The ladies of the Congregational church will be hostesses Saturday, Feb. 12, Lincoln's birthday, and will entertain at dinner and at tea in the Grange hall. As this is the last occasion this season when meals will be served, fruits coming in for later socials, elaborate preparations are making. A banquet will be served at noon and tea at 6 o'clock p. m. Tickets to the literary exercises later in the evening go with dinner and tea checks. The ladies having this matter in charge will prepare a dinner worthy of the occasion which they observe. People from the country who happen to be in town that day will receive especial attention, for the ladies desire to send them home in good humor with themselves and the world. Let us all dine together that day. Dinner, 25 cents; tea, 15 cents; children, 10 cents for patrons not taking meals.

Coroner Large was called one mile east of Sherwood last Monday to investigate the death of Nicholas Weibe, found dead about 2 o'clock Monday afternoon. He was a German and had lived near Sherwood for four years gaining a livelihood by cutting cordwood. He was aged 40, and was last seen alive about 8 o'clock Saturday night. He had been at John Wolda's saloon drinking during the evening, and was slightly intoxicated when he started for home. In crossing trestle No. 16 A, which is 35 feet high he fell off, striking on his head, his neck being broken and his skull fractured. Death was instantaneous. He left no relatives in the state but it is understood he has a brother who is a merchant in Chicago. The coroners' jury returned a verdict in accordance with the facts. On Weibe's person were found a cheap watch and $2 74 in cash.

President Campbell of the state normal school delivered the first of the course of public school lectures in the court house last Friday evening. The attendance was not as large as the occasion demanded, but those who were there enjoyed a rare treat. President Campbell is a ready speaker and a methodical and logical thinker. He furnishes matter for reflection while he is entertaining. The state is fortunate in having so excellent man at the head of its training school.

In view of the fact that next Saturday is the anniversary of the birthday of the patriot Abraham Lincoln, a special address will be delivered at the Congregational Church at 11 a. m. on Sunday, by the Pastor. The subject will be, "Measured by the Rule of Historic Importance, what is the Message of America to the World?" In the evening at 7:30, "A wise use of the Tongue"—Psalms 39: 2—will be the topic of discussion. All other exercises will be conducted in their usual order.

The churn company have met with difficulty in promptly getting coopers. This will be overcome by having the work done in their own shop in Hillsboro. Mr. D. Miller of Gales Creek will commence cooper work in a room at L. H. House's wagon shop next week.

At the end of a long and well spent life, Jane Patterson crossed the sleep and was gathered to her fathers Feb. 3d, 1898. Mrs. Patterson was born in Millersburg, Kentucky, March 15, 1813, hence at the time of her death she lacked but a few days of being 85 years old. She, when a child, moved with her parents to St. Clair county Ill. In 1831 she married Herbert Patterson. These young home builders were blessed with five children, four sons and one daughter. One son died at the age of 3 years, the others reached manhood's estate. In 1852 the family crossed the continent and settled in California. There they resided till 1868 when they came to Hillsboro where the family home has since been. At first H. Patterson and his son L. or Nulas, as we familiarly addressed him engaged in general merchandising. Finding an opportunity to advantageously sell their business, they did so. Mr. Patterson and his wife entered the itinerancy of the M. E. church. He did acceptable work till advancing years put him on the retired list. In 1888, Father Patterson died. Alone, his devoted wife Jane, maintained her home till she was joined by her only daughter, Mrs. Luttrell who so faithfully and unselfishly administered to her mothers wants and watched by her bedside. The daughter knew that the end could not be far away but she could not look ahead and count the days so when news of the alarming illness of her son in San Francisco was told, mother Patterson bid the daughter to go to her own, saying that kind friends here would anticipate her every want. But the days were fewer than either supposed and the parting that was to be for a few hours proved to be the last. The remains were laid beside those of her husband last Sunday in Masonic cemetery in the presence of a large concourse of friends who had known the deceased for forty years.

A Card to the Public.

