There wasn't enough wind for the great yacht race yesterday. It should have been sailed in Washington, which would beat the English channel.

An Albany man claims to have observed that a big storm East is followed in a week or two by one in the Willamette valley, of course of a diminutive nature so far as cyclonic effects are concerned.

Sealed proposals are being advertised for bids by Surveyor General W H Byars for running, measuring and marking several township surveys in the Cascades.

Our friend says it is not money but rats that the stockings are loaded with. Well let the rats out then, for they are eating the stocking up.

The DEMOCRAT and other papers have stated that the injunction against the Harrisburg Ditch Co had been dissolved. This we are informed is a mistake. It has not been dissolved; Judge Powell, as referee, has been taking testimony in the case.

Beulah Rebekah Lodge I O O F has just received a fine new piano from the manufacturer in the east. It is an elegant one and will add much to the pleasure of and interest in their meetings.

This morning deputy sheriff Smith served papers on officials of the board of regents of the college garnisheeing moneys due Wilson & Chase, contractors on a number of small claims aggregating about $260. The suits are brought by J M Menzies and G M Cruson of Lebanon.—Corvallis Times.

Maj Handbury in an interview said the snags were out of the river between Corvallis and Eugene. Mr Mulcahy says: The fact remains that there are a great many snags between Harrisburg and Eugene, as also between Harrisburg and Corvallis. I do not see how Major Handbury can say there are none. I have been down the river in a small boat and know.

It was proposed in the council of Eugene Monday evening to vote to levy a tax and collect under the old law, as it has been repeatedly held that such a levy would be valid. The council discussed the matter pro and con, and finally voted it down. Some of the councilmen hold that a special levy could not be collected until about the time the regular collection could come in.—Register.

The October returns of the department of agriculture show that the yield per acre of wheat indicates a production of about 11.3 bushels, being 1.7 bushels less than last October's estimate. The rate of yield in New York is 14.5 bushels, Pennsylvania 14, Ohio 15, Michigan 13, Indiana 14.2, Illinois 14, Wisconsin 13.3, Minnesota 9.1, Iowa 11.5, Missouri 9.5, Kansas 8.4, Nebraska 8.7, South Dakota 8.6, North Dakota 9.5, California 11.5. A COUNTY TREASURER SUED.—M P Burnett, county treasurer of Benton county, and bondsmen have been sued for $14,000 deposited in the Job Bank. The Times says: The case will be watched by county treasurers and their bondsmen all over the state, who will be anxious to know if, after a treasurer has used every effort to keep county funds in safety, and loss happens through no fault of his, the law still holds him and his bondsmen responsible for funds so lost.

CORSETS.—All our Kabo corsets are made with the new patented soft eyelets which are warranted not to pull out or cut the lacers. Their use prevents the back of the corset showing through the dress, and avoids staining of underclothing, which is the case when metal eyelets are used. We confidently recommend them, not only as a perfect fitting corset, but the most durable one in the market. Made in medium, extra long, and extreme long waist. SOCIAL AND PERSONAL

Rev Hayes, of Waitsburg, Wash, is in the city.

A suit for divorce has just been begun by Lydia Zeyss against Edward Zeyss.

Mrs Dana Burmester returned last evening from a visit to her brother, Cap Humphrey, at Salem. Mr Humphrey is now recovered from his recent trouble.

Thomas Talbott, of Cornelius, has been section foreman for over twenty years. On a salary of $60 per month he has accummulated a fortune of $20,000. He has just returned from a trip to the Worlds fair.

The grand commandery of the Knights Templars of Oregon is in session in Eugene. Attorney General Chamberlain, D P Mason, J F Galbraith, L C Marshall, J R Wyatt, C B Winn and E D Cusick are in attendance from Albany.

Rev Bushnell, of Chattanooga, Tenn., passed through Albany yesterday for Salem, where he lectured last night. His father, a resident of Lane county, met him at this city. Rev Bushnell is a man of marked talent, and is being appreciated wherever he speaks.

Judge Fullerton, of the circuit court of the Second District went to Corvallis this noon on Oregon Pacific matters. He was interviewed at this city by a committee, in reference to the Mill City grievances, and will consider O P matters generally in chambers at Corvallis today.

