—Everybody goes to Tex's Saloon

—A load of Warner valley salt in town.

—Notice the premiums offered by THE HERALD.

—D. H. Smith, of Happy valley, is in our town.

—Shooting match for turkeys, at Harney, Thanksgiving.

—Mrs. Haskell moved into her new house several days ago.

—Dr. Ashford is now residing in his new residence on the hill.

—A choice display of Japanese novelities at the Gage Sisters. 3-51

—Deputy Sheriff Biggs was the first one to visit us in our new office.

—Quite a number of Harney citizens were in Burns during the week.

—Fine brandy, at Long & Rosenberg's, for mince pie, sauce, etc. Try it.

—Geo. Stanclift has moved from Happy valley to his ranch just above town.

—HERALD is only $2.50 a year now is the time to subscribe to a live local newspaper.

—Judge Miller moved last week into the residence formerly occupied by D. L. Grace.

—Subscriptions for all newspapers and periodicals taken at the postoffice at publishers rates.

—Newt Hoover, of the Lower Island, paid THE HERALD office a pleasant call in its new quarters.

—Send in your subscriptions, remember for every two cash subscribers, you get 25 No. 1 novel prize.

—We learn that a young gentleman of this town in company with his partner, in endeavoring to find the dance at Harney last Friday night didn't find it.

—Horace Dillard, editor of the Items, who has been ill for some time, we are glad to inform our readers, is improving and says he will in a few days be on his feet again, ready for business.

—Thos. Whiting returned from the railroad last week, with two freight teams loaded with machinery for the new grist mill. We are informed that in three weeks the mill will be making flour.

—The Magic Lantern Exhibition, given in the town hall by H. J. McGhan, was very good. His scenes were all interesting, especially, "The Johnstown Disaster," "The Leap for Life," "The Battle of Gettysburg" and "The Beautiful Snow."

—If you desire to purchase a durable, guaranteed organ or piano, call on Prof. E. A. McCoy, he is agent for several reliable firms and will most assuredly suit you both in price and style.

—Henry Long lost his money and checks, but still he has a supply of the best liquors the market affords and with Bozy behind the bar we hope he will soon replenish the till.

—The O. C. Co., at Huntington, are the leading General Merchants on the railroad. Their increasing business is evidence of their popularity and square dealing with their customers.

—Just received at the Hardware store of Cal Geer. A full supply of the much coveted Buck's cooking stove. Remember it is the best stove made, and all places where this patent has been tried no other brand can be sold.

—Tom Maupin, Tom Whiting and Bill Levens, maliciously and without provocation, took, by force, from the senior editor of the HERALD, his Pennoyer hat, consigning the same to the flames, in the stove of Henry Long's saloon. And to add insult to injury, compelled him to treat; but there's no law in Burns, we're going to "Birds Nest."

—Remember our great offer to subscribers to the HERALD. We will send the entire set of Dickens Works, consisting of 12 vol. postage prepaid, and the HERALD for one year, for $3.10 cents. This is one of the grandest premiums ever offered to subscribers. Remit by registered mail or call at the HERALD office, Burns, Oregon.

—Notice our offer of Premiums. We propose to send to every one of subscribers, who gets us another cash subscriber, 25 good novels, or if in addition to the amount paid for our paper, you give, or send us 50 cents to pay postage, we will have sent to your address the Mammath Cyclopidia, in four large volumes; a very valuable book; or 60 cents we will give Dicken's works, containing 12 volumes.

—If you want THE HERALD and any of the following papers for one year, call at this office and you will be astonished how cheap you can get them. The S. F. Examiner, S. F. Call, S. F. Bulletin, National Democrat, Detroit Free Press, Toledo Blade, Portland World, and various other papers, also, different magazines and story papers; all of Harper & Bro's. works; in fact anything in the reading line you can call for

—Tex's Saloon is the "boss."

—Parties who went from Burns to Harney to the dance last Friday were well pleased.

—E. J. Batten, the western agent of the "Central School Supply House" of Chicago, has sold up to date, the Teachers Anatomical Aid, in the following districts of this county. No. 1, 2, 3, 4, and 17.

—Hon. C. S. Dustin, our representative, who has been visiting our town and Harney, accompanied by his brother, M. Dustin, of Canyon City, inquiring into our legislative wants, left for home, on the stage Tuesday morning. With the Hon. Henry Blackman in the senate and C. S. Dustin in the lower house we will have a good team to represent our district at Salem the coming session.

—Tex's lamp occupies a conspicuous position, and attention is particularly drawn to the nicely finished peice of timber upon which it is hung. It is very luminous, (the lamp we mean not the stick) inviting all to come in and test the quality of the wet goods behind the bar. He has just received a new brand of whiskey called the "Noble crown." If you want a "Noble Crown," call on Tex and gulp it down. The wish for a pleasant stimulent when in town, can be gratified, with this same "Noble Crown." But remember that too much of this "Noble Crown," will most assuredly knock "you" down.

—We have in THE HERALD office a small peice of the timber and lumber, of which the old flat boat was made to explore Malheur lake 25 years ago. Capt. L. L. Williams of the U. S. army, had the boat made, at or near Wrights Point, for the purpose already mention d. There was not a nail in the boat. It was framed and put together entirely with wooden pins, the lumber used was sawed with a whipsaw, and the larger peices were hewed. This boat was made of the first lumber sawed in Harney valley its size was 15 by 8 with masts and sails and intended for a crew of 10 men. John Craven, who presented this office with the small peice of the old boat, was with Capt. Williams at the time, and assisted in making it. The boat was burned by the Indians in 1866.

—Why is it that the boys of Burns prefer to play ball on Sunday instead of going to Sunday school? We counted 35 boys playing ball last Sunday, not further than one hundred yards from the church, and during the hour of Sunday school. Boys do you think it looks manly, manneryly or refined, or rather do you think you are—by such conduct—disgracing yourselves, your families and your town? If there were no such place as Sunday school or church for you to go, your cry would be "we have no Sunday school that we can attend and just as well spend our time in playing," but you have a church and a good sabbath school where you can spend an hour or two with profit to yourselves and honor to your family, town and community.
