The Times-Herald

VOL. XXXVII — BURNS, HARNEY COUNTY, OREGON, MAY 17, 1924 — NO. 28

PRIMARY ELECTION RESULTS SURPRISE

Sufficient Information In To Know Nominees; Young Makes Strong Run.

The outstanding feature of yesterday's primary election in this county was the strong run of Clarence Young for sheriff. He was not considered as formidable a contender as he proved. Other contests were more nearly expected, although it was looked for closer runs.

Information from outside points in the state indicate that Coolidge has carried the state by a big majority. Senator McNary is also in the lead with a good margin over his competitors with his nomination assured. Sinnott has again carried his district for congress with a big margin.

Strayer is the leading candidate for U. S. Senator on the democratic ticket and is beyond a doubt the nominee. Nothing has been received here or over the radio as to the standing of the democratic candidates for congress. Swagler is the favorite in his county.

Charlies W. Ellis is slightly behind Judge Davis for state senator, but his friends believe he has a good chance for the nomination. Ford leads Mrs. Grove for representative by a big margin in this county.

The county nominees are known from the returns so far in as it would be practically impossible to overcome the leads. They are: C. H. Leonard for district attorney on the republican ticket, he being unopposed. V. G. Cozad has the nomination on the democratic ticket. Young and Jeff Cawlfield are the nominees for sheriff. A. A. Bardwell and Chas. E. Dillman for clerk; W. Y. King, treasurer, the democrats have no nominee. Chas. W. Loggan for assessor on the republican ticket, Chas. Brittingham, democrat unopposed. J. W. Buchanan and Wm. T. VanDerveer are the nominees for commissioner on the democratic and republican tickets, respectively.

The totals in the county received up to the time this is written:

Republican Ticket

Class roll 1924

Nono Harditsy, Teresa Foley, Louise Deslets, Pauline Deslets, Lucile Brown, Nellie Parker, Ruby Campbell, Mildred Dalton, Grace Lazarus, Harry Loggan, Hal Hibbard, Adolph Byrd, Carrol Skeins, Burns McGowan, Leslie Terrill, Chas. McConnell, Edward Brown, Baxter Reed, Arthur Thornburg.

Principal D. M. McDade took a team of four men to the Eastern Oregon track meet held in Union May 10th. This was the fastest 'prep' school meet held in a long time, four records being shattered. The quarter went in 53.3 with Thornburg a good fifth. The 220 yard low hurdles were topped in 27 sec. while he high hurdlies were won in 17.1. Alfred Welcome won his preliminary heat in 172 placing fourth in the finale. "Al" was eliminated at 5 feet seven in. in the high jump. Hanson of Redmond breaking the record with 6 feet 5-8 in. The 220 yard dash was won by Taggart of Baker in 22 4-5 seconds, Burns McGowan placed fourth in the javelin.

Monday evening the graduates will ride the goat for the amusement of the alumni. This will occur at the Odd Fellows Hall.

ATTENTION!

ALUMNI OF H. C. H. S.

All alumni are urged to attend the annual social hour given in honor of the graduating class of H. C. H. S. Monday evening, May 19th, Odd Fellows Hall 8 o'clock. This is your invitation. Be sure and come and help make the evening a success.

SPORTSMAN TO GATHER AT BAKER NEXT WEEK

Mr. George Tonkin Asks To Retain The Support In This Section Of State

George Tonkin, U. S. Game Warden with headquarters at Baker, was in this section for a few days during the present week. Mr. Tonkin was discussing the coming exposition of the Eastern Oregon Sportsmen that is scheduled for next week in Baker, May 22-25 inclusive. It is his hope to have a good representation of the sportsmen of this section attend this exposition and take part in an organization that will cover this part of the state effectively with conventions held at different localities over the district from time to time.

Mr. Tonkin thinks we do not realize the attraction our game is to this big section and suggests that we make an exhibit at the meeting in Baker where the sportsmen have been joined by the Forest and Biological departments of the government. In addition to these exhibits there will be game and fish from all over the west a big pool of clear water will be filled with fish, with swan, geese and other water fowl on the surface.

