

Mrs. Boissevain, Of Suffrage Fame, Dies

BODY OF "SUPERGIRL" BEING SEND TO OLD NEW YORK HOME FOR INTERMENT.

LOS ANGELES, Nov. 27.—Mrs. Inez Milholland Boissevain, suffrage leader, student and lawyer, who died here late Saturday night, will be buried at her old home in New York and the body started today on its trans-continental trip. She died in a local hospital after an illness of more than a month. Her death was indirectly due to her over-exertion in recent campaigns.

Eugene Boissevain, husband of Mrs. Boissevain; Mr. and Mrs. John Elmer Milholland, her parents, and Miss Vida Milholland, a sister, will accompany the body east.

Friends of Mrs. Boissevain today recalled many incidents in her comparatively short career that illustrated her energy and resourcefulness, and through which she came to be called the "super-girl." She was easily, it is thought, the most picturesque figure in the American suffrage movement. Her connection with the Ford peace movement added to her prominence in the socio-political world. She left the peace ship at Stockholm and returned home.

"The undemocratic methods employed by the managers are repugnant to my principles," she explained, in a statement, afterward.

Mrs. Boissevain was born in New York, August 6, 1886, receiving her early education in New York, London and Berlin. She was a member of the Political Equality League, Women's Political Union, National Child Labor

INEZ MILHOLLAND BOISSEVAIN

committee, Woman's Social and Political Union of England and the Fabian Society, England.

ROOF IS RIPPED FROM SCHOOL IN CITY OF ASTORIA

AT NORTH HEAD MAXIMUM WIND IS 75 MILES AN HOUR FROM THE SOUTHEAST.

WESTERN WASHINGTON, BRITISH COLUMBIA ARE ALSO STORM-SWEEPED

Windows Broken, Signs Blown Down and Other Damage Done in City at Mouth of Columbia—Gale Now Subside.

ASTORIA, Or., Nov. 27.—Astoria was visited last night by a genuine November gale. It started shortly before midnight and continued until after daylight. North Head reports that the maximum wind there was at the rate of 75 miles an hour from the southeast.

The barometer dropped to 29.20 and the rain came down in torrents. The water gauge at the local weather bureau was filled to overflowing between 7 o'clock last night and 8 o'clock this morning so the rainfall exceeded 2 1/2 inches. Windows were broken, signs were blown down and gutters and sewers were flooded in various parts of the city.

The principal damage done was ripping of the roof of the high school auditorium for a space of about 40 by 50 feet. The damage may total \$1000. The auxiliary schooner City of Astoria that was moored in Young's Bay, tore out a dolphin, but did not break adrift. This evening the gale had subsided, the wind had shifted to the southwest and indications were that the storm had practically passed.

During the day, winds of gale force were experienced over western Washington the coast of British Columbia and Triangle Island reported a maximum velocity of 40 miles from the southwest. Tatoosh Island, 46 miles from the same quarter, and Seattle, 32 miles from the west.

PUPILS AID IN FIGHT ON THE WHITE PLAGUE

The children of 1400 rural Oregon schools have been using lessons on the fight against tuberculosis as texts in their class work during the past year. The lessons were furnished free by the Oregon Association for the Prevention of Tuberculosis as a part of its work.

Now they are organizing to help the Red Cross seal sale of the association so that this method of disseminating information may be continued and the association be strengthened in its campaign to exterminate the dread disease in this state.

Acting under the formal approval and permission of the board of school directors, the children of 52 Portland schools will also join in the big movement.

Last year the children secured \$775.74 from the sale of Red Cross seals. It is expected that more than \$1000 will result from their enthusiastic work this year. Their effort will be made principally during "Tuberculosis Week."

This comes December 3 to 10, reaching a climax with "Tuberculosis Sunday," December 10, when every pupil in the state is asked to join the campaign by reciting progress and repeating the warnings against the disease.

SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Annie" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Annie" is the only one that gave satisfaction. I feel it my duty to recommend "Annie" Tablets to any one who suffers as I did. (Signed) MRS. MARGARET E. SPIDER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the ISVALLS HOTEL and SCHOOLS LITERATURE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Annie Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Annie," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Annie" is a thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Annie." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pilex" or "Pelle" for liver illness.

FAMOUS INVENTOR OF GUNS DIES AT HOME IN LONDON

Sir Hiram Maxim, an American by birth but an Englishman by naturalization, died at his home in London Friday at the age of 78 years. He invented the automatic system of firearms, smokeless powder and the machine gun and was among the first to experiment with electric dynamo and electric lamps. He was knighted by Queen Victoria.