The undersigned, retiring from the City Drug store, takes this method of thanking his many friends and the general public for their patronage so kindly bestowed in the past and requests a continuance of the same to the Delta Drug store, the purchasers.

W. E. BROCK.

WHAT HAPPENED LATER.

A full report of the execution of Gus Wachline up to the time the corpse was cut down was given in the INDEPENDENT extra issued to subscribers Friday afternoon. It later that there were some details that may be interesting. The body was taken to Patterson's undertaking rooms where it remained till Sunday morning a 10 o'clock when the brother of the deceased took it to the poor farm for sepulture. This brother and a brother-in-law at Portland were the only members of the family that took any interest in the affair. On Friday morning Sheriff Bradford sent a messenger to Wachline's father asking his wishes touching the burial. Mr. Bradford got a reply from the messenger in these words:

Corvallis, Feb. 4, 1898.

Mr. Bradford.

Dear Sir:

Mr. Banning sent me out to see Mr. Wachline yesterday. He said he "did not want anything to do with the body," he could not afford to bother take care of the same."

Yours Respectfully,

COOPER BRANAMAN.

Another desired to buy a burial place in the Masonic cemetery but the request was refused. He did not try the Odd Fellows' because it was hinted that he would be refused.

The Sheriff's return is made up of the certificate of Dr. Tamiesie and his own return. The medical certificate is in the following words:

We, R. H. Greer, G. W. Stitt, J. H. Dilberger, Ole Oleson, H. Wehrung, Jerome Palmatier, T. W. Thompson, C. Schulmerich, L. F. Carstens, A. K. Watson, S. A. D. Meek and G. N. Hale, 12 bona fide voters and inhabitants of Washington county, Oregon, do hereby certify that we were duly summoned by W. D. Bradford, sheriff of Washington county, Oregon to appear at the jail yard of the county of Washington, state of Oregon, at the court house on Friday the 4th day of February, 1898, at the hour of 10 o'clock A. M., of said day to then and there witness the execution of Gus Wachline for the crime of murder in the first degree, and that pursuant to said summons we duly appeared at said jail yard; and we hereby certify that the said W. D. Bradford, at the hour of 12:11 p. m. of said 4th of February, 1898, in the presence of each and all of us, did hang Gus Wachline by the neck until he was dead, as prescribed by the warrant of death of the above entitled court. In witness whereof, we have hereunto set our hands this 4th day of February.

The surgeons certify in these words:

Hillsboro, Feb. 4, 1898.

We, the undersigned physicians, residing in Hillsboro, Washington county, Oregon, hereby certify that at the summons of W. D. Bradford, sheriff of county and state aforesaid, we attended at the execution of Gus Wachline, convicted of the murder of John D. Ledrick, saw him, the said Gus Wachline, executed on the fourth (4) day of February, A. D., 1898, in Hillsboro, Washington county, Oregon, and we further certify that the execution of said Gus Wachline was by hanging by the neck until the said Gus Wachline was dead.

E. A. BAILEY M. D.,
S. T. PINKLATER, M. D., C.M.
J. P. TAMIESIE, M. D.

(The above sworn to before the county clerk.)

And last Sheriff Bradford appends the following:

