OFFICIAL PAPER OF THE CITY

FRIDAY, SEPTEMBER 30, 1898.

Manzanillo will be evacuated by the Spanish tomorrow.

We have not heard much of the Sutler during the Spanish war but bad as he was he is preferable to the cook in the galley of the transports.

Portland papers state that Senator Corbett has 35 votes dead sure. The INDEPENDENT has known candidates who had 45 votes and then fail of an election.

Conditions have changed. The same or similar woodpiles are not about the Capitol as they were a score or more years ago when Mr. Wakefield was managing Senator Corbett's first campaign.

America might as well get ready to resume the Spanish war. Spain proposes not to recognize our right of preference over other powers in the Philippines, wherefore we might just as well prepare to compel such recognition.

An exceedingly rich quartz mine has been discovered in Jackson Co. near the California line. In two weeks the two locators with pick, shovel and pan took out 60 pounds of gold valued at $14,000. Medford is much excited over the find.

The Oregonian stated a few days ago that candidate Corbett is the only one at Salem who has or maintains head quarters. Does the Oregonian want it understood that the ability to maintain establishment for the entertainment of guests is the sole qualification for a candidate for U. S. senator.

Messrs. Gates, Wood, Tucker, Barrett, Gault and the rest of them whom the Oregonians free silver correspondent is pleased to denominate the Mitchell push are not making pilgrimages to Salem this week. It is the Corbett push that is away from home.

The legislature promptly organized last Monday by the election of Hon. Jos. Simon to be president of the senate and Hon. E. V. Carter of Jackson county to be Speaker of the House. Hon. Maxwell of Tillamook was the Simon candidate for Speaker but that does not mean that Mr. Carter is a factionist. Indeed he is not but a republican and elected by republicans.

Senator Mitchell writes a letter to the Albany Herald announcing that he is not a candidase at this session of the legislature and will not permit his name to be used. This letter is copied by the Oregonian and apparently satisfies that paper. Now let Mr. Corbett the leader of the other faction withdraw so that the republican papers of the state may be satisfied.

Senator Brownell with very great promptness introduces a bill to repeal the law creating the railroad commission. This haste has much the appearance of a play to the galleries. The legislature will do well to exercise care in the repeal of that law for they must remember that with the commission gone there is nothing to stand between the people and the railroads. The present law is defective, but it ought not to be repealed without something to replace it. The people cannot afford to have it repealed. The railroads cannot afford to have it repealed.

Mr. Winch puts the best reasons forward advocating a cash road tax scheme. Every one recognizes that more work can be done with spot cash, but coin did not do all that Mr. Winch names in Multnomah county. There was some management there. The like management, one head, in this county under the work system will make better roads. It will be noted that the order which the petitioners ask to be made relieves the general fund of quite a burden for one of the chief items of expense now paid out of the general fund is for bridges, surveying and establishing roads and supervisors, salaries. The cash system works fairly well, and it is only a question of how much harder it will be for the property owners to pay tax in coin or in labor.

The Carlton, Yamhill, fruit evaporating company has contracted for October delivery with a New York firm for 100,000 pounds of prunes. The company is about to use a new unit of weight when talking of selling its product. Instead of pounds it is beginning to be able to say tons and car loads. The sale above named is 50 tons or five car loads. The fruit will be packed 25 pounds in a box. The box will be lined with white paper. Over the top of the fruit will be laid a sheet of waxed paper, and for ornament a nicely printed card will be thrown on this sheet. The box will be labeled "Oregon prunes." Last year Mr. Howe labeled his boxes "Oregon Italian Prunes" but this year he leaves off the word "Italian." This shipment is for the French market and is the first that has effected an entry there, though the attempt has before been made. If we can sell to France the future of the Willamette Valley is assumed—since there is a demand there for all we can produce.

CAUCUS OR NO CAUCUS.

The republican voters of Washington county have all along been opposed to political caucuses, and altho' many of our senators and representatives have entered such conclaves they have felt like apologising to their constituents, and now the temper of the people is in no wise changed. The caucus is no more popular now than formerly. Our citizens want to know what their representatives do, and while they have every confidence in them they want an open recorded vote so that they can bring confusion to the opposition when their record is attacked.

