Mrs. R. C. Ornduff who has been visiting with relatives in The Dalles returned home last Friday.

The management of the regular Saturday night dances given in Moro opera hall are certainly deserving credit for the successful manner in which they are conducted and also the splendid music furnished by the Hulse orchestra.

Political Notices.

For Circuit Judge

To the Republican voters of the eleventh judicial district. I hereby announce myself as a candidate for nomination on the Republican ticket, at the coming primary election, for the office of Circuit Judge of the eleventh judicial district, subject to the approval of the Republican electors at such election.

M. D. SHANKS, Condon.

For State Representative

To the Republican voters of 28th representative district: You will please take notice that it is my intention to become a candidate at the coming primary election for the nomination of State Representative from said district on the Republican ticket.

I am not entering this race at the instigation of any faction or clique and promise that, if nominated and elected, I will represent the whole people and not only a part thereof. CLAY C. CLARK.

The war department is reforesting a large area near Fort Bayard, New Mexico, for use as an army hospital site.

A number of the local Masonic lodge attended installation ceremonies at Grass Valley Wednesday evening.

M. G. Ellis of The Dalles, who is represented with the law firm of Bright, Bryant and Ellis is in the city this week.

Mrs. B. J. Barnum arrived Wednesday from Portland to be with her sister, Mrs. Eva Heim, through her sickness.

The fifty third Oregon State Fair will be held at Salem, Oregon, September 28, 29, 30, and October 1, 2, 3, 1914.

A number of Moroites went over to Wasco last week to the O. A. C. Glee Club entertainment and report it as being excellent.

Don Wheat received two fine Duroc hogs by express Wednesday with which to build up the hog industry of Sherman county.

Mrs. Richard Dingle left this week for San Francisco where she will meet Dick on his return from a visit to his old home in England.

A large sized river steamer has for some time been engaged in work in front of Biggs, removing a ledge of rock from the river channel.

Mrs Byron Hawks, of Athena, was visiting at the home of Mr. and Mrs. J. F. Foss the fore part of the week. She is a cousin of Mrs. Foss.

Graduates of the state agricultural college who are able to make a practical application of their expert knowledge, are in constant and increasing demand.

Members of the Moro band are to have a meeting Sunday afternoon in the council chambers at which time it is proposed to elect officers and reorganize.

J. F. Belshee and wife arrived from their recent home at Jefferson last Thursday evening; they have sold all their property in the valley and expect to remain in Sherman county from now on.

Mrs. W. C. Bryant and family arrived home Wednesday from an extended visit with relatives at Portland. Mr. Bryant also returning at the same time from a short business trip to the Rose City.

L. W. Ross and son Elfin were called to Macleay, Oregon, last week by the death of T. A. Jones, grandfather of Elfin and Carlton Ross, Wednesday February 18th. Mr. Jones was a pioneer settler of Oregon and had been a resident of the valley for a number of years.

The department of agriculture at Washington recommends as the best implement for deep breaking of the soil the disc plow, which turns, pulverizes, and mixes at the same time. When properly adjusted the disc breaks the land deeply and thoroughly loosens it, mixing this soil and the subsoil to some extent, but does not turn to the surface enough of the inert subsoil to injure the succeeding crop. The next best method for deep breaking is moldboard plowing, set to turn furrows on edge, and this is followed by a subsoil plow in the same furrow as deeply as desired.

Mr. and Mrs. Claud Ballinger arrived home from a visit to Oklahoma Wednesday. They came back by way of California, which they report as badly flooded.

Your chickens will soon pay for them selves in increased egg production if you will use a quart can of carbolineum around the chicken house and perches; you can get it at the Observer Store.

A large delegation attended from this county at the annual district convention of Knights of Pythias at The Dalles last week in honor of the golden jubilee anniversary of the founding of the order.

Rev. F. D. Frazier of Portland, is visiting at the home of R. W. Pinkerton, north of Moro. Mr. Frazier was teacher of mathematics at the University of Oregon during the term attended by Dr. C. L. Poley and Attorney W. C. Bryant.

Mrs. J. M. Allen and son Lee arrived at Klondike Wednesday with a car of stock from Sisters which they have brought from their home at that place to their Sherman county farm where they intend to reside in the future. Mr. Allen is making the trip by team.

One of the most popular farm implement lines in the county is the John Deere; of which the Moro Hardware and Implement Co. has received an assortment in double action cutaway discs, plows and harrows. They also have on hand a good supply of extras for the Flying Dutchman and Oregon Moline plows.

The High school commencement exercises will be held this year in the Methodist church on the evening of May 28. This will be the first formal graduating exercises from the full high school course. The class this year consists of Adella Mortensen and Harry Pinkerton. The class address will be delivered Sunday morning May 24th. by Rev. A. J. Adams in the Presbyterian church.

