ON FIRE WITH ECZEMA

Terrible Sufferings of Little Baby Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My little boy, 5 months old, broke out with eczema. The itching and burning was intense, the eczema spread on his limbs, breast, face, and head, until he was nearly covered; his sufferings were pitiable to behold; he had no peace and but little rest or sleep day. He was under treatment at different times in two hospitals and by seven doctors in this city without the least benefit, the prescription of the last doctor was faithfully used, but grew worse all the time. For months I expended about $3 per week for medicines, and was entirely discouraged. I purchased CUTICURA, CUTICURA SOAP and CUTICURA RESOLVENT and followed to the letter. Relief was immediate, and rest and sleep for the first time, greatly improved and in nine weeks entirely cured, and has now as clear a skin as any mother could wish to see. I cannot say enough in favor of the Cuticura Remedies.

COTTOLENE

OUT OF THE FRYING PAN

Has come not a little knowledge as to cookery—what to do, as well as what *not* to do. Thus we have learned to use

COTTOLENE,

the most pure and perfect and popular cooking material for all frying and shortening purposes.

PROGRESSIVE COOKING

is the natural outcome of the age, and it teaches us *not to use* lard, but rather the new shortening,

COTTOLENE,

which is far cleaner, and more digestible than any lard can be.

The success of Cottolene has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLENE, and be sure that you get it.
