Chamberlain's Stomach and Liver Tablets Unequalled for Constipation.

A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation." For sale by all druggists.

Itch—Ringworm.

E. T. Locks, Wingo, Ky., writes April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief having tried all remedies I could hear of besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely." 25c 50c and $1.00 bottle at Model Drug Store and Rotermund's.

Health

Means the ability to do a good days work without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes April 8, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Model Drug Store and Rotermund's.

Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada. For sale by all druggists.

Failed.

All efforts have failed to find better remedy for coughs, colds and lung troubles then Foley's Honey and Tar. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." For sale by H. A. Rotermund.

Grave Trouble Foreseen

It needs but little foresight to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Sold under guarantee by all druggists.

A Menace to Health

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. For sale by H. A. Rotermund.

Agonizing Burns

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rynobark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; it blistered all over. Bucklen's Arnica Salve stopped the pain, healed it without a scar." 25c at all druggists.

EARLY CLOSING MOVEMENT

Merchants Want to Close Stores an Hour Earlier.

The early closing movement is again under consideration in Grants Pass and an effort is to be made to secure the closing at an earlier hour than is now the rule of stores, barbershops and saloons. The stores now close at 7 p. m., the barbershops at 8 p. m., and the saloons at 1 a. m.

The merchants favoring the early closing claim that there is little business after 6 o'clock, for from that hour to 7 o'clock is the supper hour for most people and few persons on the streets at that time and the profit on the sales made from 6 to 7 o'clock usually barely equal the light, fuel and other expenses. Then the 7 o'clock closing makes a very great inconvenience to the business men in their supper hour. If they go to their meals at the hour when other people dine, they have barely time to get back to their stores by closing time.

The barbers think that 13 hours steady work during which they are on their feet almost constantly with not even a rest at mealtime, for they have to hurry back to their shops, is more than should be required of a man. While 13 hours is rather a long shift to be on duty, especially at work that makes standing a necessity, yet to get their customers to take kindly to the new rule that will require them to get shaving done during regular business hours is a matter that may not be so easily accomplished by the barbers.

Resolutions of Candolence

Whereas, The Great Architect of the universe has in His wisdom called from labor to refreshments, our beloved brother, D McCarthy, who was an honored member of Grants Pass Lodge, Number 84, A. F. & A. M. makes it eminently befitting that we, as a lodge, record our appreciation of him,

Resolved, That the wisdom and ability which he has exercised in the aid of our lodge by services, contributions and counsel, will be held in grateful remembrance.

Resolved, That with deep sympathy with the bereaved relatives of the deceased, we express our hope that even so great a loss to us all may be overruled for good by Him that doeth all things well.

Resolved, That a copy of these resolutions be spread upon the records of this lodge, a copy presented to the local papers, and a copy forwarded to the bereaved family.

(Signed) James Holman

The above resolutions were unanimously adopted by Grants Pass Lodge, No. 84, A. F. & A. M., February 4th, 1905.

Resolutions of Condolence

To the Master Workman, Officers and Members of Josephine Lodge, No. 112, A. O. U. W.—

We your committee, duly appointed to prepare resolutions of condolence to the widow, family and friends of our lately deceased brother, J. G. Schmidt, respectfully submit the following:

Whereas, Our beloved brother, J. G. Schmidt, has passed from this Lodge to the Supreme Lodge above;

Resolved, That we sincerely feel that we have lost a faithful member of our order, a brother whose memory will always be held in kindly remembrance, and cherished as that of a true and loyal Workman. Be it further,

Resolved, that we sincerely share in the sorrow of the bereaved family and extend to them our heartfelt sympathy in this their misfortune, commending them in this, their greatest affliction to the tender care of Him who said—"Come unto me all ye that labor and are heavy laden and I will give you rest." And be it further,

Resolved, That a copy of these resolutions be suitably engrossed and sent to the widow and family of our deceased brother and that a copy thereof be duly placed upon the records of this Lodge.

While there is much good farming land in this locality, yet not potatoes enough for the local demand are raised here and potatoes are imported from the Willamette valley.

The Greenback mine is installing a cyanide plant that is different from the old style and which is claimed will handle more ore and save more gold than the old style machines.

Men of money are looking after claims on Whiskey creek with a view of buying. The ledges of this district are known to be rich, but have not been developed as the owners lacked the money. Mr. Bracken is in the same fix—plenty of fine ledges, but the owners are unable to develop them and prospective buyers offer too low a price to suit the owners. The placer miners have done but little mining this winter as the dry weather has cut short their water supply.

Provolt Items.

Mrs. Wm. Harriett of Applegate was at Provolt Wednesday to get a supply of garden seed and onion sets to plant for early use.

Dr. J. A. Lewman of Provolt made a trip to New Hope district the latter part of this week. He reports that there are a few cases of grippe but none serious.

School closes at Provolt Tuesday, February 14. Helen McCoy of Grants Pass has been the teacher and under her charge the school has been a success. Wednesday the third term will begin with Miss Minnie Wood of Grants Pass as teacher.

The Fields Bros. have taken a job at the placer mine of J. T. Layton and started to laying pipe the first of the week, which was finished Saturday. Mr. Layton will star his pipes to tearing the banks for the spring and summer run which will last for about seven months. Mr. Layton's mine is in Ferris gulch, which empties into the Applegate river. This mine is the best placer property in Jackson county.

