Inman, Paulsen & Co. of Portland, the leading manufacturers of lumber in the Pacific Northwest, have a representative in Moro who can very materially enable farmers to reduce the cost of their lumber bill. Inman, Paulsen & Co. make heavy shipments by rail nearly every day to all parts of The Waiting Empire and beyond, to Utah, Colorado, etc., hence are prepared to fill any order on five minutes notice. And this extensive business enables them to secure cars at all times and obtain the lowest possible rates. A. B. Niles of the Niles-Vinson marble works at Walla Walla, is in Sherman county filling orders for monuments. The Moro cemetery has one of the finest that has been put up in this county marking the last resting place of William H. Williams. It is a cottage design 7 feet high, made of the renowned Sutherland Falls, Vermont, marble. The finiale shows some very rich carving. The cap carries a German text initial W, underneath which is the IOOF and AOUW emblems. It is a very fitting testimonial to our worthy neighbor, who died August 27, 1896. Another splendid monument was put up in the Wasco cemetery, marking the grave of Andrew Murchie, a pioneer resident of Sherman county who died April 4, 1895. Mr. Niles will put up several other monuments in Sherman county, one for J. R. Belshe, a tribute to his daughter Georgia, one for the grave of Mrs. Ellen Love, one for W. P. Walker, and others. The Niles-Vinson Co. are by far the most worthy and reliable marble and granite dealers in The Waiting Empire and have all they can attend to in this line. The Whitman Monument, recently described, is in their hands and will be completed by Nov. 29th, 1897, the fiftieth anniversary of that awful massacre at Wallipa.

We are informed by one of Sherman county's residents who has just returned from a trip in Wasco county, that he called at the Boyd flouring mills on a matter of business and was surprised at the change since he was last there. The proprietor explained that the improvements were made necessary by the increased demand for Boyd Roller Mill flour which has taken the lead where ever fairly introduced; that in former years he had to turn away a great deal of exchange because he was not able to handle it. Now the mill has a mile and a half of new ditch, giving it a never failing water power; the building has been enlarged and the latest and best improved machinery put in, all done substantially. The building having stone foundations on bed rock. In fact, everything up to the second floor is stone, cement and iron, insuring a perfect running of the delicate machinery used. As the proprietor is an old miller and devotes the mill to exchange work giving the farmers preference in out put, he deserves the patronage and success he is enjoying. Having a perpetual power, none of our Sherman county friends need hesitate about going to this mill as Mr. Cockerline says he has power at all times and of the best for all comers

James Jones, of the drug firm of Jones & Son, Cowden, Ill., speaking of Dr. Kings' New Discovery, says that last winter his wife was attacked with la grippe and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. Kings' New Discovery in store and selling lots of it, he took a bottle home and to the surprise of all she began to get better from the first dose and half a dozen bottles cured her sound and well. Dr. Kings' New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it—free trial bottles at A.D. Bolton & Co's drug store.

The E. Jacobsen Book and Music Co., at The Dalles, have long held the lead in the music and piano business of the Waiting Empire, and the way they do it is easy to understand. Thats why people rely upon The Jacobsen Company.

A Physician's Tribute

To the Benefits Received From Dr. Miles' NEW HEART CURE.

HEART DISEASE is curable. It is not surprising that all cases are not cured, since no physician has made the heart a special study for a quarter of a century as Dr. Miles has done. The following tribute from a physician will be read with interest. "For six years prior to taking Dr. Miles' New Heart Cure my wife was a terrible sufferer from heart disease. She had a constant fluttering of the heart and severe palpitation and pain in the left side. She took three bottles of Dr. Miles' New Heart Cure and was completely restored to health, and has not taken a drop of medicine during the past two years. Under these circumstances I cannot do otherwise than recommend it to others."
