MARRIAGE LICENSE.

Nov. 29 to Ulyses G Hanks 35 and Ellen A Pollock 36.

Can a man lose his way in Hillsboro? Well, perhaps not for himself but a stranger may become bewildered so that he may not know where he is at. To illustrate: Not long ago first at dark a gentleman who has not been long a resident started home from the business center and walked till he was in the outskirts of town. Our blocks are rather large and it is something of an effort to count the streets as they are passed. Well, our new neighbor had missed his count. He knew not which way to turn and in the inky blackness of night he was just a little anxious, just then a group of boys came up of whom he enquired for ——street. "O, you have passed it. Are you lost?" "No, well call it that." The lads were modest and polite and said further, "You are Mr——" "Yes." "Well, we will show you the way." The procession was then formed and after four or five of our long blocks had been passed the boys halted and pointed down a cross street directed the stranger to walk that way till he came to a picket fence, when he would know his way. The fence was around his own lot. This incident shows that there ought to be signs on the street corners so that strangers can find their way about town. Indeed many of the old timers could not locate residences by street names. They know them by Jones' place, Bigelow's and so on, but ot as the corner of Vine and Maple.

Mr. T. W. Thompson who for many years has lived on his farm one and a half miles east of Gaston in this county has leased his farm and will go to California for a time. However before he goes he will sell at public auction his personal property. Time of sale Dec. 5, 1899, place, at the farm, articles, farm stock, horses, cattle, hogs, farming implements such as wagons, buggy, binders, mowers, plows, harrows and household furniture. Terms of sale 11 months, time on sums over $10.00 notes to be approved and bear 8 per cent interest.

The Tualatin Academy foot-ball team played a game on Saturday afternoon last with the college eleven and soiled the back of the spic and span juniors and Sophomores. The score stood 17 to 5. The academy boys had planned to prevent their opponents from scoring; but Gault the left half back and captain was disabled so that one touchdown was made by the college. They failed to kick a goal. The academy's made two touchdowns, kicked both goals and made a drop-kick from the field.

Congressman Tongue started on the train of Tuesday afternoon for Washington where he expected to arrive on Sunday evening next. He was accompanied by his daughter Miss Tongue and his stenographer. The party will go over the O. R. & N. and Union Pacific system by way of Chicago. Mr. Tongue will not be at home again till July or August as the approaching session of Congress is the long one. Senator McBride started for the capitol the same day but over the Northern Pacific.

No one is denying the prizilege to Van Winkle of claiming the intercollegiate football penant for Willamette University. He can buy silk enough to make a long one. The other colleges will not play with him nor will not recognize the team of that college. They let them alone that is all. But it hurts. Van is out in a column article in the Oregonian but his cry is a lonesome wail and that is what makes the other college boys laugh.

In the foot ball game yesterday at Portland between the Multnomahs of that city and the Olympics of San Francisco neither side scored. But it was different at Eugene where the University of Oregon struggled with the O. A. C. team, at the end of the game the score of U. of O. was 38, O. A. C. 0. Berkley, 24 Stanford 0.

Mrs. H. V. Gates who a few days ago went to the bedside of her neice at Reno, Nevada returned this week. Mrs. Gates reached Reno only a few hours before the death of her relative which occured on the 19th inst. Miss Lawton at the age of 26 years leaves her mother, one sister and more distant relatives.

Little Jimmy Warren who lives with Mr. John Northrup at the Hillsboro Hotel yesterday afternoon fell through the hay chute in the Wiley & Dennis barn to the floor below a distance of 18 feet. The lad struck on his back and is quite badly hurt.

Mr. and Mrs. F. P. Morgan were greatly relieved in mind this week by the receipt of a letter from their son Charles who took French leave of his home October 5th last. Chas is at the home of his aunt in Southern California and is where he can make himself entirely satisfactory. The lad does not state how he came traveled, only that it took him twelve days to go from Portland to San Francisco, and twelve days more to his final destination. It is more than probable that he walked most of the distance. When he left home it was for the purpose of attending the exposition and his folks thot he took no extra clothes with him, but he writes that he has two suits with him but wants a third which is still here. The boy probably put two suits on that October morning. The plans for the trip had been deliberately studied. The wheel was deposited in the express office October 5th with instructions not to be shipped till the 7th. This would give time for him to get out of the city before the hunting party was put on his track. He would not ride the wheel because it was a partnership wheel, the other interest belonging to his brother. Charley elected to foot it rather than appropriate this brothers property.

While he would prefer that his son should be at home for a few years yet, Mr. Morgan is reconciled to his absence now that he knows Chas. is with relatives.

Carl Tupper a pioneer of the state died suddenly at his home in Gaston last Saturday at the age of 76 years, and was buried Monday under the auspices of the Odd Fellows of which order he was a member. The funeral director was undertaker J. C. Lamkin of Hillsboro, The deceased came to California in 1849, and to Oregon in 1858. He had for many years lived in this county and was a highly respected citizen.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or after the cough appears, it will prevent the attack. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty five years' constant use without a failure. For sale at the Delta Drug Store.

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.—Adolph L. Millett, Manchester, N. H. For sale by Delta Drug Store.

My son had been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited,—Thomas C. Bower, Glencoe, O. FOOT PADS AT WORK

Two hold-ups in one night in the Neighborhood of Bethany

WRECK AT ROOSTER ROCK

The Engineer and Fireman were both killed and a Brakeman Seriously Injured

Two foot pads stepped from behind a pile of brush by the side of the road near Bethany last Saturday afternoon as Herman Tolle and his son were passing. At command he threw up his hands. Then they directed him to throw out his money. This he did, on the ground. The highway men picked up the silver but left the gold which Mr. Tolle got next morning. He lost about five dollars. Young Michael Wrenn of Centerville was a short distance behind and was made to contribute between four and five dollars when he drove past. The place of these hold ups is about 12 miles out from Portland.

The late rains softened a gravel bank on the O. R. & N. R. R. near Rooster Rock, Columbia river last Sunday. A great mass fell on the track where it was run into by the east bound train the same evening. The locomotive was pitched down the bank imprisoning the engineer, the fireman and a brakeman. The two former were killed though not instantly and the brakeman injured. The engineer, Robert Hunter was one of the oldest men on the road. He leaves a wife whom he wedded about a year ago, and two children by a former marriage. Mrs. Hunter, widow, is a cousin of Mrs. C. E. Deichman, Hillsboro.