The only time when a caucus is at all excusable is when the parties are evenly divided, and success is to be achieved only when the strongest man can be found. But when the caucus is used to defeat party associates it becomes a machine and should be rejected.

Every one recognizes as a crime the taking of money to vote in open house for a corrupt candidate, but it is feared that all may not be conscientious when money is offered to go into a caucus.

It has been held that a caucus to be binding must be made up of 46 members. Well 24 members will control that caucus, hence 24 a minority of the party is able to elect U. S. senator. Can any self respecting man afford to lay aside his freedom of action? The voters want to know about these things and they want the votes recorded.

AN OLD FALSEHOOD.

The Argus, which is generally either false or scurrulous, when referring to political opponents, in its issue of Thursday, Sept. 22th, again refers to the INDEPENDENT, "which so vigorously opposed Mr. Dolph and his gold policy in 1894." This statement is absolutely untrue as was last week pointed out. The Argus would be excusable if it believed in its truth, but it does not. It knows the statement is false, and yet it has repeated it in one form or another several times during the last year. Again the INDEPENDENT states that it never at any time, or in any manner opposed the "gold policy" of Mr Dolph. It never opposed Mr. Dolph's advocacy of the gold standard, nor his opposition to free silver. The editor of the Argus knows that as well as he knows anything. Mr. Dolph in 1894, according to the statements of those advocating his re-election, entertained, as the INDEPENDENT believed, financial views which the INDEPENDENT did not support. Those views, if carried out would have removed hundreds of millions of dollars from the circulating medium of the country. This at a time when money was scarce and when the outflow to foreign countries was so much greater than the inflow. Whether or not Mr. Dolph entertained the views attributed to him by his friends, the INDEPENDENT does not care to discuss. It will not be led into any controversy over the views of the dead senator. The INDEPENDENT has never favored the contraction of the money of the country. It does not now favor it. It will not favor it in the future. The republican party is not a party of contraction. It has not favored or supported legislation looking to contraction. There has been no year of republican control of this government when the amount of currency in circulation was not increased.

But a charge of inconsistency against the INDEPENDENT does not come with very good grace from a man who has sung every note on the gamut of finance from Cleveland to Bryan,—who supported Cleveland when that gentleman favored stopping the coinage of silver, while we had less than $300,000,000 of it, who now supports the unlimited coinage of silver when we have over $700,000,000 of it who supported Cleveland when he proposed to retire all greenbacks and is now supporting a policy that would issue an amount to no fixed limit.

ROAD TAX IN COIN.

The following petition is circulating among the tax payers of the county and is self explanatory:

To the Honorable

The County Court for Washington county:—

The undersigned taxpayers of road district No.—Washington county Oregon recognizing the need of improved roads in this county, and further recognizing that the greatest and best results are produced by the payment of the road tax in money instead of in labor, petition your honorable body to cause the payment of the road tax to be made in money as provided in subdivision 4 of section 4085 of the laws of Oregon, found on page 61 of the session laws of 1893; and that you cause to be enetered at the next annual levy of taxes for the state, county and school purposes, the following order to-wit:

"And it further appears that it is for the best interests of the county, it is further ordered and adjudged that there be and hereby is levied upon each dollar of taxable property in the county a tax of 1½ mills, which said tax shall be collected with and at the same time and in the same manner as county taxes are collected, and shall be paid into the county treasury and shall be kept as a separate fund to be known as the road fund and shall be used for the purpose of laying out opening making and repairing county roads and building and repairing bridges."

And in duty bound, your petitioners, will ever pray, etc. This petition is prepared and circulated at the instance of Martin Winch of Reeiville, secretary of the Ladd & Reed Farm Company and is accompanied by the following circular letter prepared and signed by him.

September 14th 1898.

To the taxpayers of Washington county.

