

POLITICAL REGISTER IS WORKED OVERTIME BY CONTESTANTS

Hawley-Norblad Race One of the Surprises of the Campaign

DEMOCRATS AROUSED

Mighty Effort on for National Committee Membership; Governorship Fight, Nobody's Walkaway

The political pot has passed the simmering stage. The political war horses are beginning to respond to the party lash and some of them are prancing around the track in a surprisingly speedy fashion.

The most exciting in the first lap in the race for first district Congressman. Here W. C. Hawley is out for renomination against A. W. Norblad of Astoria. Mr. Hawley has been for many years unopposed in his campaigns but this year it's different. Senator Norblad is making a vigorous campaign, flaying unmercifully the present incumbent for the prosaic nature of his past record.

Many of the valley newspapers have come out for Norblad and the outcome is far from certain.

Another race that draws more than usual attention is on. Here Ralph Williams for many moons the national committeeman of the Republicans of Oregon is opposed by O. H. Fithian. Will Hayes has added zest to the campaign by a timely telegram of commendation for Williams' effort on the national committee while the movie director was chairman. State Chairman Tongue has added fuel to the fire by his espousal of the cause of Williams and the first burst of speed is on the increase.

Fithian has been touring the Willamette Valley in the interests of his candidacy while Mr. Williams is conducting his campaign from headquarters in Portland though he will probably make a more personal campaign throughout the state.

The governorship looks like anybody's winning to date with George A. White rapidly closing the gap between the early start of others and himself.

Mothers Day

Rev. J. A. Cleland

When, a few short years ago, Mothers' Day was instituted, the idea at once took hold of the popular imagination, and the observance of the day spread with wonderful rapidity, so that now, not only throughout America, but in other lands, the second Sunday in May, has become a Festival greatly honored. And he would be bold indeed who would attempt to set limits to the scope of observance of Mothers' Day, or of the influence which it must exert. Like many of the other great days, which have become as universally loved, Mothers' Day lives because its appeal is so profoundly human, touching, as it does, some of the tenderest chords of Love and Memory in every heart.

"All that I am, or hope to be, I owe to my Mother" Such was the testi-

mony of one of the world's greatest heroes. With marvelous unanimity, the great souls of all ages render similar homage. A Mother's prayer, a Mother's teaching, a Mother's example, a Mother's silent influence—these are power within the sacred forces used by the Spirit of God in moulding the lives of the world's best and noblest. It was Lincoln who said: "I should have been an atheist, if it had not been for one recollection and that is the memory of the time when my mother used to take my little hand in hers, and caress me on my knees to say 'Our Father, who art in Heaven'. Woman's power with the sacred circle of the home is her grandest power. It is her distinctive glory. Her influence is extending rapidly to other realms, but it is safe to say that what-

ever enlarged spheres of service may be opened up to her, where she may use her talents to the glory of God, and the welfare of humanity, it will ever remain true that the highest and holiest and loveliest sphere of woman's work and influence, moulders in the good soil of the child-heart, teachers and inspirers of those who are the hope of the nation, the manhood and the womanhood of the future. "Her children arise up, and call her blessed."

"The noblest thoughts my soul can claim, the holiest words my tongue can frame, unworthy are to praise the name, the sacred name of Mother. As infant, when her love first came as man, I find it just the same. Reverently, I breathe her name the blessed name of Mother."

THE SOUTH END ROAD HAS FINALLY BEEN FINANCED

Four Big Companies And City Enter Into Plan And Improvement Will Proceed at Early Date

The money for the improvement of the South End Road—the connecting link in this city for the Pacific Highway—has been subscribed and the work will soon begin if no further obstacles present themselves.

Oregon City will not be required to raise any portion of the \$108,000 which is the estimate of costs. A subscription list to pay the cost is: Hawley Paper Company, \$30,000; Portland Ry. Light and Power Co., \$25,000; Crown-Willamette Co., \$10,000.

The remainder will be cared for by the present subscribers. The subscription of the S. P. awaits the final o. k. by the head officers.

A tentative agreement reached by the city council and the companies who will finance the plan, contains provisions for complete construction of the road within the city limits; the return to passenger service and the construction and maintenance of a walk to Canemah; also the maintenance of lights from Oregon City through Canemah's streets. The state highway commission will have charge of engineering and construction.

Oregon City agrees, in return for the subscriptions to extend the present freight franchise of the P. R. L. & P. for 20 years; to vacate Third street in the downtown section; to vacate Main street also from the end of the asphalt pavement at Second street to the south limits of the city. The county is expected to vacate the roadway from its south limit of the city to Canemah and the city is expected to lower the annual franchise charge.

To discontinue the noise produced by the log trains from the present rails was held impossible until the track should be renewed; and the hauling of logs through the street at night only, was also held impracticable owing to the vast amount of raw materials needed by the mills.

The plans for financing the road were worked out by Messrs. W. P. Hawley, Franklin T. Griffith and F. I. Fuller the latter one of the vice presidents of the P. R. L. & P.

The highway commission has shown a disposition to proceed rapidly with the improvement. The decision of the council to accept the above terms of the tentative agreement was unanimous by those present. F. H. Cross was absent.

Misses Helen Tooze and Shirley Park who spent the junior week end at the State Normal at Monmouth returned to Oregon City on Sunday.

Miss Tooze was the guest of Ruth Willis.

COUNTY HEALTH OFFICE MUDDLE NEARING WINDUP

Commissioners Stamp Approval of Officers Bill for Salary and Expenses

AMOUNT DUE \$674.10

County Judge Protests Bill on Basis of Overcharge and Suggests Suit by Officer

The payment to Dr. Orel Welsh for his services as Clackamas County health officer is very likely according to the action of County Commissioner Proctor and Harris who have stamped their approval upon his bill for \$450 for services and \$224.10 for expenses making a total of \$674.10.

The matter of who's who in the health office of Clackamas county has been slumbered down to Dr. Welsh and the salary has been fixed at the minimum of \$25 per month.

It will be recalled by those who have followed the controversy between the health officer and the county court that the latter tried to remove him last July on the basis of economizing by combining the county physician and health officer and appointed Dr. W. E. Hempstead to the position. A deadlock resulted as the incumbent could not be legally removed by the court and he refused to resign. Dr. Hempstead made no effort to exercise the duties of health officer when the state board of health refused to recognize him and continued as county physician.

The court refused to pay Welsh's bills for salary and for expenses until now when the commissioners act favorably on the account.

Judge Cross protests the payment of the bill on the basis that the charges were excessive prior to the attempted removal and that it would be best for the doctor to sue the county and thus give the county opportunity to offset the bill with the overcharge claimed.

George Pusey Very Ill in Portland

On account of Mr. Pusey's illness, W. P. Hawley, Jr., his uncle, has cancelled all radio concerts from his station in Portland for an indefinite period.
