The entertainment at the Lower Logan hall on March 2nd, given by Springwater and Logan Red Cross workers, was very successful. The good, short program included readings by Miss Singleton of Reed college, which were highly appreciated. The gate receipts were shared by Springwater and Logan and amounted to \$10.95 each. The total receipts for Logan including that for lunch were \$22.25.

We can all do something. If it is not much, it shows who is willing to stand by the government so, when the solicitors call on you, don't be a slacker, do your bit. We are pleased to report a decided improvement in E. E. Jones' condition.

What do you think of this? George Alfred Dodds carries sauer kraut to school in his lunch box and says he likes it.

Recently Billy Weisenbeck, our promising 4-year-old, accompanied his father to a dancing party, during the absence from home of his mother. A suggestion from the elder that a new mama would have to be selected for the dance, brought forth from Billy "that he had no objections," adding, "she was not to be taken home with them."

The widow Brall has rented her prune orchard and farm, and will make her home in Portland.

It hardly looks like a fair deal when the government compels the grower to sell wheat at 3 cents a pound and buy a substitute not nearly as good at an advanced figure. Relatively, corn, oats and barley are not the equal of wheat in value, and the query with us is, why not have preserved the equality by placing a maximum price on all grains instead of singling out wheat, permitting other cereals to advance their values much in excess of a superior food product. It is not our wish to criticize, having the utmost faith in our government, but errors creep in under the most careful of management, and we believe this to be one.

The semi-monthly dance occurs at the hall Saturday night. Extra music and a lunch will be provided for the occasion. Mrs. Weisenbeck, Axford, McCord and Harvey are looking after the luncheon feature.

### STAFFORD

The meetings at the chapel still continue.

The feature of the evening was a mock trial, with Otto Peters as judge, Mr. Thomas, associate judge, Miss Ronde (principal of the school), clerk of the court, and Mr. Weddle and Reint DeNui, policeman, who halted every one, old and young, before "His Honor," who fined each from 5 cents to "two-bits" for various misdemeanors. There were a couple of side shows, one an "Essay on Man," and the other "A Swimming Match," also a fish pond. Sandwiches, cake and pickles were sold and all seemed to have a good time.

Mrs. Lucile Snell, from Astoria, arrived Monday and Miss Lois Sweek, who has been attending the Normal at Monmouth, came Tuesday to visit their grandmother, Mrs. Gage.

Mr. Jergens' auction sale on Saturday netted but very little to the

We can hardly expect settled spring weather until the sun crosses the line the 21st.

Easter comes on the last day of the month, which some think is an indication of an early spring.

The Oregon City paper mills are trying to get hands from this locality, offering one dollar bonus for every hand secured if the person working stays but two days. Why not give this extra dollar to the worker? Probably no industrial concern in the country is making more money than these paper mills. They buy hemlock and balm logs very

cheap, as the mill men do not use them and the paper is sold at enormous profit and yet they are always fussing with their help. What is the use of being so crazy after enormous profits when we stay on this world such a short time. Why not practice the Golden Rule and treat everybody

right? Live and let live.

The barbarous practice of using poisonous gas by the Germans does not accomplish anything decisive, as but comparatively few are killed. This inhuman and brutal warfare has made them the enemies of all the