Feeling that you realize the value of good roads and how much it adds to the value of all farm property, it seems to me that the time has now arrived for all to join in a determined effort to get better roads in our county. With the experience of Multnomah county to guide us, the remedy seems simple. Prior to 1890 the roads were in similar condition to our own. Commencing in 1891, road taxes were made payable in cash the levies having been as follows; 1891, 2 mills; 1892, 2 mills; 1893, 1 mill; 1894, 2 mills, 1895, 1½ mills; 1896, 1.2 mills; 1897, 1½ mills, an average of 1.56 mills or but 0.06 of a mill more than is being called for in our county now under the work system. The results have been much greater than the most sanguine had hoped for. Since 1890, there have been purchased 3 rock quarries, 6 gravel pits 3 rock crushers, 2 heavy iron rollers and 4 road grading machines. There has been completed over 150 miles of macadam and gravel roads. On a large number of the dirt roads, the entire road has been grubbed and ditched, hills have been cut down and holes filled. This has all been done at practically the same cost to the tax payer as under the old system.

Will you not join in the effort to have this tried for a year in our county.

Why should Mr. Simon be "greatly pleased" as reported by the Oregonian. Is it the King who speaks?

IMPORTANT RULING.

A very interesting question was passed upon by Judge Burnett at McMinnville this week with reference to a supposed conflict between the United States Bankruptcy Law and the Assignment Laws of Oregon. The last section of the United States bankruptcy act is as follows: "This act shall go into full force and effect upon its passage: Provided, however, That no petition for voluntary bankruptcy shall be filed within one month of the passage thereof, and no petition for involuntary bankruptcy shall be filed within four months of the passage thereof. Proceedings commenced under state insolvency laws before the passage of this act shall not be affected by it."

One W. S. Walker made an assignment on July 7, 1898. Some of his creditors had garnisheed the money due him from the McMinnville Insurance Company upon a policy covering his house which had been burned. The assignee, Mr. W. H. Wehrung, of Hillsboro, represented by S. B. Huston, intervened in the garnishment proceedings and claiming the money by virtue of the assignment. The attorneys for the attaching creditors, Messers Irvin & Vinton of McMinnville, contended that the U. S. bankruptcy act went into effect on July 1st, and that, consequently, the assignment proceedings being had under the state law were void; that the state law was suspended by the bankruptcy act. The attorney for the assignee contended, first, that as no petition or other proceedings in bankruptcy could be had until August 1st therefore the bankruptcy act was not in force until that date except for the purpose of appointing trustees in bankruptcy, etc. Second, that the insolvent debtor in this case being a wage earner earning less than $1500 per annum was not effected by the bankruptcy act; and third, that in any event the assignment proceedings were sufficient to clothe the assignee with title as against everyone except some person claiming under the bankruptcy act. Judge Burnett did not pass upon the last two questions, but upon the first question he decided in favor of the assignee, holding squarely that the bankruptcy act was not in effect so as to suspend the operation of the state law until one month after the passage of the same.

HE HAS A DIRTY HEART.

September 9th Mr. A. W. Saxton keeper of the poor farm took out of the post office in Hillsboro a drop letter post marked Sept. 8th 4 p. m. The address was written with a pencil. The envelope had been sealed but afterward opened and the flap tucked inside so at first it looked like a circular. The inclosure is a sheet of common writing tablet paper written with a pencil. There is no date and no signature. It is in these words as near as the same can be see in type spelling, punctuation, capitals all:

"Saxon it is about tine you let upon that Poor House you have had it four years that ought to satisfi you if you dont you will be sorrow for it you and old todd will find out if you run this county you wont make much out of it a word to the wise is Enough fire will tell more than Pencil one nite will do more than a hole year of papers gain sure as they let you have that without advertising it you wont have as much when you come out as you went in with you never have got it hones & the people will have revenge if they have to take it out of you so now be careful so had old Todd."

The coward knows not of what he is talking. He, for the present is unknown but he has tied a halter about his neck and left the strap trailing on the ground. The envious wretch is too debased to be permitted to care for the county's wards and should he be installed as keeper his inefficiency would be so marked that the first grand jury to visit the poor farm would kick him out. Washington county will tolerate no anarchists.

