TO SCALE RAINIER'S CREST

1905 Outing of Mazamas and Sierrans.

The annual field outing of the Mazamas for 1905, will be held at Mount Ranier. Headquarters will be established in Paradise Park.

Mount Rainier is the highest and largest mountain in Oregon, Washington, or California. The only other snow-clad mountain on the Pacific Coast comparable with it in respect of rising from a comparatively low plain is Mount Shasta; but even it yields in altitude and volume to the huge bulk of Ranier, sweeping in magnificent outlines almost from the level of the plains to a height of 14,528 feet. Surrounded by gigantic forests, and is situated west of the Cascade divide within sight of the Pacific, from whose restless surges the landward breezes distribute an enormous snow and rainfall during six months of the year, Mount Ranier is peculiarly favored for the creation of a vast glacier system, in this respect outranking any mountain in the northern hemisphere outside of Alaska, its area of glacier and perpetual snow comprising 32,500 acres. One of its large glaciers, the Nisqually, presses down below timber line, discharging its flood of water and glacial material into the canyon of the Nisqually river within easy walking distance of Paradise Park, thus affording excellent opportunities for glacial study and observation.

The Sierra club of California, comprising a membership of about 900, has decided on a trip to Mount Ranier for its 1905 outing, taking in Mount Shasta, Mount Hood, Columbia River, and Lewis and Clark Fair as side issues. The Ranier expedition will be in a measure a joint outing of the Sierrans and Mazamas.

A special train carrying the Sierra Club party will leave Portland about 10 o'clock a. m. Monday, July 10, going through to Ashford without change. The Mazamas will not leave Portland until Thursday, July 13. A car for their accommodation will be attached to the regular Northern Pacific train, which leaves Portland at 8:30 a. m. On arrival at Ashford, about the middle of the afternoon, the party will go into camp for the night.

From Ashford to Longmire's Springs, about twelve miles, most of the party will walk. The first day's march will end at the springs, thus affording part of the day and one night to enjoy the hot baths and many other interesting features near by. The following day a tramp of six or seven miles over a picturesque route through the Nisqually canyon will land everyone in Paradise.

A Chicago Alderman Owes His Friction to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity, a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided." This remedy is for sale by all druggists.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead of these complaints and, although I tried my family doctor, he did me no good. So I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists at 50c a bottle.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs and prevents serious results from a cold. Refuse substitutes. For sale by H. A. Rosenmund.

Death Rate in New York and Chicago.

During November and December, 1903, one fifth of the deaths in New York and Chicago were from pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs and prevents pneumonia. It does not take chances on a cold wearing away when Foley's Honey and Tar will cure you quickly and prevent serious results. For sale by H. A. Rosenmund.

Startling Mortality

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and billiousness." 25c at all druggists.

Greenback Gleanings.

Rumor has it that we will have a wedding here in the near future.

Newt Gordon, a mining expert from California, was seen on our streets last week.

After nine months absence, Mr. and Mrs. W. S. Webb returned to their home at Greenback.

Cloudy weather but very little rain. Grass is growing, hills are covered with wild flowers.

Professor Chillicute and wife will organize a dancing school at the Greenback hall this week.

The Scenic mine is undergoing development work, which is giving great encouragement to the owners.

Everything is flourishing at the Greenback, both mills running day and night, plenty of water and an abundance of work.

Grand ball on the 17 at the Greenback hall. Good music and a good time is expected as no pains will be spared in making all enjoy themselves.

Roy Bishop went to Glendale Friday to meet W. H. Brevort. They go from there to Mt. Reuben to look after their extensive mining interest in that section.

The big mule team recently bought by the company is the center of attraction. Roy is as enthused over them as a boy is when he gets a pair of red topped boots. Incognito.

To Give Evening Concerts.

The Grants Pass Concert band will give a grand ball at the opera house on Friday evening, March 31, for the purpose of raising funds to meet the expenses of purchasing a new set of music. On the arrival of Prof. J. B. Sibbetts in Grants Pass the band was reorganized and greatly strengthened by the addition of some new members, who are good musicians and the band is now in shape to within the near future attain to the old-time proficiency when they were the crack band of Southern Oregon.

The boys have to devote much time to practice which with the expense they are under for instruments and music, make the burden rather heavy on them and the public should give them hearty encouragement by aiding them with their ball.

The band boys are making rapid progress under Prof. Sibbets and are now able to handle a high class of music with a very good degree of proficiency. So soon as the weather becomes pleasant the band will give concerts on Friday evenings on the railroad plaza, provided the citizens desire it and will contribute toward the expense of purchasing new music and of meeting the other expenses of the band.

