ON FIRE WITH ECZEMA

Terrible Sufferings of Little Baby—Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My baby boy, 5 months old, broke out with eczema. The itching and burning was intense. The poor child scratched his limbs, breast, face, and head, until it was nearly covered; his condition was pitiable to behold; he had no rest and but little rest night or day. He was under treatment at different times in two hospitals and by seven doctors in this city. Children the best benefit every prescription of the doctors had faithfully tried, but grew worse all the time. For months I spent about $1 per week for medicines, and was entirely discouraged. I purchased CUTICURA, CUTICURA SOAP and CUTICURA RESOLVENT and followed no the letter. Relief was immediate, the best used, and rest and sleep first satisfactorily improved and in nine weeks [illegible] and has now as clear a skin as any mother could wish to see. I cannot say too much in regard to the merits of the Cuticura Remedies.
