GOOD EVENING.

CONCERT.—Mrs P S Knight and Miss O Wilson, of Salem came to Albany this noon. It will be at the meeting at the Congregational church tonight. Everybody at all interested in the education of young people, particularly kindergarten work, should be present. They are both enthusiastic workers in that line. Mrs Knight has been matron of the Oregon Mute school for 20 years, is a refined lady and stands high in the kindergarten profession, having made it a study in the east. Miss Ballou has been in Salem for years, and the two now have a class for training school in Salem, for education of kindergarteners, as well as a school class for mothers. The work of getting mothers and their children into kindergarten and of giving the little ones a proper start in their education is one of the greatest means for the elevation of future generations, and should receive the support of all.

WHO A MONEY LENDER.—In an article headed, "Here from Albany," the Baker City Democrat says: "Mr W S Atkinson has arrived from Albany, Linn county. Mr Atkinson is a nephew of the late "Uncle" Jim Atkinson who died at Albany, of old age on the 28th day of last month. "Uncle" Jim up to about one year ago resided in Linn county and was an Auburn pioneer of 1853. During his entire residence here he followed no other occupation than money lending and it is presumed that at the time of his death he was quite wealthy. Until six or seven years ago he was estranged from his relatives and only by chance did he learn of his whereabouts, since which time one or more of his nephews have been constantly with him. Mr W S Atkinson was with his uncle at the time of his death.

A fine picture of the Oregon exhibit in Chicago appears in Harpers Weekly just received.

THE ELECTIONS.—A dispatch received at 1 p m. today gives the following result: Tammany carries Iowa by thirty thousand; legislature republican. New York, republican throughout, including delegates to constitutional convention. Judge Gary in Chicago; entire republican ticket elected. Kansas, Populist. Sustain overwhelming republican defeat. "A chemical success and medical triumph," so speaks an eminent physician in reference to Ayer's Cherry Pectoral: and the eulogy was none too strong. No other medicine is so safe and efficacious in all diseases of the throat and lungs.

"Nothing succeeds like success," and nothing will more quickly insure success than true merit. For fifty years, Ayer's Sarsaparilla has maintained its popularity as the superior blood-purifier. It stands upon its own merits and never fails to give satisfaction.

There is considerable dissatisfaction with the manner in which trains run on the eastern extension of the O P, under the present arrangement people from up the road arriving too late for banking business and the train leaving too early in the morning.

The newspaper for which intelligent men are crying out will not be illustrated, except for a few cuts or diagrams, sketch maps and other necessary adjuncts to the text. The experiment of making daily picture papers has been fairly tried, and it has proved a failure.—Forum.

While in Albany the residence of A L Morris, near Harrisburg, was burglarized of all its groceries, some dried fruit, knives, forks, bed clothes, etc, in fact nearly all the every day necessaries of life. The indications were that one or two women were interested in the burglary.

Yesterday the little two year old son of one of the Merry-go round people, just old enough to walk well, strayed away from the Rogers boarding house, and it was several hours before he was discovered. He was found sitting on the bank of the river near the Woolen mills, and it is a wonder had not tumbled into the water.

Why not make steel the basis. It is a precious metal. It has been figured out that a ton of gold is only worth $692,799,21, while a ton of steel made up into hair springs is worth $7,567,000, more than twelve and a half times the value of pure gold. A twenty dollar piece would thus weigh only a small amount, and one could carry $250 where he can only carry a twenty now.

The annual week of prayer in the Young Men's Christian Associations throughout the United States and Canada occurs next week. In Albany the Pastors will preach on Sabbeth morning in the interests of young men and during the week will co-operate with the association in carrying on the meetings. It is hoped to make these meetings very interesting and profitable. The committee in charge will soon have a program ready.