Several firms will exhibit sporting goods, fishing tackle, guns, amunition etc., but exhibits from the several sections that are not of a commercial nature will not be charged an admission nor will there be an admission charge for the public to visit the exhibition.

A fly casing contest and a trap shooting tournament is a feature of the gathering, teams enter the contest from Idaho and different parts of Oregon. The contest at the traps will not be confined to teams as there will be individual contests.

Mr. Tonkin is very enthusiastic over this gathering and Harney county should take part in it. We are the most attractive game section in this entire western country and we should make the best of this opportunity to bring our recreattion advantages to the attention of sportsmen.

DAUGHTER OF FIRST GIRL BORN IN BURNS, BRIDE.

Last Sunday's Oregon contained a picture of Mrs. Howard T. McCulloch, formerly Jane Fleckenstein, the daughter of Grace McGowan-Fleckenstein. The young lady was a bride of the week. Her mother was the first child born in Burns, the daughter of Mr. and Mrs. Geo. McGowan and a sister to Archie McGowan of the Burns Garage.

NO FURTHER DELAY IN LAYING OF STEEL

Construction Will Begin On Crane Burns Railroad In Very Few Days.

The Times-Herald is authentically informed that there will be no further delay in starting the laying of steel between Burns and Crane. Everything is in readiness for the work and with the clearing up pof some minor details actual construction will begin and will be prosecuted to the finish as rapidly as possible.

More maerial is being brought up at intervals; the tracklaying machine is assembled and the gathering of small tools, necessary housing and mess accessories for the crew will be gotten in shape before the work begins.

The finishing of the rails to Burns making it possible to bring in heavier machinery with which to continue the grade from the end of the work now completed toward Bear valley will facilitate this part of the railroad building, as it is understood a steam shovel can be used to an advantage. The rails will therefore be laid right on up the grade as the work progresses.

The recent cruise of 10,000,000 feet of government timber on Poison creek a short distance from the end of the grade now completed is expected to be advertised for sale within a short time. With this sale together with the additional privately owned timber in the vicinity there is sufficient to justify starting milling at an early date.

If the former announced plan of beginning the erection of the mill at the Warm Springs is to be carried out there is every reason to expect the mill to be in operation this fall instead of next April as originally planned. This will not in any wise impede the progress of the railroad building into Bear valley, but rather stimulate it as there will be some tonnage for the trains during the process of building, besides give the mills at Burns timber to manufacture that is needed for local improvement as well as export.

Everything is working well to this end and we are optimistic as to the activities during the present seasn.

YOUNG COUPLE MARRIED AT BEND

Leonard Frank Lazarus and Miss Delphine Whiting were married last Tuesday afternoon at Bend. They arrived in Burns Thursday morning and went on out to the Whiting ranch home. The bride is the daughter of Mr. and Mrs. Frank Whiting and has resided in this vicinity all her life. She is a graduate of the Harney county high and has been an assistant in The Times-Herald office since last fall. She is a charminig lady who is very popular among her wide acquaintance. Mr. Lazarus formerly resided here but had been living in Colorado recently. His mother resides in Burns and his sister is a student in the high school.

The boss of this shop is naturally sore. He had tried conscientiously to make a good office girl of Delphine and was some encouraged, but this is his luck, generally. He gets competent help and then something happens to spoil the well organized working force. Mr. Lazarus has a charming bride and we wish him joy, but we warn any other young man that dares cast covetous eyes on any of this office force that he's breeding trouble.

"A FAIRY CONSPIRACY"

The public school auditorium was filled to capacity yesterday afternoon when a program was put on by the pupils. "A Fairy Conspiracy" was the title of a little operetta that was of the most charmingly acted and costumed features ever witnessed in Burns. The characters were well interpreted and costumed with the little ones; fairies, brownies, Santa claus, several of the fairy tale characters—all were carried out to such perfection that it brouhgt universal applause.