RESOLUTIONS OF RESPECT.

WHEREAS, According to the laws of nature, our worthy brother, Squire Spencer, has been removed from our midst by the hand of Death, and

WHEREAS, This grange keenly feels the loss of our brother, who although a new member of our order has made for himself a place which cannot easily be filled. Therefore be it

RESOLVED, That we, the patrons of Butte Grange No 148 mourn the loss of an efficient member and extend our heartfelt sympathy to the bereaved family in this their great sorrow.

RESOLVED, That our charter be draped in mourning thirty days in his memory.

RESOLVED, That a copy of these resolutions be entered on the records of the Grange, a copy presented to the bereaved family and copies sent to the INDEPENDENT and Pacific Farmer for publication.

SERIOUSLY INJURED.

A Fearful Accident Befalls a Pioneer Farmer—Thrown from a Load of Hay with Great Force—Entire Body Paralyzed—The Best Medical Aid Possible Used in His Behalf.

From the Tribune, Charlotte, Mich.

One of the pioneer farmers of Benton township, Mich., is Elnathan Munger. Despite the many privations and difficulties which a pioneer contends with, Mr. Munger has succeeded. He has also served as clerk of his township, and is known as a careful, conscientious and honorable citizen.

His busy life has not been all sunshine, however, and in speaking to our reporter of his struggles in earlier days, he said:

"One Monday in March, 1890, I was drawing hay to a neighbor's, when I was thrown from my wagon with great force to the ground, striking a front wheel in my descent. I struck on both hands with such force as to almost paralyze my whole body. The injury was most severe to my chest, shoulders, back and arms, although my face was badly cut. It seemed as though the great weight of my fall drove my arms back and injured both them and my backbone.

"A prominent Potterville physician was called and on the Friday night following I was able to be taken home. The next day I sent for a Grand Ledge physician who blistered me for weeks. I became some better, but the main trouble with my body and arms remained as bad as ever. During the year following this treatment I was not benefited and began to think life to me was not worth living. I feared that my nervous system was completely shattered and that paralysis would follow.

"In reading an article in the *Montreal Family Herald and Star* concerning Dr. Williams' Pink Pills for Pale People, about a year or a year and a half after I was injured, I noticed that people similarly afflicted were claiming to be cured. I at once ordered that remedy through my Potterville druggist, Mr. M. J. Palmer. I think this was the first sold in these parts.

"Inside of ten days after taking the first dose I became satisfied that I had found the remedy to fit my case. I kept gaining; the pills acted as a tonic, regulated my bowels, liver and stomach, gave me a good appetite, lessened the pains in my body and arms and cured a scrofulous condition that I had inherited from my father.

"I now consider myself as good for work as almost any man of my years, and I feel that I owe all I enjoy of life and health to Dr. Williams' Pink Pills for Pale People. I have no trouble with my arms whatever, and have not had for a number of years.

"I am of the opinion that with pure blood one will have but little, if any sickness, and this medicine will secure that condition. I keep these pills on hand for my family medicine and have not had a doctor since I began their use.

"I am in excellent physical condition and do my farm work without other help than an occasional day's work, and this result has been secured in spite of the fact that I was a complete physical wreck. I cannot speak in high enough praise of this remedy. I have often recommended it to my friends with utmost confidence and shall be glad to answer any inquiries from those who are afflicted, if stamp for the reply is enclosed. My postoffice is Potterville, Mich.

"ELNATHAN MUNGER."

Subscribed and sworn to before me, this 21st day of April, A.D., 1898.

GEO. A. PERRY, *Notary Public.*

"I fully concur in the statement above made by Mr. Elnathan Munger, he is one of our excellent citizens and who would be the very last man to make an overdrawn statement. The cure in his case was marvelous and resulted in a great many sales of Dr. Williams' Pink Pills for Pale People.

"M. J. PALMER, Druggist, Potterville."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in Dr. Williams' Pink Pills for Pale People. They are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for $2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.
