Public School Items.

There were several visitors present Friday p. m. of last week on account of the debate in which the students of the 1st department engaged. Subject as follows: "Resolved that war has caused more misery than intemperance." Good argument was produced on each side. The decision was in favor of the affirmative.

Leaving the 2nd department in care of Miss Edith Deskins Friday p. m. of last week, Mrs. Bell, accompanied by Miss Miles, departed for Portland.

Miss Smith being on the sick list, Miss Effie Kauffman took charge of the 3rd department Monday.

The foot ball-ground being irrigated to much, the foot-ball has been abandoned for the present, much to the sorrow of the boys.

Several of the students of the 1st department were invited to the home of Miss Lida Wilson Friday night. A very pleasant time was reported.

Why was Wednesday such a "blue" day to several of the scholars of the 1st department? All on account of the Birth day Dance at Jones Hall Tuesday night.

Learning is better than wealth, Culture is better than learning, Wisdom is better than culture.

Do not forget our Friday p. m. exercises. Our next subject for debate is, "Resolved that an education is more benificial to a young man at the age of twenty-one, than $10,000." We cordially invite the patrons and others to be present.
ZOE.

Academy Items.

Mr. James Vestal and Miss Keene were present at Chapel exercises last Friday morning.

Miss Minnie Hoskins is back to her studies again this term.

Miss Elma Brown has been quite ill this week. We hope for her speedy recovery.

James Brown and sister have rented one of the cottages and are attending school this term.

Bert Millsap and Clarence Keene are boarding at Mr. Gauzes this term.

Dolph Crisell is boarding at the Hall this term and rooming in the Dormitory.

The Literary Society held its first meeting this term last Friday evening and it was a decided success. The new officers were installed and the program, though short, was good.

Wm. Finnegan has been absent this week.

Miss Mary Clemenson commenced teaching a term of school last Monday in the Westfall District which is near this place. We feel assured of her success as she is an earnest, studious young woman, and has had some experience in teaching.

Some of the street crossings are in a poor condition and students as well as other people have to use the agility of a rope dancer in stepping from board to board to get across the road.

James Clemenson, who was with us two years ago, was visiting his parents last week. James has been at work in Portland for the past two years, and is steadily working his way up the road to success.

More About New School Books.

Hon. L. H. Baker, McMinnvill, Or.

Dear Sir:—I am informed that a circular letter has been sent out by somebody to the effect that the time for the introduction and exchange of text books has expired in your state. If so it has no effect, whatever, upon the introduction of our books, viz. arithmetics, drawing book, etc, all the publications of Ivison, Blakeman & Co.

The law of your state very explicitly states that books shall remain on sale six months from the first date of introduction, which the law makes October 1, therefore, the time will not expire till next March. We wish it distinctly understood by the people in general that we want our books furnished and will furnish them till the time expires according to law.

When we solicited contracts for the introduction of our books we guaranteed to yourself and other superintendents that we would do everything in our power to give satisfaction to the people, When we make such statements we make them in good faith, and we fully intend to carry them out and shall do so.

If the bookdealers refuse to furnish our books at the prices required by law to any district in your county, you will please inform me immediately and I will see that the people get their books.

In case of any combination among book-dealers to defeat this end we shall mail our books post paid to any address in the state of Oregon at the introduction price, as per proposition on file in your office.

Hoping that you will do everything in your power to assist us in seeing that the people of the state get what they are entitled to, I remain,

Yours very respectfully,
A. F. GUNN, Gen'l Agent for Ivison, Blakemen & Co.

DANGEROUS.—Red-headed girls are dangerous in more ways than one, as appears from this item in the Philadelphia Record: "A young lady with a peachy complexion and a wealth of auborn hair went into Gaylord's barber shop in Wilksbarre yesterday and let her tresses flow to have them curled, The barber wove the mass of hair around the hot iron and staggered back as if he had been shot. The lady's hair was full of electricity, and the muscels of his arm were sore for an hour." —*Dayton Herald.*

Miss Henrietta Moore, held a temperance service in the M. E. Church on Friday evening last, to a fair sized audience. Miss Moore, is an organizer and worker for the interests of the W. C. T. U. and is a fluent and interesting speaker, having her subject well in hand. Among the exercises was a duet by Mrs. Baldwin and Mrs. Minne Leake, and a song by the Band of Hope. This being the last meeting Miss Moore was to hold in the state of Washington, leaving for New Mexico Monday, she occupied almost two hours in her remarks.

Miss Moore, left her purse, containing about $50, in town, and it was afterwards given to the Captain of Willie for Purser of the Multnomah, but has so far failed to reach the owner's hands at Tacoma. —*Shelton (Wash.) Journal.*

The people of Newberg will well remember Miss Moore, for the excellent work she did in Newberg a few weeks ago. All will be sorry to learn of her misfortune, if she looses her money as mentioned above.

NEW POTATOES.—The JOURNAL is in receipt of some fine specimens of new potatoes raised by Mr. E. Hunt at Mehama. Mr. Hunt informs us that he had new potatoes on the same ground on May 1st, September 1st, and November 25th, this year. The samples now on our desk are very large, fine and sound. They are the "Beauty Sprahan" variety and for producers cannot be beaten. Can anyone eat Vegetables?—*Capital Journal.*

OUR CASH STORE
IS
CROWDED with CUSTOMERS,

daily attracted by the GENUINE bargains we are making in our varied assortment of Staple Groceries, Dry Goods, Boots and shoes, Hats, Queensware and Fancy Notions.

We do not claim to have a corner on all the good articles that are bought and sold but there is one assertion We hold up in the face of all competition. That we sell goods CHEAPER than any house in Yamhill Co.

Our prices are cheerful ly given to any one for comparrison but we do not *"blaze forth with meteor splendor"* by so-called low prices on a few "LEADERS" Why? Because to name the low priced goods that you can find with us would be

SIMPLY TO ENUMERATE EACH ARTICLE IN OUR STOCK----

—— SPACE FORBIDS HERE BUT WOULD SIMPLY SAY THAT FROM A SPOOL OF THREAD TO A BOLT OF MUSLIN——FROM A BOX OF BLACKING TO A BARREL OF SUGAR ——FROM A SINGLE NUTMEG TO A BARREL OF FLOUR——THE PRICES ARE LOW AS CASH PRICES DEMAND THEY SHOULD BE——

The BITTER OPPOSITION shown us by our COMPETITORS on the one hand and our WELL PLEASED PATRONS on the other, is sufficient evidence that our efforts to

"CUT PRICES TO BED ROCK"

are appreciated.

Kind and impartial attention to all as fast as we can wait on you----