I, W. D. Bradford, sheriff of Washington county, do hereby certify that I received the within death warrant on the 21st day of December, 1897, and that I executed the same at the jail yard of the county jail of Washington county, Oregon, in Hillsboro, on Friday the fourth day of February 1898 at 12:11 o'clock p. m. of said day, in the presence of R. H. Greer, G. W. Stitt, J. H. Dilberger, Ole Oleson, H. Wehrung, Jerome Palmatier, T. W. Thompson, C. Schulmerich, L. F. Carstens, A. K. Watson, S. A. D. Meek, and G. N. Hale, bona fide electors, residents and inhabitants of Washington county, Oregon duly summoned by me, to appear at said time by taking the said Gus Wachline from the county jail in the said county of Washington, state of Oregon, where he had been heretofore, pursuant to the order of the above named court, kept in close confinement and did then and there in the presence of the said 12 bona fide electors aforesaid, and hung the said Gus Wachline by the neck until he was dead, pursuant to the death warrant of the above entitled court, signed by Thomas A. McBride judge of said court, and dated the 18th day of Dec., 1897, and duly attested by J. A. Lemarie, clerk of said court; that I append hereto and make a part of this return the certificate of R. H. Greer, G. W. Stitt, J. H. Dilberger, Ole Oleson, H. Wehrung, Jerome Palmateer, T. W. Thompson, C. Schulmerich, L. F. Carstens, A. K. Watson, S. A. D. Meek and G. N. Hale, of the faithful performance in carrying out the sentence of the above entitled court, in the above entitled cause. In witness thereof I have hereunto set my hand this 4th day of February, 1898.

W. D. BRADFORD,
Sheriff of Washington county Oregon.

These papers are attached to the indictment and the verdict of the jury together with a copy of the journal entries of the trial. Altogether they make the judgment roll and a full history of the case which is filed away with completed cases.

TESTING DAMAGED WHEAT

It is popularly supposed says the Corvallis Times, that when grain has been damaged to such an extent as to render it unfit for milling purposes it can be turned to good account by using it for seed, and that while the results do not quite equal those from grain harvested under more favorable conditions, they make a very fair comparison.

To determine the value of wheat damaged by the rains of last summer that unfortunately occurred during the harvest season and to predict results to be obtained from using such wheat for seed—interesting experiments along the line of seed testing were conducted by some members of the O. A. C. faculty interested in this branch of agriculture.

The method employed was that usually followed in similar experiments viz, the seed after having been counted were carefully placed in receptacles hollowed out for them in a round unglazed earthenware plate, very similar in appearance to a ship biscuit—commonly called hard tack. This porous "biscuit," after being covered was then placed in a similar tray into which water was poured to the depth of half an inch and the biscuit by reason of its porosity soon became quite charged with water. For the sake of uniformity of temperature which is necessary to secure the best results, the testing was carried on in the green house where the best possible conditions were attained.

The samples taken were numbered 1, 2 and 3, number one being normal wheat, two slightly damaged and three badly damaged. Although 48 hours is ample time for most seeds to germinate, under conditions such as these were placed to prevent any mistake the time was extended to 72 hours, thus insuring complete germination of all seeds whose embryo had not previously been effected.

After the above time had expired the seed was taken from the tester, and the number which did not germinate compared with that which did.

To make the test as complete as possible five samples of each number, making 25 in all, were subjected to the influence of heat and moisture. The following results obtained by taking the average of the 5 samples from each number, are submitted:

In No. 1 we find that 4.25 per cent failed to germinate, this subtracted from 100 leaves 95.70 per cent of sound wheat. No. 2 put 15.55 per cent or 84.45 per cent, reliable kernels while No. 3 yielded the surprisingly large amount of 42.30 per cent of useless wheat or only 56.70 per cent or just a little over one-half of the total amount of seed that we would expect to yield a result at all reasonable.

The results of these experiments are of special interest to those farmers who are useing for seeding purposes this spring, wheat that was damaged by the rains of last season. The wheat used in the above experiment was secured at the Benton Mills.

UNIVERSITY NEWS.

Miss Hutchison, of Union, a former student of P. U., spent a portion of last week visiting her friends at the University.

The Gamma Philo debate was postponed from Saturday to Monday evening, in order to give the forensic talent of Gamma Sigma time to clinch their arguments and overthrow the strength of the Philomathean debaters. The result was a complete victory for the boys and Gamma Sigma again feels sure of its place in Pacific University and the state of Oregon. The judges of the debate were Profs. Bates and Robertson and Hon. I. A. Macrum. Messrs. Schoch and Kirkwood and Miss Parker were chosen to represent Pacific University against the forces of Willamette in the coming inter collegiate debate.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free bottles for trial at the Delta Drug Store.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
