### "Best Whip On The Road."

Geo. W. Roberts, an old stage driver on the Oregon and California line, is visiting W. M. Levens, an old chum, he having driven a stage contemporaneous with him. Mr. Roberts' left hand shows the effect of long years of use in handling the reins, causing the hand to twist up. Mr. Roberts gives many a reminiscence of his experience on the road, in a very interesting manner. His telling stories of adventures along the line, show "those palmy days are passed and gone forever."

Chas. Boswell, of Vale, is in town today.

### In Answer to the Unremitting Effort.

By the Opposition to democratic supremacy in the Harney country, to disorganize the party therein, by drawing the line between "settlers" and "stockmen" instead of between Democrats and Republicans, (for the benefit of the latter), we publish the following corrections of their weekly organ's attempts to misrepresent THE HERALD and the object of its publication:

☞ THE HERALD is not owned nor controlled by any stockman, settler, politician, or any other man, except the one whose name appears at the head of the paper as its editor, publisher, and proprietor.

THE HERALD belongs to no men, nor set of men, therefore, works for no monopoly, corporation, clique, or ring.

THE HERALD is neutral in nothing—independent in all things, and straight-out democratic when party lines are drawn. And on all the questions of the day will be found advocating the right side, as its editors are able to view it.

THE HERALD is an advocate of law and order; of "the greatest good to the greatest number;" is anti-sectional in matters pertaining to East Oregon, Grant county, Harney Valley or Burns.

It publishes the latest news for its readers as soon as obtained; offers its columns to the oppressed, the prosperous, and every other citizen within its territory, willing to take the responsibility of his utterances.

### To School Directors and Teachers.

County School Superintendent H. F. Dodson has appointed David L. Grace Deputy for this part of Grant county. Parties having business to transact with the Superintendent will find Mr. Grace at THE HERALD office, Burns, Or.

PAISLEY, Or., Feb. 6, 1857.

TO WHOM IT MAY CONCERN:

Because of the opposition offered by the anti-moral element of our town to Prof. Grace's determined effort to overcome the immoral influences thrown about the school given into his charge during the five months just past, we herewith endorse his course as a teacher by affixing our signatures:

VIRGIL CONN,
WM. B. ROYAL, M. D. } Board of Directors.
E. L. GREEN.

—All the best and most popular brands of whiskies, wines and brandies, as well as tobacco and cigars, will be found always in stock at the saloon next to the post office. —

—Cape Bros., the young Englishmen who reported to us the expected arrival here from England of their family of eight persons about July 1st, left Burns most unexpectedly, some time last week.

—Low Price's at N. Brown's. —

—Job Work done at THE HERALD office.

—We learn the Burns school, which is kept up to the requirements of the school law in all other respects, is lacking in three features, viz: suitable school apparatus, as maps, globes, etc., suitably improved play grounds, and a woodshed.

—Ladies in Burns and vicinity, are missing a rare chance to supply their rooms with great varieties of flowers raised from the seed, when they fail to visit Mrs. Thos. Haskell's place. —

—Look in stockmen's brand column to find stray stock.

—Go to W. E. Grace's Drug Store for all school supplies.

—No Ladies' or Children's Hats left, but Stenger will have a nice little assortment on 26th, cheap. LATER: As promised above, the hats got in yesterday, and are open for purchasers to select from to-day.

—The post office is greatly improved in point of appearance and convenience by removal one door south of its late location into a larger room. Mr. Parker is making considerable improvement in and about his premises, as well as other citizens, by additions, fencing, etc.

—Yankee Notions at N. Brown's.

—The weather is quite warm this week, which following in the wake of the several heavy rains and many refreshing showers of the past three weeks, causes vegetation to grow most encouragingly.

—Stenger got in his new stock of Lawns, Sateens, and other Dress goods, on Saturday lat. —

—The Burns school, district No. 13, in charge of Mrs. J. A. Canfield, closed last Friday after a session of three months. Mrs. Canfield has been re-engaged, and will teach a five-months session to date from July 9. Total number enrolled, 1st month, 66; 2d month, 47; 3d month, 40. Average daily attendance the last month, 36. —You can buy English Cashmere at 25c. a yard at Stenger's, Burns. —

—Just received at J. E. McKinnon's, a lot of choice Bacon and Lard. —

—It must be borne in mind that in every town there are persons whose greed for gain, or whose necessities are so urgent, that they will push to the front and bend every phase of their town's attempts at uniting the people in a common cause for purely local benefit, as in the present effort of Burns to celebrate the 4th of July in a manner becoming to the occasion, into a mere Vanity Fair to turn money into a few pockets; if such a result be obtained, our guests, so cordially invited to visit us on that day, will return home in disgust, and judge all the citizens by the conduct of the irresponsible few, too intent on personal aims to care whether this town ever sees another Fourth or not. It is hoped our best citizens, men whose interests are identified with the existence of Burns as a principal town of the Harney country, will come forward next Wednesday and see that the entertainment of our guests is in conformity with the spirit of the day and invitation extended.

—Before sending off, see if you don't get good value for your cash from Stenger. —

Senator Hearst, of California, says: "The result of the Oregon election does not discourage the democrats on the coast. It was owing to the vacating of the land grants of the N. P. R. R. company. The company determined to defeat the administration, and the election was carried on with railroad money. All of these dispatches to the press, which described it as a protection and free trade fight, were the veriest nonsense. It was nothing of the sort.

### A Fact.

After the 1st of July, 1888, I will positively do only a cash business, and desire immediately to close all my accounts by good notes or cash; so do not think hard if you are asked for your stable bill. I am in debt and must pay up.

