Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kincheloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
Visiting Hospital and Dispensary,
Boston, Mass.

The Future Manufacturing Suburb of Portland—Already a Pay Roll of $40,000.00 Per Month.

It is a well known fact that a manufactory, employing labor, no matter where situated, is the nucleus of a city. The greater the number of employees, the greater the prospective city. The Krupp gun works of Germany, support a city of 95,000; the Pullman Palace Car Co, of Pullman, Ill., a city of 12,000. Oswego, Oregon, is in its infancy. Today the Oregon Iron & Steel Works, and other industries, make a pay roll of $42,000 a month. With an increase in the manufacturing output, the city increases in population. Population increases values of real estate; therefore Oswego offers today, to the careful investor, the very best field for investment. Oswego is only two miles outside the limits of Consolidated Portland. It has cheap train service of 8⅓ cents a trip, and eight trains a day; also six steamboats each way on the Willamette. Oswego is a beautiful site for a town. Oswego has a splendid 2,400 water power, which is offered to manufactures for a term of years free, and land with it. Oswego has pure spring water in pipes over the town. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Property values in Oswego will advance rapidly and permanently as its future is founded on the development of the favorable location for manufacturing. Lots in Oswego invite the home-seeker. Lots sold on easy installments of $10 down and $5 a month. Ask the publisher of this paper to show you a plat of Oswego, or address a postal card to Borthwick, Batty & Co., 71 Alder street, Portland, Oregon.

It is actually economy to drink Beech's Tea. Being absolutely pure, it is much stronger than the artificial teas, about one third less of it, or about twenty grains, being equal per cup. As there are 7,680 grains to a pound, there will be seen to be between three and four hundred cups to the pound. As it is but 60 cents per pound, this is at the rate of about one fifth of a cent per cup. For sale at Allen Bros.

MISFITS.

The Wasco county board has ignored the action of the State board of equalization. This is evidently going to be a slab-sided affair after all.

The Oregonian's heading of the republican convention there tells the whole story: Just like Democrats. Republicans have a very squally convention. John L Ayer to step out. The "Boss" and his friends suffer overwhelming defeat.

The Farmers' Alliance of Wasco county petitions the county court to appropriate $950 to pay the Interstate Artificial Rain company to produce a rain to cover 10,000 square miles—no rain, no pay. We would very gladly give Wasco county some of our rain on special occasions if they would simply take it away.

Ultimatum is the word of the day, and now it is being rung into prize fights, women will have ultimatums for their dissipated husbands and husbands ultimatums for their extravagant wives, and there will be no end of fun over the word.

The Oregon Pacific railroad has been bought in by the bondholders and the process of reorganization is being gone through with. A few more reorganizations and then probably the balance of the road will be built.—McMinnville T. N. It will be built under the present one, and keep the fact in your mind.

As milk is peddled at the rate of 22 quarts for $1 in Forest Grove, it is evident that the locality is more adapted to the dairy than Oregon City, since the price of milk is here $2.25 for 30 quarts.—Courier. In Albany the price is $1.87½ for 30 quarts.

Among the enthusiastic speeches made in the republican convention in Portland yesterday, was one by Hon C B Winn, of Albany. The friends of Mr Winn here would like very much to see the speech in print, and the DEMOCRAT will endeavor to secure it.

Here is the way they do things in Clackamas county: Last Friday, the schoolmaster of Meadow Brook took Jim Bonny by the nape of the neck and led him along like a sick calf because he spattered mud over a couple of girls coming from school. Jimmy waited his chance until he and the pedagogue got between two logs when he let fly from the shoulder and plugged him beautifully on the nose and between the eyes. Jimmy is a brick.

A great many men, who have heretofore held the contrary opinion, are now brought to the point that a system of state taxation should be adopted, which allows no deduction for indebtedness. They think it worthy of a trial. Some of these think that indebtedness to a certain amount should be allowed. Others think that mortgages and any recorded evidences of indebtedness should be deducted but no other. It is evident that this particular feature of the subject of assessment and taxation will attract an unusual amount of attention in the legislature at its next session.

WHERE TO GET THEM.—When wanting an organ or piano call on G L Blackman where you can select from a first class lot.

TELEGRAPHIC NEWS

Scores Egan.

NEW YORK, Jan 28.—Ricarno Frambull, the member of the Chilian congress who managed the Itata affair, said before the Reform Club tonight:

"It was believed in Chili Egan was Balmaceda's chief adviser. The congressional party also thought he manifested too great anxiety to have the $4,000,000 shipped on the Pensacola, when he could not but know Balmaceda by so doing was committing robbery. Mr Egan honored me with his friendship, and I shall ever be glad to him for his offer of asylum for myself and family during the troubles of the times, but this does not blind me to his faults. He harbored and sheltered red-handed murderers, and not political refugees, and turned the American legation into an asylum for bloodthirsty outlaws, and when I think of it my American blood rises in indignation at the thought the stars and stripes should shelter such ruffians."

The Republicans Quarrel.

PORTLAND, Jan 28.—John L Ayer, whose management of the republican campaign in the municipal election last June, gained for him the soubriquet of "The kid boss of Oregon," was yesterday forcibly ousted from the presidency of the Young Men's Republican Club of Oregon, at the convention held at Columbia hall. To be sure, another president was not elected in his stead, but will be today. John L was put on a greasy toboggan slide early in the game and when dusk closed upon the deliberations of the convention he was speeding down it at a lightning rate, leaving a triumphant faction and the much coveted presidency behind him. But John L took his defeat gracefully and frankly acknowledged it.

It was perhaps the noisest convention the republicans have ever held in Oregon. It was also a trifle inharmonious and pointed, if not bitter words were frequently indulged in.

An Editor Home.

PORTLAND, Jan 28.—Col Frank J Parker of Walla Walla is back from San Francisco, where he went as the sole representative of Oregon, Washington and Idaho in the reception of the international league of press clubs. He reports having had a very pleasant time, and being wined, dined and banqueted to his everlasting satisfy. He had the honor of acting as Mrs Frank Leslie's escort from San Jose to San Francisco, and made many abquaintances among the eastern newspaper men. He extended a general invitation to the league, in the name of the northwest, to visit this section; and he thinks it probable that they will come to Portland or the sound next season.

The Farmer's Alliance!

CHICAGO, Jan 28.—The election of officers of the farmer's alliance took place this afternoon, and President Powers, of Nebraska did not secure enough votes for a third term D F Ravens, of Washington, had far superior strength, and was elected. Rumors of discord over the secretary and treasurer were floating around, and when the present incumbent, August Post of Iowa, was nominated a cry went up he had been hobnobbing with the republicans. After a brief struggle, Adolph E Dullemand, of Nebraska, was elected in Post's place. The annual report of Secretary and Treasurer Post is understood to have shown large deficit.

Skating Records Broken.

NEWBURGH, N Y Jan 28.—Joseph F Donohugh, the champion skater, today skated a half-mile straight away in 1:05 2-5, beating the best previous records of 1:24 4-5. He made the first quarter in 35 seconds.

Relieved of Kidney Trouble.

S J Crouin, Rossini House, Toronto, Canada writes:
"I have been troubled with a backache for some time past, and great difficulty in passing water. Three weeks ago I applied an Allcock's Porous Plaster, and have done so ever since. Almost immediately I had relief, and now I am entirely free from it—water passing freely and perfectly clear, without burning. I owe my great relief to Allcock's Porous Plasters and heartily recommend them in any case of kidney trouble."