EL PASO RUMOR HAS IT CARRANZA ABANDONED CITY

FATE OF GARRISON IN CHIHUAHUA CITY IS MUCH IN DOUBT, AFTER LONG BATTLE.

AMMUNITION SHORTAGE OF THE DEFENDERS REPORTED ON BORDER

Skirmishing Started Six Days Ago and Telegraph Lines to Besieged City Have Been Down Three Days—Suspense is Growing.

JUAREZ, Mexico, Nov. 28.—Another day of suspense passed today without definite announcement as to the fate of the Carranza garrison in Chihuahua City. It has now been six days since the first skirmishing started, which opened the siege of the state capital, and three days since the telegraph line was cut.

Since early today, persistent reports have been in circulation here and in El Paso to the effect that General Trevino has been forced to abandon the state capital because his ammunition supply was exhausted. One report said General Trevino had gone south toward Tapalapa, near Chihuahua City, where he made his last stand yesterday before retiring farther south.

GEORGE BARTHOLOMEW ARRESTED IN SEATTLE

PORTLAND, Ore., Nov. 25.—George Bartholomew, wanted as the man who perpetrated the notorious green trunk murder mystery in Portland a year ago, is under arrest in Seattle, according to word received by the Portland police tonight. Bartholomew is accused of killing John Linn in a lodging-house.

Bartholomew, the Seattle officers say, declares that a man by the name of Lund did the killing, but that he was involved in the conspiracy to dispose of the body. For this Bartholomew says he received \$20.

SIX GIRLS INJURED IN FACTORY FIRE PANIC

LIMA, O., Nov. 24.—Six girls were injured today in a panic that resulted when the Lima Mattress company's factory caught fire. Several of 250 girls employed there jumped from windows. Others were trampled in the mad rush for fire escapes. Three of the interior of the factory was destroyed, but the walls of concrete still stand. The loss is estimated at \$50,000.

Henry Rimer was a Portland visitor last week.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

AGREEMENT WITH MEXICO REACHED AT ATLANTIC CITY

APPROVAL WILL MEAN WITHDRAWAL OF PERSHING'S COL. UMN FROM SOUTH.

ASSENT OF CARRANZA REQUIRED BY PROTOCOL AS IT IS ADOPTED

Secretary Lane Says De Facto Head of Mexican Government is Strong Man and Should Have Full Chance to Show Power.

ATLANTIC CITY, N. J., Nov. 24.—The joint commission of the United States and Mexican governments adjourned today for two weeks, in accordance with the request of the Mexican commissioners to have a conference with Carranza before committing themselves. After the protocol was signed Secretary Lane issued a statement defining the policy of the United States government toward Mexico. He said that he believed General Carranza a strong man and that he should have a "full chance."

Subject to approval by the two governments, the Mexican-American commissioners agree:

First—American troops in Mexico shall withdraw within 45 days of approval, if conditions do not at that time menace American border.

Second—Each nation shall patrol its own side of border; cooperation not precluded.

Third—Arrangements for cooperation against bandits left to commanding generals on each side.

Fourth—American government reserves right to pursue "hot trail."

WASHINGTON FORESEES LEGISLATIVE STAGNATION

CONGRESS IS EXPECTED TO GET DOWN TO BUSINESS NOT BEFORE DEC. 1917.

WASHINGTON, Nov. 28.—Legislative stagnation is looked for during the two years from the fourth of March. The president will make heroic efforts to put through all of the pending partisan measures which have been left over from the long session of the present congress, but the appropriation bill is likely to occupy much of the intervening time that the end of the term will find matters about as they are now.

There will probably be no extra session of the new congress. The senate will be kept here for a few days to confirm appointments—including, probably, several changes in the cabinet—but the sixty-fifth congress will wait until December, 1917, before it begins its work.

There are two reasons for this, the house of representatives will not be controlled by the Democrats, and the president has no desire to try titles with a hostile majority, politically speaking, in the popular branch. Secondly, he has no desire to share the limelight with congress or with anybody else. Those who remember how, all through the summer of 1914, when the world, as he later said, was "on fire," and when, to use his own language again, "the sparks were falling everywhere,"—those who recall how he then refused all pleas to summon congress to take action for the national defense or for the assistance of our impounded commerce, how he insisted upon monopolizing public attention, have no notion that he will now share the center of stage with anyone.