Williams Church Prospering

Rev. A. J. Stamer, pastor of the M. E. South church at Williams, was in Grants Pass Saturday. Rev. Stamer stated that he closed a series of revival meeting at his church on Sunday week that were well attended and which resulted in 13 conversions, and the reclamation of several persons who had gone astray from the church.

The Williams church organization owns five acres of land and on it has a church edifice, a parsonage and a cemetery. The cemetery occupies an acre of land and it has been put in neat shape this winter and the money and labor has been subscribed with which to have it fenced. The remainder of the land will be devoted to an orchard, garden, grass plot for the minister's use and Rev. Stamer employs the spare time of his parochial duties in clearing it of timber and getting it into cultivation. That Rev. Stamer is a hard worker and improves each minute of his time is proven by the prosperous condition of his church and by the substantial improvements that he is making on the parsonage grounds. As his salary is somewhat modest, the produce from the parsonage grounds will materially aid in lessening his family living expenses.

Gives Health, Vigor and Tone.

Hertine is a boon for sufferers from anæmia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone manifestate. New life and happy activity results. Mrs. Belle H. Shipp, Mildleborough, Ills., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Hertine. I have wished that I had known of it in my husband's lifetime." 50c at Rosenmund's and Model Drug Store.

Women's Kidneys

Women are more often afflicted with kidney disorders than men, for at attitude the symptoms to disease peculiar to their sex, while in reality the kidneys are deranged. Nervousness headaches, puffy or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. For sale by H. A. Rosenmund.

Invaluable for Rheumatism.

"I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains." Sold March 8th, 1903, John C. Degnan, Kingman, Ills. For sale at $1.00 at Rosenmund's and Model Drug Store.

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lumbard, of Syracuse, N. Y., had not done this for he could for his suffering son. "My boy," he says, "was a terrible sufferer from eczema, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eyes." Only 25c at all druggists.

Free Methodist Quarterly Conference.

The Free Methodist people have resumed work on their church building, the frame work for which was put up last fall, and it is their intention to have the building so far completed that they can use it as a place of worship during the warm months now at hand. Their membership is small and not being wealthy their building operations are kept within their means for it is not their rule to go into debt. The building will be merely inclosed and the floor laid and the doors and windows put in now, leaving the ceiling and painting to be done this fall, after which the dedication of the church will take place.

On Thursday, March 30, the Free Methodists will begin their first district quarterly conference in the new building. The conference will begin Thursday and there will be afternoon and evening services for that day and for Friday and Saturday, while for Sunday there will be morning, afternoon and evening services. Rev. R. H. Dollarhide of Roseburg, presiding elder for this district, will have charge of the meetings and all of the ministers of the denomination in Southern Oregon will be in attendance.

New Hope Items.

Mr. and Mrs. C. Hathaway were on our streets today.

We are having a few nice showers which make things smile.

The Murphy Ditch Co. expect to try the new ditch this week so as to be ready for the spring irrigating.

Jewell & Borough have just finished planting 45 acres of hops and are preparing to put in 15 acres of spuds.

The party given at the home of J. McAllister on the 10th was a great success. There were just enough present to have a good time. First class music was furnished by L. and J. Jewell and J. Stringer. Bob.

Golden Gleanings

Mr. and Mrs. William Ruble have returned home from Ashland.

D. E. Pope's baby has been very sick but is gaining slowly.

Born—March 5, 1905, to Mr. and Mrs. A. Spance of Golden, a daughter.

Mr. V. Garden of Golden was in Grants Pass one day last week on busine s.

Mrs. Blalock has been quite ill for some time. Her friends hope she will soon be better.

The new stamp mill of Clark & Son, was taken in and will soon be put up in running order.

The placer miners are trying to clean up, but water is so short that it is hard to water to get clean bed rock.

Garden time has come and the peach trees are blooming and grass and grain is growing luxuriantly. We have had a lovely winter.

Fred Rose of Golden had quite an accident while driving over an old bridge which was built some 20 years ago. The stringers were rotten and when he drove on the bridge the horses went through. Mr. Rose jumped from the wagon and as good luck was in his favor, there was no damage except a broken neck yoke.

On March 12 we had the hardest wind storm that has occured for a long time. Timber has fallen in all shapes and directions, fences are blown down, wagon roads are full of timber and many ditches are damaged badly. In some cases trees came near falling on houses. The doctor from Glendale came near getting a tree on himself and his buggy, but got out safe. It was a good thing that the ground was dry; if it had been wet with such a wind, there would not have been a tree left standing where the storm was worst. Slim Jim.

Davidson Items.

Rollie Carter of Kubli, was a visitor at Grants Pass Thursday and Friday.