The chorus work of the girls, piano duet by two little girls, folk dancing and other numbers were most pleasing and creditable.

Marguerite Welcome whistled as a special number and many heard the little lady for the first time. She is a wonder.

It would be impossiblie for this article to give the names of the children taking part in this very charming entertainment as it comes just before we close the forms for this issue of the paper. They were all artists in their class and a most convincing proof of the advantages of music and art in our schools. We should be proud of our little folks and give our educational institutions even greater support and attention. Our presence and personal interest and encouragment is due the teachers and pupils in the important work they are now engaged in. The schools are the most important influence in our community—in any community. Keep them at a high standard and let's have more of such entertainments as was witnessed yesterday afternoon.

If there was a stage large enough in Burns to properly accommodate the performance of "A Fairy Conspiracy" there is no question but it would be one of the most attractive and talked of events of this community.

B. R. Keller, the genial representative of the First National Pictures Corporation, was in Burns yesterday.

THE GREAT NATIONAL GAME

SUMMER PLANS FOR PUBLIC LIBRARY

Plans For Readers To Help Make Selections On The Books Purchased.

(Contributed)

At the regular meeting of the Library Board May 6th the following plans were made:

The month of May is to be the childrens reading plan month to be carried out by the Extension Committee of the Library Board and the Public School teachers. Mrs. Weittenhiller is now busy with her art classes making posters for advertising the new books especially ordered for the children from the State Library. These books will be secured as a loan to try out on our young readers after which the Board will purchase all books which prove popular with parents and children. By this method we will not stock up our public library with many unpopular or worthless books. The Library Board deems it wise in these hard times to spend the public money to an advantage and as the board is instructed by the State Librarian how to do this the public is asked to be patient and very soon sets of books will be hore for distribution.

The Board has also ordered sets of books for adult use, which will also be used to try out on our readers, and thus give them an opportunity to help select the books which will be purchased with the public money earned by the entertainment given by the Board.

The Public Library is owned by the city of Burns and belongs to her citizens one and all and it is the earnest desire of the Library Board that all citizens be served equally well and by following directions given out by Miss Marvin, State Librarian, we are sure of accomplishing good results. We invite the Mothers Club in a special way to become interested in the children's reading and their co-operation is solicited. In the past the Mothers Club placed many good books in the Library. Why not assist in making selections from the group of books soon to be in the hands of Miss McKenzie, and then perhaps, present a number of them to the Library, think this over Mothers, a good book is a good friend, and you always know where to find it. The ladies of the Library Club will also in a special way be interested in these loan books for all ready they are planning on presenting more books to the Library and their book committee is waiting with happy anticipation for the "try out" loan group which is soon to be on our loan list.

Next week a full and complete program of Library Reading places will be published the Extension Committee has been given this work to do, and they will have plans perfected next week. The committee is as follows: Mrs. J. C. Foley, Mrs. J. W. Biggs, Mrs. Helen Dillman.

BOYS GOING TO SUMMER TRAINING CAMP

Col. F. T. Arnold was here Wednesday in the interest of the summer training camp conducted by the U. S. army at Camp Lewis. Col. Arnold found several of the local high school boys favorable to going to the camp for the month in which it is held. The army man visited the high school where he addressed the boys, telling them of the attractiveness of the camp and assuring them of good care and recreation in addition to the physical development they would receive. In the evening the Colonel spoke to the parents who were at the Liberty Theatre during the regular picture show program where he explained the camp life in detail.

The summer training camp is very popular as the boys are well housed, feed and cared for and given much attractive recreation such as outing parties over weekends, tennis, baseball, track meets and tournaments; swimming, wrestling, boxing, etc. Contests are held at intervals and medals awarded to winners.

It is a good place for a boy for a month during vacation.

Mrs. L. N. Stallard an dher daughter, Mrs. Velfa Richardson, spent a few days of this week with relatives and friends in this vicinity, returning home Thursday.
