THURSDAY..... OCTOBER 15, 1896

The D. P. and A. N. steamers, Regulator and Dalles, will begin regular trips through the Cascade locks within 10 days. With the understanding, of course, that the secretary of war consents.

Taxpayers have to pay the costs of too many personal spites and petty quarrels. The Clatsop county grand jury for instance, must be hard up for ways to burden the taxpayer when it indicted County Judge Gray for carrying concealed weapons.

Several small banks in Oregon have been robbed in the last year or two, and the robbers escaped, but that citizen of Wallowa county who last week stopped a bank robber with a rifle and saved the expense of a trial, is a public benefactor. He was just the right man in the right place and at the right time.

The Chronicle says one of the prettiest show windows in The Dalles is that of Harry Liebe. Fine jewelry always makes a brilliant display, but the arrangement and variety in this window shows excellent taste. The display is enhanced by six bicycle prizes, two of gold and four of silver, ordered for the bicycle races during the fair. The medals will be a powerful incentive to the local cyclists to enter in the contests next week.

If the good Ben Franklin were back among us once more and could take part in the excitements of the campaign it is safe to say that he would approve the publication of an appendix to his Poor Richard almanac. The almanac would contain a number of such timely advices as these: Never get into a political dispute unless you see a chance to make an effective point or a convert to your own views. Never lose your temper in a debate. Never berate your antagonist and call his friends names while at the same time you are trying to persuade him. When talking about finance use facts; eschew generalities and rhetoric. Never get into fisticuffs about politics; it does no good, and, besides, you are liable to get hurt. Talk only at times and places when and where you seem to have a fair chance of convincing the people you talk to. And don't talk too much. Poor Richard's observations on these points would be highly useful at the present jucture.

The New York bookmakers have announced their odds on the presidential election and bets are being liberally posted. The tables of odds have been prepared by careful speculators, who make a business of that sort of thing, and may be regarded as showing how professional betters value the chances of the leading candidates. The quotations show that the speculators have no doubt of the election of McKinley, as they offer 2½ to 1 in his favor on the general result. They are even more confident that the Ohio man will carry New York state, the odds offered on him being 6 to 1. The odds opposite each state in the table are on the candidate carrying such state, and not against him:

Alabama, 2½ to 1 on Bryan.
Arkansas, 4 to 1 on Bryan.
California, even on McKinley.
Colorado, 4 to 1 on Bryan.
Connecticut, even on McKinley.

THE PUBLIC TAKE NOTICE.

Dr. Darrin of New York, San Francisco and Portland, the celebrated Electro-Magnetic Physician and Healer of thirty years practice has consented and is coming to Moro for two weeks, stopping at the Moro Hotel, commencing October 17th to November 3d.

* * *

A MYSTERIOUS POWER.

Electro-Magnetism as a Curative Agent.

During the past century there has been a great revolution in the department of medicine as in everything else. The old methods to a great extent have been laid away forever and, guided by new scientific discoveries and the elevation of hitherto hidden truths, the people of today see clearly and surely where before they saw through a glass darkly. Among the greatest exemplars of this new regime is Dr. Darrin.

In the main Dr. Darrin uses electricity, applied or imparted to the diseased members by rubbing or manipulations. He does not, however, rely wholly upon this as he uses remedies in special cases. Some people who have not received treatment pronounce him a great humbug, while hundreds of others speak of him in terms of highest praise. What physician of any note or practice against whom there will be no such denunciations? Dr. Darrin does not pretend to, nor can he, cure everything and everybody that comes, but we know that multitudes have been greatly benefited or permanently cured by his treatment. The fact that his offices are crowded the greater portion of the time, and that so few go away dissatisfied is pretty good evidence of his success. We would not knowingly puff up a fraud, either as a physician or otherwise, but facts seen with your own eyes can not be controverted.

Dr. Darrin makes a specialty of all diseases of the eye, ear, nose and throat, catarrh and deafness, bronchitis, la grippe, consumption, dyspepsia, contraction, heart, liver and kidney disease.

He permanently cures all diseases of the genito urinary organs, in either sex, such as loss of manhood, blood taints, syphilis, gleet, gonorrhea, stricture, spermatorrhoea, seminal weakness or loss of desire or sexual power in man or woman.

All peculiar female troubles, irregular menstruation, lucorrhoea, displacements, etc., are confidential and successfully treated, as well as all acute, cronic and nervous diseases of whatever nature, if curable

A Remarkable Cure

Performed on an aged lady well known in Baker City:

To all whom it may concern:

This is to certify that I have had a complication of diseases for many years, such as kidney, liver, sick headache, erysipelas, rheumatism, cramps, etc. I have been treated by Dr. Darrin only three times as yet, and I have been so much benefitted by his treatment that I feel twenty years younger than I did when I came under Dr. Darrin's treatment.

Respectfully yours,
MRS. MATILDA KIEFFER.
Baker City, Oregon.