Cards are out announcing the approaching marriage of Miss Emma C Dorris, of this city, to Mr Hugh Thompson, of Salem. The wedding ceremony will take place at the residence of the bride's parents, in this city, next Wednesday morning at 9 o'clock.—Eugene Guard.

Last evening the members and friends of the M E church went one by one to spend the evening with Rev J T Abbett and family, taking them completely by surprise. Many gifts and best wishes were left with them in the way of eatables, and a pleasant time was spent in a social way.

Grandma Card, of Waterloo, was here visiting friends and looking over the grounds where she lived some thirty years ago. She is 80 years old and is as spry as some women at 50. While here a daughter from Minnesota came to Toledo to see her, whom she had not seen for thirty years. The meeting was unexpected and a happy one. The daughter is 61 years old and looks quite as aged as her mother. It was said years ago that a person had to go east of the mountains to die, and it appears from the number of aged people we have in Oregon that this is almost true in some instances.—Elk City Cor. Corvallis Times.

THE JOB BANK.—The report of assignee Bryson of Hamilton & Job, of Corvallis, shows the total number of claims is 459 and their aggregate amount is $223,412,24. The report confirms the view taken of the banks affairs by Mr Bryson in his report as receiver to the creditors, and indicates that the assets will ultimately pay out about the per cent named in that report, which was 59 per cent, which is considerably more than is being generally reported.

GYMNASIUM WORK.—All interested in the formation of a class in the Y M C A gymnasium for regular drill are requested to meet tomorrow night at the gymnasium at 7:30 o'clock, ready for practice. It is desired to have a large class this winter. Considerable interest is already being taken. The highest horizontal bar vaulter now has a record of 5 feet 10½ inches, and the high kicker 7 feet 2½ inches.

TRAMPS.—Tramp, tramp, tramp, the boys are riding on break beams. One hundred and twenty of them going south staid at Ashland last night. A score of them lined up the Chinamen of the town and was going through in train robber style when a posse of citizens interfered and prevented them despoiling the pigtails. Fifty boarded the overland train last night at Roseburg and fifty got left.

MISFITS

Superintendent L R Fields and the Master Mechanic of the Southern Pacific have been in the city yesterday and today making a private inspection of the Oregon Pacific's property, rolling stock, round house, buildings, wharfs, etc. It is reported, and please do not tell who told you, that the S P is making arrangements to purchase the road, steamers, etc. If true it will materially change the transportation aspect on this part of the coast.

For what is the greatest amount of lumber used? Nine people out of ten will say for houses and buildings. It is doubtful if 35 per cent of the lumber output goes into buildings. The railroads, farmers, and miscellaneous purposes take about 40 per cent, and the other 20 per cent goes into boxes. The estimate is made, says the Southern Lumberman, on the judgment of some of the oldest and best informed lumbermen in the country.

Governor Pennoyer yesterday received a handsomely bound copy of Shepp's Polographs of the World's Fair. The volume contains 264 full page pictures of grounds, building and exhibits. Washington and California have from four to six pictures each, while Oregon is not even mentioned. A recent issue of the Chicago Graphic contained excellent pictures of Oregon's exhibits, and hence is ahead of Shepp so far as Oregon is concerned.

If the taxpayers of this county should present a petition to the county court proposing to pay their taxes in installments a la Linn County bank would it be accepted? Would the DEMOCRAT advise the court to accept it?—Populist. The cases are entirely different. The depositors will get their money this way as quickly as to refuse to do so, while it will be the means of placing on its feet an institution that will assist in relieving the closeness of the money market.

The Salem Journal gets fierce as follows: Our prisons and asylums are crowded with the victims of alcohol and narcotics as a result of physicians prescribing whisky for men and morphine for women. Some physicians and some schools of medicine do not prescribe these poisons, but enough do, whether they be quacks, irregulars or regulars to fill the land with inebriates and fiends as a result of such maltpractice. The physician who prescribes alcohol as a tonic of source of strength, or morphine as a sedative, or producer of sleep, is a back number in his profession and society should be protected against him. The O S I A and cures are full of misguided victims of such alleged medical science. There should be a law declaring it malpractice.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

WHO does your washing? It is to be hoped you send it to the Albany Steam Laundry, thus patronizing a first-class home institution that employs only white labor. YES, YOU CAN see the finest line of samples for suitings in the state at W R Graham's, where he has a tailor with few equals on hand to make them up on short notice.
