 1894. WM. LEVERICH, Administrator of the estate of Sarah A. Leverich, deceased. 48-52

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Hillsboro Pharmacy.

There is nothing I have ever used for muscular rheumatism that gives as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have met with. W. B. Denny, dairyman, New Lexington, Ohio. Fifty cent bottles for sale by Hillsboro Pharmacy.

ALEXANDER'S ABDALLAH, sire of Goldsmith Maid, 2:14, etc., and of Alcantara, Bellmont, etc., by Hambletonian 10, dam, Katie Darling.

FRED HAMBLETON'S record was made when 5 years old and repeated in the second and third heats of a race to a high wheel sulkey, and for several years was the champion 5-year-old record of the North Pacific. No stallion in Oregon or Washington has yet trotted that fast with as little training as Fred Hambleton did. He has been utterly neglected in the stud and was bred to but few good mares until last year.

TERMS TO MEET HARD TIMES:

Single service $15; Season, with privilege of return, $25; Insurance, $35

Mares intrusted to me to be bred, will receive good care and pasturage at $1.50 per month. For further information address