So Washington looks for a brisk short session, followed by utter stagnation in legislation until December, 1917.

The country is not expected to object to this program. There will, at any rate, be a relief from the persistent pounding of business which has characterized the congresses which the president has controlled, and the interval will allow the Republicans to get their political breath. Mr. Wilson, of course, will enjoy his state of solitary power.

EVERETT MAY BE INDICTED.

CORVALLIS, Or., Nov. 27.—Everett May, assistant athletic instructor at O. A. C., was indicted by the grand jury in its report made Saturday, on the charge of assault. The indictment was the result of his assault on several young ladies last spring during a ball game. One of the boys was struck by May, and had his jaw shattered.

There were seven indictments reported by the grand jury, three of which were secret until those indicted can be apprehended. P. J. Maxfield, of Bellefontaine, was indicted on two counts, charging the obtaining of more than the legal amount of liquor during 30 days. He pleaded guilty to one charge and the other was dismissed.

Constipation Dulcs Your Brain. That dull, listless, oppressed feeling is due to impurities in your system, sluggish liver, clogged intestines. Dr. King's New Life Pills give prompt relief. A mild, easy, non-gripping bowel movement will tone up your system and help to clear your muddled, pimply complexion. Get a bottle of Dr. King's New Life Pills today at your druggist, 25c. A dose tonight will make you cheerful at breakfast. (Adv.)

Annual Livestock Show On Dec. 4-9

UNION STOCK YARDS, North Portland, Nov. 22.—The Pacific International Livestock exposition holds its sixth annual show at the Portland Union Stock yards, North Portland, December 4-9, has been one of the big factors in the upbuilding of the livestock industry of this entire western country.

Entries which have just closed in the breeding classes indicate one of the biggest showings of beef breeds ever handled west of the Rocky mountains, there being something like fifteen herds of Shorthorns on the list. The Hereford people have a very select list of entries, including some of the best known herds in the United States. The Holstein people have outlined themselves in their entries, while the Guernseys and Jerseys will be represented by the best known breeders on the coast. Hogs and sheep will make a fine showing, and for the first time, the four leading breeds of draft horses will be included.

Judges of national reputation will tie the ribbons. Men like Saunders of Iowa on Shorthorns; Chas. L. Hill, of Wisconsin, Jerseys and Guernseys; Moscrip of Minnesota, Holsteins; Mosley of Kentucky, Herefords; Hunk of Oregon, hogs; with other well known men handling the other classes.

The governors of Oregon, Washington and Idaho are taking an intense interest in this year's show and strong delegations will come from over this western country.

The governors of the northwest states have accepted an invitation to be at the show on Thursday, December 7th, and their many friends will have an opportunity to meet them in an informal way. Afterwards they will attend the banquet given in honor of the breeders and feeders at the Multnomah hotel.

Various breed associations are holding their annual meetings during this week and Portland will be thronged with farmers and livestock men. The action of the State Bankers' association in appropriating \$10,000 for this show is attracting attention all over the United States and at one places there is very high estimation amongst the breeding fraternity of this country. Portland Chamber of Commerce also included in its budget \$2000; while the state of Oregon provides \$5000.

One of the big features of the show this year will be the fat classes in the stock yards proper. Each year has demonstrated the fact that the west can produce some of the finest cattle, hogs and sheep in the country. Competition will be very keen this year.

In order to house the show, the entire barn and pen room of the Union Stock yards, together with eight no-moth tents will be required. The main tent is 100x200 feet while the others are 50x100 feet. This is housing the show in a similar way to the practice of the Scotch and English shows, which have flourished for many generations.

A very important feature in connection with the show will be the annual sales of breeding stock. On Tuesday morning, December 5th, there will be an offering of Guernsey cattle from Edgemoor Farm, Santee, Calif., and the same afternoon there will be a combination hog sale; Wednesday the entire day will be used up for fat cattle, hogs and sheep; Thursday afternoon the famous Shorthorn sale of Minor, Dunn, Brown and others; Friday all day Holsteins, under the direction of Colonel Geo.

PORTLAND, Ore., Nov. 25.—As the result of a conference held in the courthouse yesterday under the auspices of the Public Service Commission of Oregon, two proposed laws, perhaps three, will be submitted to the next Oregon legislature. One committee was appointed yesterday to draft a bill governing the movement of vehicles at grade crossings, the consensus of opinion being that automobiles should be compelled to stop before crossing a railroad track.