W. C. BYRD.

### For Lease

For a term of years, a Ranch containing 160 acres; all fenced; good well water; small house; 20 acres in cultivation. Address "B," this office.

### HARNEY VALLEY FAIR.

As no fair is held in this valley for the public exhibition of the growth and excellence of its productions, THE HERALD proposes to open a column to all producers, farmers and stockmen, in which to give a written description of all that is worthy of mention. Very fine looking colts and calves of this year's production have passed and repassed through town, but none have reported for publication. Bring in your this year's stock, give us age, weight, height and breed, to put as facts in this column. Bring in specimens of hay, clover, roots, vegetables, fruits, with names, time of planting, manner of cultivation, etc., and let us make this a lively column. Monstrosities we will class as such. Truthful statements will be given each time, and the truth alone well told will advertise this valley to the better class of immigrants, such as Harney wants, than all the most plausibly told exaggerations afloat. We start off this week with the following names, in the order brought in, and all our statements can be verified by the samples filed and labeled for reference, except in perishable articles, notes of which are filed.

MRS. IONE WHITING.—Near Burns; June 20: Barley, six acres, sown on ground under cultivation the past 13 years; stalks (exclusive of roots) 42 inches in length, heads well filled, grain fine and large; planted in April.

Barley planted late, in April, on new ground, 12 inches high.

MRS. ALMEDA STENGER.—Burns; June 22: Barley, sowed last year, on cultivated ground; 36 inches high; stalk bulky, grain well filled.

Alfalfa, cut above the ground, fine, strong, in blossom, 27 inches high.

A. J. BROWN.—Near Harney, June 23: Alfalfa, in blossom, average stand 38 inches high.

DR. T. V. B. EMBREE.—Near Harney; June 23: Lettuce, Oak Leaf variety; root 4 inches around; leaves green and brown variegated; stalks white, crisp and tender; measured 20 inches straight across the face of the head from tip to tip of outside leaves (exclusive of ground leaves.)

Second head, same variety, 10 inches across.

THOS. HASKELL.—One mile of Burns; June 26: Alfalfa, in blossom, 42 inches high.

MRS. THOS. HASKELL.—June 26: Gooseberries on a single branch; the large English variety; branch 8 inches long; 5 bearing twigs to the branch, containing 151 very large berries; weight of whole, one-half pound.

Flowers: A boquet of cut flowers, from Sweet Williams grown from last year's seedlings; 4 colors, maroon, 2 shades, magenta, and pink and white variegated.

A box of growing plants; June 22: 2 sets of carnation, ready to bloom; 2 thrifty ice plants; 6 petunias, 1 in bloom; a very handsomely made up box, grown from the seed.

MRS. GRACE.—Cage bird; from a mixed canary and linnet singer and pure canary hen; hatched April 22d; is a fine, thrifty, very ugly marked with green, brown, yellow and white, but as a singer, do not believe it can be surpassed.

MRS. T. A. MCKINNON.—Near Burns, June 27: Boquet of Carnations, raised from last year's seedlings. Very large and very fine.

—12 yards Dress Goods, $1.00, at Stenger's, Burns. —

—For all kinds of Stationery go to W. E. Grace's drug store. —

THE June number of The West Shore magazine is accompanied by a large colored supplement of the Chehalem valley, one of the sub-valleys of the beautiful and famous Willamette. The Chehalem valley is one of the leading fruit-raising sections of Oregon, and from a descriptive article in the magazine it appears that much choice fruit land is for sale there at from $15 to $75 per acre. The number also contains an illustrated article on Washington county, also a portion of the fertile Willamette valley, which offers good and cheap homes for thousands. Other descriptive articles, poetry, fiction and a large amount of valuable information about the entire northwest complete the number. The West Shore is the only publication on the Pacific coast making a specialty of describing and illustrating the resources and industries of the great northwest, and should be taken by everyone interested in, or desiring to learn about, Oregon, Washington, Idaho, Montana, British Columbia, or Alaska. A large supplement in tints or colors, accompanies every number. Published at Portland, Oregon, by L. Samuel, at $2.50 a year. Single copies, 25 cents.

### The Red, White and Blue.

[Published by request, so the girls representing the States may learn the words.]

O, Columbia, the gem of the ocean,
The home of the brave and the free,
The shrine of each patriot's devotion,
The world offers homage to thee.
Thy mandates make heroe's assemble,
When Liberty's form stands in view;
Thy banners make tyranny tremble,
When borne by the red, white and blue.

CHO: Hurrah for the red, white and blue!
Hurrah for the red, white and blue!
Thy banners make tyranny tremble,
When borne by the red, white and blue.

When war waged its wide desolation,
And threatened our land to deform,
The ark then of freedom's foundation,
Columbia, rode safe through the storm,
With her garland's of victory o'er us,
As so proudly she bore her brave crew,
And her flag proudly floating before us,
The boast of the red white and blue.

CHO: Hurrah for the red, white and blue!
Hurrah for the red, white and blue!
With her flag proudly floating before us,
The boast of the red, white and blue.

The wine cup, the wine cup bring hither,
And fill ye it up to the brim—
May the mem'ry of Washington ne'er wither,
Nor a star of his glory grow dim:
May our country united ne'er sever,
But stand by her colors so true;
O, the Army and Navy forever!
Three cheers for the red, white and blue.

CHO: Hurrah for the red, white and blue!
Hurrah for the red, white and blue!
O, the Army and Navy forever!
Three cheers for the red, white and blue!