One man has been heard of who will celebrate Thanksgiving on the 23. He is a Yamhill P M and has written the governor as follows: Dear Sir: I have a postoffice and one turkey and can't afford two, and if I kill the turkey on the 23d, I will probably lose the postoffice but as the turkey has a few scattering silver principles, I think he should not survive until the 30th. I am willing to close the postoffice both days and let the turkey live another year, but the stringency of the times demands a sacrifice, so does the cravings of hunger and the desire for office, and as I am liable to lose the postoffice anyhow and you have an appointment at your disposal even if chiefly emolumented with 'glory' the turkey will depart this life according to the first published schedule."

H H Hewitt and family left this noon on a several days visit at McMinnville.

L H McMahan, the live editor of the Salem Independent left this noon for Toledo, he will orate tonight populistically, as well as independently.

Miss Dannals, who has been residing with her brother James Dannals for several years, left this noon for Yakkton, South Dakota, where she will reside with a niece.

W E Gillet, of Albany, came over to Corvallis yesterday to visit with Editor Kitsen, of the Gazette. The two gentlemen are old friends, having known each other in Indiana.—Corvallis News.

Mrs Henrietta Brown, of this city, left San Rafael, Calif., yesterday for home, while on her way making short visits, in company with Mrs Narcissa White Kinney, of Astoria, at Palo Alta, San Jose and Oakland.

Henry Lyons and J L Berry, of Lyons, came to Albany last evening to get advice in reference to the school at that city, they being the ousted directors referred to. The new directors had taken charge of the school house and placed Prof Roe in control of the school. Such matters should be settled amicably if possible.

Mrs A B Stanson, of Portland, is in the city previous to her departure for Washington, where she will go with her husband, Mr Stanson, next week, to reside. Mr Stanson will act as special correspondent of the Seattle Post-Intelligencer, and they anticipate making that city their home.

Mr John Giblin, of the St Charles, left this noon for Spokane. Several weeks ago a nephew, recently from the east died near that city suddenly, his body being found in a field. On last Saturday night W T Peet, Z H Davis, M M Davis, O G Hopkins, Sol M Stock and Geo Smith, of this city, attended a meeting of the Masonic lodge at Albany. Grand Master Moreland was also there. After a very instructive and interesting meeting a banquet was partaken of and greatly enjoyed. Those from here, who were in attendance, speak in highest terms of the sociability and entertainment afforded them by their Albany brethren.—Corvallis News.

The meeting of the C. L. S. C. was held last evening at the residence of C H Stewart, about twenty-five being present. The program was of more than ordinary interest and merit. The roll call was answered by quotations from Mrs Hemens. Miss Clara Gard read a well prepared paper on Mrs Hemens life; Miss Bertha Ellis was heard in a song, pleasing all; a paper by Dr M H Ellis on Modern American Literature displayed a marked familiarity with the work of American authors, an effort of much literary merit; Mrs Redeker recited "The Christmas Carols" in a manner to bring out her rare talent, placing her among the valley's best elocutionists particularly in the line of pieces portraying children's characters. A live question box followed on the revolutionary period, and arrangements were made for the next meeting in two weeks at Mrs C E Wolverton's, when the quotations will be from Pacific coast poets.

Fire at Eugene.

EUGENE, Nov. 8th.—The Eugene Flouring Mills were burned last night, the fire being discovered at 11:15 p m, in the top story. It is supposed that the fire was caused by an explosion of the fine flour dust. The property was owned by Messrs Edris & Son of this city. The mill and machinery was valued at $25,000, insurance $10,000. About 15,000 bushels of wheat, owned by farmers, was in storage. Several thousand bushels of wheat badly scorched will be saved. Nothing was carried out but the books. The capacity of the mill was 80 barrels per day. One man barely saved his life by sliding down a board from the second story. $10,000 insurance was carried. 15,000 bushels of wheat and some flour were burned. Part of the wheat belonged to farmers.

AT MEAL TIMES do you ever conside the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

KEEP CLEAN.—A good way is to have your clothes washed clean, not so that they smell of Chinese expectoration; but are odorless, and the dirt is washed out and not pounded in. Richards & Phillips, at the Albany Steam Laundry, do the best work at low prices, hire only white labor, citizens of Albany, and are entitled to the patronage of our people.