Clinton Cook and wife of Appgate paid Grants Pass a visit Thursday.

Mr. R. J. Cook of Applegate visited Grants Pass on business Saturday.

Mrs. Perry, Mrs. White and daughter Edna visited your town Saturday.

T. Lemar who is working for Chas. Burnsides, paid Grants Pass a visit Saturday.

Wm. Paris of Applegate is doing some carpenter work for Mr. Sarson this week.

Burt York of Davidson visited his brother-in-law, Wm. Messenger, at New Hope Saturday.

Mr. Prescott of Portland has been visiting Mr. Dangermer this week. He returned Wednesday.

School is going to start at Mineral Flat the next week. They have employed a teacher from Grants Pass.

Jas. Dangermer has been sowing some alfalfa this week and this rain that we are having now will give it a good start.

W. H. York took a load of produce to Grants Pass one day this week, he has quite a lot of good potatoes on hand this spring.

The farmers who have been waiting to see if Gale are getting happy again as the weather has changed and the prospects for rain are favorable.

Mr. Revenaugh, the county surveyor is doing some work near Davidson this week for Mr. Cain, Mr. Hallett, J. W. York and W. S. Dailey.

Jas. J. McFadden, who came up from California over a month ago, returned to Cut Bank Monday. He is going back there as he is in the market for horses and cattle.

Leland Siftings

Died—At Clackamas, Mrs. T. J. Clark. Her former name was Goff and she lived here since infancy. She was loved and respected by all who knew her. She leaves quite a family.

We are having cloudy weather with a light sprinkle of rain. A good rain would do good at the present time, as the upland is quite dry for plowing. Grain and grass also would be helped if we had a good rain.

People are well along with their gardening. We see a correspondent of the Courier states that alfalfa is two inches high. We have it here seven inches high. How is that for the first of March? Everything is promising, bright clouds are circulating, so we are looking forward for a successful year.

New buildings are going up in Leland. Grants Pass is forging ahead of Leland, but Grants Pass is an older town. Wait a little while as Leland takes no back sets, but grows steadily with the rich mining country also extensive farming country around it. New mines are being opened which are lasting.

Some people who once lived here became dissatisfied, went away, and traveled around, but were glad to come back and now are wanting work, and say they are willing to live at Leland as the climate agrees with them. It is so exhilarating with such pure water. Anything that is needed can be purchased at the stores.

A good deal of gardening is being done in this vicinity as a large number of railroad men will be here this summer. No sickness to report. We have plenty to eat, good clothes to wear, so with a clear conscience we are a happy people. Wide Awake.

W. C. T. U. Column

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

The Frances E. Willard National Temperance Hospital, formally opened on February 17, is located at 345 South Lincoln street, Chicago. The new building is a commodious, four-story, fire-proof brick structure. A remarkable fact of its construction is that the floors are of concrete finished with tile, no wood of any kind being used in their construction and all partitions and stairways are of fire-proof material. All electric wires are in iron conduits embedded in the floor and partitions.

The building covers an area of 96x76 feet, basement and four stories in height. It embodies simplicity in design and construction. The exterior is of gray pressed brick with stone trimmings, the large front court giving ample light to the private rooms while giving the building a more homelike appearance.

An electric elevator is installed in the building. The laundry equipment and drying rooms are of the latest improved machinery and most complete, being operated by steam power.

The basement and one-half of the first floor are used for administrative purposes and the rest of the building for private rooms, wards and operating rooms, making accommodations for about 75 patients. The operating rooms have been erected with the greatest care; one is in the form of an amphitheater, providing for about one hundred seats; the other is a private operating room. The sterilizing room, located between the two operating rooms, is thoroughly equipped with the latest and most approved apparatus. The solid porcelain fixtures in the physicians' lavatory are so arranged that the water supply is controlled by foot pedals; a shower is also provided for in this room. The culinary department in the basement has been made very complete, the kitchen having direct access to a dumb-waiter leading to the diet kitchens on each floor, which latter are also thoroughly equipped for service independent of the main kitchen. Cold filtered water can be drawn on each floor for drinking purpses.

The heating and ventilating system is most complete in all its appointments, ample provisions having been made for introduction of fresh, warm air and the exhausting of foul air from all the rooms. The committee have spared neither pains nor money to make this building a model of its kind, in honor of its founder, Mrs. Frances E. Willard. It is hoped the building may be dedicated free from debt; the land, building, and equipment have cost $100,000. The public and friends of the prohibition cause and all sympathizers are earnestly requested to become interests in this enterprise and to lend their assistance by way of donations and bequests.