Sheriff McKean received word that he was urgently needed at Biggs Monday afternoon at four o'clock to prevent the escape of Walter Dutrell, accused of stealing a horse at Celilo and selling the animal to a farmer near Klondike. The roads were very rough for auto riding and the sheriff's auto met with mishap north of Wasco, but Guy Andrews with his car was close by and J. C. caught his man and was back in Wasco by six o'clock.

An international sheering congress is planned as one ot the interesting features of the Panama Pacific international exposition. The contest will be one of skill and speed between hand and machine sheering and will bring together sheepherds and flock masters from all quarters of the globe. Big prizes will be offered. An Idaho barber has made the first entry. He holds the record in Idaho, having shaved sixty long beards in a single day.

Sherman county at Kent last Wednesday morning at three o'clock lost by fire the business home ot Louis J. Gates. The Observer has not been able to learn the cause, but it is supposed to have started from a defective flue. The main business building and contents were an entire loss, the implement house and contents being saved. This is the second disastrous fire in the history of Kent. We hope that Mr. Gates will be able to save a substantial portion of his business and rebuild.

The department of health of the city of New York has published a report of an investigation begun in 1908 by the Council of Jewish Women to determine the status of patients discharged from tuberculosis sanatoriums. The information covered about a thousand patients discharged from a number of sanatoriums. The investigators were able to report on 554 of these, 100 of whom were dead. The results show a steadily increasing number of deaths after discharge from sanatoriums, indicating a rather discouraging outlook for the treatment. No satisfactory comparison could be made, however, because there are no data to show how similar cases would do without sanatorium treatment. What is really shown is that the sanatorium helps for a while and stimulates the patient to fight the disease better than he otherwise could.

SOMETHING DIFFERENT

I fear little pussy, her coat is a swarm,
Of germs of disease that will do me much harm.
I'll run for the broom, and scat her away,
For pussy and I never, never must play!

A man with a long head seldom has a long face.

When the leaves of tea were first used they were eaten.

The young man who contests his father's will during life generally has to do it after death.

A wise man can get more knowledge from a fool than a fool is likely to get from a wise man.

Intuition is the fault by virtue of which a woman can understand her husband without listening to what he says.

Chinese eggs are cheaper in America than the domestic blend. Personally we prefer the stick-at-homes to the tourists.

We Should Worry

There are at present registered in the various countries of the world approximately two million motor vehicles of which the United States claims 1,127.940. It is estimated that each averages 5000 miles per year, making a hugh total mileage; equal to going around the world 200,000 times.

Figuring the average miles gotten out of a gallon of gasoline for all sizes of cars at 10 miles per gallon, it will take 500,000,000 gallons of gasoline per year to run the motor cars in America, which, on the basis of 20 cents per gallon means $100,000,000 is America's gasoline bill for motor cars in a year.

These look like startling figures, until we consider what we spend for other things. For example, our ice cream bill alone in America is said to be $200,000,000 per year. It will surprise some to note that our gasoline bill for running these motor cars 200,000 times around the world is only one-half of the ice cream bill, and yet they are both large figures.

So why should the automobile industry worry about John D. having to pay $12,000,000 income tax.

James E. Godfrey, internal revenue agent income tax U. S. treasury department with headquarters at Portland was in the city last week to see the county officials. Mr. Godfrey is an old typo and was for many years foreman in the state printing office at Salem and while in the city made this office a pleasant call.

Senator Chamberlain sent over one hundred packages of garden seeds to Principal Nash this year to be distributed to the children in the garden contests. Each package contained five smaller packets, so that each garden will be uniform in contents. The local interest in this work is very high and the children will continue in their efforts to capture the majority of fair prizes.

The housewife who visits the Panama-Pacific International Exposition will find in the Palace of Liberal Arts, an exhibit of the methods of adulteration of food products, drugs, and even of dry goods, and will have the privilege of seeing daily demonstrations of ways detecting these adulterations. Chief Theodore Hardee of the Department has planned this as a special Pure Food educational display. Best methods employed in preserving foods in all parts of the globe will be shown.

Several Moro parties have received letters this week from Ashland asking for help to put through a measure at the next legislature to have the state build an exhibit building at Ashland to house exhibits from each county of the state for the edification of tourists passsing by train to and from California next year. The opinion around this section seems to be that if Ashland wants such a building the best and quickest way for them to secure it is to do as The Dalles and other eastern Oregon points have done, build it themselves; otherwise every railroad division point in Oregon will be wanting a slice of the state tax money for such a proposition.