Another committee was appointed to draft a bill intended to prevent undue trespassing along railroad tracks. Statistics show that many more people are killed while trespassing on railroad property than at grade crossings.

PORTLAND, Ore., Nov. 28.—The Southern Pacific railroad company and all other corporations and individuals interested with it in the Oregon-California land grant lands, have refused to pay, and have protested against the United States paying, the back taxes, penalties and accrued costs due on the various land grant counties of Oregon and Washington for the years 1913, 1914 and 1915.

Don't Let Skin Troubles Spread.

Trivial skin troubles are sometimes the first warning of serious skin diseases. Neglected skin troubles grow. Dr. Hobson's Eczema Ointment promptly stops the progress of eczema, heals stubborn cases of pimples, acne, blotchy, red and scaly skin. The antiseptic qualities of Dr. Hobson's Eczema Ointment kill the germ and prevent the spread of the trouble. For cold sores or chapped hands, Dr. Hobson's Eczema Ointment offers prompt relief. Judge Dement, when a boy, lived 15 years in Oregon City with his father, the late Colonel John Dement.

DREADNOUGHT OF RUSSIANS SUNK; 149 ARE MISSING

IMPERATRITSA MARIA IS VICTIM OF INTERNAL EXPLOSION, SAYS PETROGRAD.

DESTRUCTION ON OCTOBER 20 IS ADMITTED BY ADMIRALTY

Vessel Lies in Shallow Water and Hope is Entertained She May Be Refloated and Restored to Service in Few Months.

LONDON, Nov. 24.—The Russian naval staff, says a Reuter dispatch from Petrograd, has issued the following statement:

"At 6 o'clock, October 20, fire broke out in the forward magazine of the Imperatrissa Maria.

"An internal explosion followed immediately and the fire spread rapidly and reached the petrol tanks. The officers and crew strove with the utmost bravery to localize the effects of the explosion and flood the magazine.

"Shortly after 7 o'clock, however, the vessel sank. The greater part of the crew was saved. An officer and two first class substitute officers and 149 sailors are missing. Sixty-four of the crew have since died from the effects of their burns.

"The position of the ship, which lies in shallow water, gives hope that it may be refloated and completely repaired in a few months."

STAFFORD FARMER HAS 18 ACRES IN WALNUTS

CROP THIS YEAR IS SMALL, BUT GROWER IS SO ENCOURAGED HE WILL INCREASE TRACT.

John DeNeul, whose farm is located near Stafford, was in Oregon City this week bringing some of this year's walnuts raised on his farm, and selling them to the local merchants.

Mr. DeNeul is making a success of raising these nuts. Although this year's crop is somewhat short, he will have a crop of about 20 bushels of some of the finest nuts that have been marketed in this city. Every nut is well filled, and they are unusually large this year.

Mr. DeNeul planted some of these nut trees ten years ago, while the younger trees are seven years old. There are 18 acres in all, but 12 acres are of the grafted trees, while the remaining six are of seedlings.

The English walnuts are being raised by many Clackamas county farmers. Mr. DeNeul intends to plant even more land to this variety of nuts. The Buckles store in this city is among those who have each year purchased their supply from this farmer.

TWO MARRIAGE LICENSES

County Clerk Iva Harrington Saturday issued marriage licenses to Josephine Olsen and J. E. Hopkins, of Salem, and Ida Meyer and Daniel D. Sheedy, of Oregon City.

REAL ESTATE TRANSFERS.

The following are the real estate transfers that were filed in the office of County Recorder Dodman on Friday:

Blanch A. Pond Elliott to Lyman P. Elliott, land in section 23, township 4 south, range 3 east; \$100.

Clara W. Oakley and E. C. Oakley to school district No. 125, land in sections 2 and 3, 11, township 2 south, range 2 east; \$225.

Adelene Collette to school district No. 125, one-half acre of sections 2, 3, 11 township 2 south, range 2 east; \$50.

Oregon City to Frank E. Andrews, lots 5, 6, 7, 8, block 21, County Addition to Oregon City; \$150.

W. M. Ladd and Mary A. Ladd to R. McDowell and Mina McDowell all of tract S, Hedger's addition to Oregon City; \$1000.

Emma Johnston to Grace E. Loder, undivided one-half of lots 15, 16, block 7, Gladstone; \$1.