Office hours are 9 a.m. to 8 p.m. Charges for treatment low and reasonable according to ability to pay.

Most cases can be treated at home after one visit to the doctor's office. All business relations with Dr. Darrin are strictly confidential.

Atkinson's majority in Georgia is 36,000; Cleveland's was 81,000. It seems as if something drapped down thar. There appears to be a good deal of a slump in Florida also.

Sherman county is to have some first class political speakers yet this month. Hon. J. W. Ivey at Rufus tomorrow (Friday) evening; Hon. T. T. Geer as advertised, and Hon. B. Herman at Moro on the 30th. Fall into procession, it's all for good government, sound money, protection, prosperity and McKinley.

Right prevails occasionally, and Moro has a Republican Justice Dispensary at last in the office of L. W. Hunting, who was buncoed out of it last June by a most shameful and barefaced piece of political jugglery which will never be forgotten. Mr. Hunting is the choice of the people and will fill the position with credit to the community and honor to himself.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving **BLOOD.**

GRAND JURY REPORT.

In the Circuit Court of the state of Oregon for Sherman county in the matter of the final report of the grand jury for the October 1896 term of said court.

To Hon. W. L. Bradshaw, judge: We the grand jury, hereby submit the following as and for our final report.

We have been in session three days and have found and returned one true bill and one not a true bill, and have examined several other matters which we have not deemed of sufficient importance to report.

We have examined the offices of the Clerk, Sheriff and Treasurer and find them and the books, papers and records therein all in good order and in all respects well and properly kept so far as we are able to judge.

We find however that the cement floor and ceiling of the vault in the Clerks' office cracked in several places and recommend that the same be repaired by the County court. We also examined the Co. jail and find the same in good order except that we recommend that the cell should be repainted.

We have examined into the condition of the county poor and find that there is only one county charge and that he is in all respects well and properly cared for by the County court.

And now, having completed our labors for this term of court we respectfully ask to be discharged. Dated this, 7th day of October, 1897. G. P. Higinbotham, Foreman.

Another Smart Woman.

My husband is poor but proud and he does not want me to work, as I have nothing to do I get restless and after reading in your paper Mrs. Russell's experience selling self-heating flat irons I concluded I would try it. I wrote to J. F. Casey & Co., St. Louis Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my sample iron I started out and sold 8 irons the first day, clearing $12. I have not sold less than 8 any day since and one day sold 17. I now have $226 clear money and my husband does not know I have been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone. AN ANXIOUS WIFE.

You are doing just right, your husband should be proud of you, go ahead and show the world what an energetic woman can do. That self-heating iron must be a wonderful seller as we hear of so many that are succeeding selling it. 2

Money! Make it Yourself.

I have never seen anything in the papers about the People's Wind Mill: we call it the "People's" because the inventor never patented it, but let everybody use it free. Any farmer can make a mill himself, and all the material complete will not cost over $10. It is a splendid mill, will pump the deepest wells and will last longer than any mill I ever had. Any person can get diagrams and complete directions free, as I did by sending 18 two-cent stamps to pay postage, etc., to E. D. Wilson & Co., Allegheny, Pa. Wilson & Co sell pumps and when over get your wind mill going would be glad to sell you a pump if you need it. It is certainly useless to pay $50 or $60 for a wind mill, when you can make one just as good for $10. I think there could be big money made putting these mills up through the country, as everybody would like them. 2

Hair Restored to Natural Color.

I have used many preparations for restoring hair to natural color, but never had satisfactory results till I used Zulu Vulier; it will restore any hair or beard to its natural color in three weeks. If it does not they return your money, so you take no risks. People who have never tried it can get a sample package which contain enough to restore any one's hair to natural color, by sending 21 two-cent stamps, to pay postage, etc, to Wilson & Co, New Coneord, Ohio

The regular price is $2.50 per package. If it does not restore your hair to natural color, or make any color of hair darker in three weeks they will return your stamps. This proposition is so fair that thousands are using it. It is harmless, but never fails Why can't big money be made by selling Zulu Vulier from house to house? 0

Persons who are buying second-class fruit trees from abroad can get the same kinds of trees of Tillett for less money the Glacier says. He has 2,000 second class trees, two to three feet high, well rooted —Yakima, Spitzenburg, Ben Davis, Gano, King, Red Russian, Delaware Red and Jonathan—which he will sell for $25 per thousand. Or, if you wish first class trees at regular rates, he can accommodate you.

THE ..... CAMPAIGN! Commences This week With me.

I MEET DALLES PRICES.

I shall not wait to rent a hall, or obtain speakers, or hire a brass band. I have already placed on sale my first consignment of new fall goods. Either "gold bugs" or "silverites" can share in the distribution of seasonable merchandise at prices which will at once be the surprise and delight of those who appreciate exceptional values.

There has never been a season when shrewd buying could accomplish so much. The result is that the goods I offer this week are the best value I have ever been able to give. It will be to your own best interest to pay me an early visit.