After an illness of several days, Dr. McFadden passed from this life on Sunday, February 5, 1905 at the age of 65 years, 1 month, five days. He was born in Ohio, January 1, 1840. The funeral services, which were conducted by Rev. Hickman of Murphy, were held at the graveyard on Tuesday at 11 o'clock, a. m., after which a large concourse of friends and acquaintances followed the remains to their last resting place in the Missouri Flat cemetery. Dr. McFadden bore his short suffering without a complaint, but was always cheerful and had a pleasant smile for everyone even during the last moments of his suffering. He was loved by all who knew him, by his kind and good disposition; he will be greatly missed by the neighbors and friends but most greatly by his kind and loving wife and children, who so kindly and tenderly administered to his wants during his sickness.

Dick Mansfield of Thompson creek was at our burg Tuesday to have some blacksmith work done. Mr. Mansfield stated that every thing at present is in the stir and the mining industry is taking the attention of most of the settlers. He also stated that there are many prospectors in the hills and that a large number of good quartz pockets and ledges have been uncovered in the past few months. From all reports the Applegate valley and mountains surrounding it, will prove to be one of the leading gold producing valleys of Southern Oregon. It is just of late that so many mines have been found and many of them we hope will prove to be valuable and prove to be other Greenbacks. This valley has been one of the richest placer mining camps in the state when it was worked some 40 years ago by the early settlers. An old settler stated that they used to get pieces of quartz that contained $50 to $60 in gold. This quartz was of a rose color and it has been hunted for many years but has not been found.

La Grippe and Pneumonia.

Pneumonia often follows La Grippe but never follows the use of Foley's Honey and Tar. It cures la grippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Yaeher, of 157 Osgood St., Chicago, writes: "My wife had a severe case of la grippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely. For sale by H. A. Rotermund.

"I WANT A BELT"

is a laconic definition of a robust life. It's quick work going down the hill but it's a long climb back to the sunny heights. It is very much that way with health; it is quickly lost and slowly regained. When the first symptoms of failing health appear, proper care may prevent the descent into weakness and debility. Usually the complication of disorders known as general debility has its origin in a diseased condition of the stomach and other organs of digestion and nutrition. These diseases are perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. It cures through the stomach disorders which have their origin in a diseased condition of the stomach.

There is no alcohol in the "Discovery," neither opium, cocaine nor other narcotic.

"I was all run down, had no strength, had sharp darting pains all through me; could not get back to work every day," writes Mrs. [illegible] of Salem, Mass., N. Y. "I was also troubled with a distressed feeling in the stomach [illegible] in front of the kidneys. I had a severe cough and it nearly killed me to draw a long breath. I was so sore [illegible] my lungs.

"I wrote to Dr. Pierce, telling my symptoms as near as I could. He sent me a very kind letter advising me to try his medicines, which I did and [illegible] I had taken them a week I was decidedly better. I took two bottles of the 'Golden Medical Discovery' and two vials of the 'Pellets.' [illegible] better in every way."

Dr. Pierce's Pleasant Pellets are a cure for biliousness.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar, many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safe for children and delicate persons. For sale by H. A. Rotermund.

Perfect Confidence

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. L. Barford, of Peoleville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough remedy. My child is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

W. C. T. U. Column

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

Notwithstanding the disagreeable weather of Friday, February 10th, a goodly number of ladies assembled at the pleasant home of Mrs. C. V. Henkle, it being the regular meeting of the W. C. T. U. Nearly all of the officers and superintendents were present and reports were promptly given. A committee of six had visited the Miners Association Reading Room on their specified days and found the manager very polite and kind.

A donation from the mother of our honorable editor, Mr. Voorhies, was accepted with a rising vote of thanks. We are grateful, too, that the above named editor is the son of a W. C. T. U. woman, and that no part of his paper is devoted to the interests of the saloon. Christian citizens should appreciate and patronize their county paper that gives all needful news, but never sells its space to advertise that which can only harm the people.

The program was in charge of Mrs. Hale, superintendent of the department of Anti-Narcotics, and all enjoyed the instrumental solo by Mrs. Wilson and also the address by Rev. J. D. Travis, who said in commencing, that he was proud of the fact that his mother was a W. C. T. U. woman. He read an able article from Robert Whittaker on the wastefulness, the filthiness and the unhealthiness of the tobacco habit; also gave some good advice to mothers in regard to keeping their boys from forming the habit of using tobacco in any form. To young ladies he said, "When a gentleman asks you if smoking in your presence is offensive, never tell him no; be candid with yourself and others. They will respect you more."

After the close of school, some of the members of the Y's favored us with a song, when the meeting was adjourned to meet with Mrs. Fay in two weeks, Feb'y 24th at 2 o'clock, P. M.

An Easterner, riding on a mail stage in Northern Colorado, was entertained by a dialogue which was sustained upon the one side by the driver and upon the other by an elderly passenger, evidently a native of the region.

"I understand you're temperance," began the driver.

"Yes, I'm pretty strong against liquor," returned the other. "I've been set against it now for 55 years."

"Scared it will ruin your health?"

"Yes, but that isn't the main thing."

"Perhaps it don't agree with you?" ventured the driver.

"Well, it really don't agree with anybody. But that ain't it either. The thing that sets me against it is a horrible idea."

"A horrible idea! What is it?"

"Well, 35 years ago, I was sitting in a hotel in Denver with a friend of mine, and says I, 'Lets order a bottle of something,' and says he, 'No sir. I'm saving my money to buy government land at one dollar and a quarter an acre. I'm going to buy tomorrow, and you'd better let me take the money you would have spent for liquor and buy a couple of acres along with mine.' I says, 'All right.' So we didn't drink, and he bought me two acres. Well, sir, today those two acres are right in the middle of a flourishing city, and if I'd taken that drink, I'd have swallowed a city block, a grocery store, an apothecary's shop, four lawyer's offices, and its hard to say what else. That's the idea. Ain't it horrible?"