Feb. 17 was a red-letter day in the history of the Frances E. Willard National Temperance Hospital, Chicago, when it was formally dedicated to the principle of non-alcoholic medication.

In the completion of this beautiful, commodious, and up-to-date hospital, most complete in all its appointments, the board of trustees has realized its aim and ideals. It has been a long, hard struggle bravely fought for the principal of total abstinence, and gradually won in the face of many obstacles.

During the 18 years of its existence its record for training nurse attending staff, and giving the most complete service to patients, has been most satisfactory; the death rate has been very low.

The Happy Home.

Happiness must be founded on health. Where there is ill-health there will surely be unhappiness. The happiness of many a home has received its downfall at the table, spread with rich and dainty foods. The first symptoms of disease of the stomach are ignored as being disagreeable but not dangerous. Presently dyspepsia or some other form of disease fastens on the stomach.

At any stage Dr. Pierce's Golden Medical Discovery will cure diseases of the stomach and other organs of digestion and nutrition. But the cure is quicker if the "Discovery" is used in the earlier stages of disease. If you have any symptoms of diseased stomach use "Golden Medical Discovery" and be cured.

"I feel that I would be doing an injustice to you if I did not send you a statement of my case," writes Mrs. David W. Guice, of Hamburg, Franklin Co., Miss. "I had liver complaint and indigestion. Everything that I ate disagreed with me. I suffered all the time with sour rising in my breast. Heart beat too fast, my feet and hands were cold all the time. Did not sleep well at all. Was able to get about but very little. I commenced to use Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' in May, 1897, and by December I could begin to get about very well. Have been doing my work ever since. Feel better than I have for several years."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. "If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have $1.00 bottles of Wine of Cardui.

CONTEST NOTICE.

Department of the Interior, United States Land Office.

Roseburg, Oregon, Nov. 2, 1904.

A sufficient contest affidavit having been filed in this office by H. J. Schmitt contestant, against homestead entry No. 11,014, made July 14, 1902, for W½ SW¼, SW¼ SW¼, Section 18, Township 31 S., Range 7 West, by James A. Bush, contestee, in which it is alleged that the said entryman died in February, 1903; that during his lifetime he failed and neglected to establish a residence or reside upon said land, but resided upon adjacent land; that since his death the heirs-at-law have wholly failed and neglected to reside upon or improve the land, as required by law. Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m., on April 3, 1905, before John M. Booth, U. S. Commissioner, at his office in Grants Pass, Oregon, and that final hearing will be held at 10 o'clock a. m., on April 13, 1905, before the Register and Receiver at the United States Land Office in Roseburg, Oregon.

The said contestant having, in a proper affidavit, filed November 2, 1904, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication. J. H. BOOTH, Receiver.

In the Name of the State of Oregon, you are hereby cited and required to appear in the County Court of the State of Oregon, for the County of Josephine, at the Court Room thereof, at Grants Pass in the County of Josephine on Tuesday, the 28th day of March, 1905, at 10 o'clock a. m., then and there to show cause, if any there be, why an order should not be made for the sale of Lot 2 in Block F, Bourne's First Addition to the City of Grants Pass in Josephine County, Oregon, and particularly described and bounded as contained in the petition for the sale thereof, as prayed for in the Administrator's petition therefor.

Witness the Hon. J. O. Booth, Judge of the County Court of the State of Oregon, for the County of Josephine, with the seal of said Court affixed, this 23d day of February, A. D. 1905.

Attest: S. F. CHESHIRE, Clerk.

SEAL.

NOTICE OF ADMINISTRATOR'S SALE OF REAL PROPERTY.

In the County Court for Josephine County, Oregon.

In the matter of the Estate of John Every, Deceased.

NOTICE IS HEREBY given that pursuant to an order duly entered in the County Court for Josephine County, Oregon, in the above entitled cause, of date, Feb. 23, A. D., 1905, wherein it is ordered and directed that the real property of the above named John Every, hereinafter described, be sold at private sale for the purpose of paying charges and claims against said estate, expenses of administration, and for the purpose of distribution.

NOW THEREFORE, I hereby give notice that I will after April 7, A. D., 1905, sell at private sale to the highest bidder, for terms cash in hand, or for approved security upon said real estate by first mortgage, with half cash down, the following described premises, to-wit:—

The SE¼ of the SW¼ and the SW¼ of the SE¼, Sec. 22, Township 35 S, R 6 W of Willamette Meridian.

Also the NE¼ of the NW¼ and the NW¼ of the NE¼ of Sec. 27 Township 35 S, R 6 W of Willamette Meridian all in Josephine County, Oregon.

Dated this 10 day of March, A. D., 1905.

JOHN DEVENY, Administrator of the Estate.
