Daily Democrat.

BAD DISAGREEMENT

Some days ago the DEMOCRAT called attention to the very sudden manner in which the populists in this state dropped the tariff question. People have not forgotten that Mr Rork, who was the chief manipulator in organizing the peoples party in this state, showed by use of the black board and chalk the obnoxious character of a protective tariff. He made the iniquities of the tariff scheme the leading theme of all his discussions. Likewise, Gen Weaver and Mrs Lease made prominent in all their speeches in this state and other states, the unfairness of the scheme of protecting the classes at the expense of the masses. These sentiments were cheered to the echo by the democrats who had been so recently converted to populism. These facts are yet fresh in the minds of all. And these recent converts to populism might well hail with extreme delight the enunciation of such sentiments as they had long been indoctrinated in the democratic theory of low tariff. It was clearly understood between the populist leaders who organized the party hereabouts, that it was to be a tariff reform party. This was necessarily so from the course adopted by these leaders in treating of that question. Some days ago the DEMOCRAT warned these democratic converts to populism that these leaders would not keep faith with them on the tariff issue. We warned them that the populists in state convention would not be true to their former professions of adhesion to a reform tariff policy. In this we were not deceived or disappointed, for in all our search in the platform adopted at Oregon City, not a line, not a word is to be found about tariff reform. Thus, have tariff reform populists been deceived and hoodwinked. The truth is when the committee on the platform at their state convention was preparing the declaration of principles of the party, one member of the committee who was unsophisticated enough to feel that it was his duty to be true to the profession made to the people, offered a tariff reform plank but it was unceremoniously rejected. Though not made public in the press reports of the convention this is a fact as we have it from a very reliable source.

It now becomes a serious, a fundamental question, with those tariff reform populists, as to what course to pursue, seeing they have been misled and deceived. Can they longer follow in the train of leaders who have played them falsely? If they do how long will it be before they may be deceived about other promises and pledges direct or implied.

POPULIST PLATFORM.

The following is the platform adopted by the populist state convention:

"Assembled on the birthday of the soldier statesman whose military genius destroyed the last attempt to subjugate this nation by force, and whose far-sighted statesmanship afterwards foiled for a time all attempts to fasten upon us the vicious financial system of Great Britain, we, the people's party of the state of Oregon, resolved to regain financial independence and to recover our industrial prosperity, lost to us by the incompetency, dishonesty, corruption and cowardice alike of the republican and democratic parties, do hereby make the following declaration of principles, reaffirming and giving our cordial adherence to the national platform adopted at Omaha July 4, 1892:

"First—We demand a constitutional convention at the earliest possible date to revise our constitution and include therein the initiative and referendum in its obligatory form, and that the new constitution be referred to the people for approval. We recommend that all our candidates for the legislature individually pledge themselves in writing to this effect.

"Second—We demand that all property shall be assessed at its cash value, and there shall be no deduction for indebtedness without a corresponding taxable credit in the assessor's district; and all mortgages shall be declared real estate for the purpose of taxation and be assessed in the county where the security exists.

"Third—We demand the enactment of a law forbidding the sale of property on execution, unless the proceeds of such sale shall equal at least 80 per cent of the appraised value of said property in addition to costs of collection.

"Fourth—We demand that no attorney fees be adjudged in favor of the creditor other than the costs now provided by the statute.

"Fifth—We demand the total abolition of fish traps, fish weirs and fish wheels, and of all stationary gear in tide waters, and effectual regulation of all salmon nets, gill nets and seine nets.

"Sixth—We demand the abolition of the state railroad commission, and the enactment of a maximum passenger and freight law.

"Seventh—We demand the abolition of the Oregon National Guard.

"Eighth—We favor a system of inspection and grading of grains at the point of shipment.

"Ninth—We condemn the action of the last legislative assembly of the state of Oregon for its lavish expenditure of the funds of this state in unnecessary and useless appropriations, whereby taxation was enormously increased at a time when wise statesmanship and good judgment should have been exercised in relieving the people of the grievous burdens already existing.

"Tenth—We denounce the corrupt and wicked disregard of the law in the issuance of additional United States interest-bearing gold bonds at the instigation and in the interest of the money-lenders of America and Europe.

"Eleventh—We demand the abolition of the specific contract law.

"Twelfth—We demand retrenchment in state, county and municipal government particularly a reduction in official salaries where they are in excess of reasonable remuneration for services rendered, and the abolition of all fees and perquisites."

As has been predicted in these columns, the populists in state convention entirely dodged the question of high or low tariff. It is evident that the leaders had not the courage to meet the question with candor. This will certainly arouse the suspicion of the old time democrats in this state who were converted to populism by Rork, Lease and Weaver, who all took very strong ground in favor of a tariff for revenue, or for free trade. Nineteen out of every twenty of the democrats in this county who have joined the populists are free traders or tariff reformers, and yet they are now following leaders who have not the courage to even mention the tariff question in their platform. Democratic populists, what do you think of this lack of courage to meet this question?

If the populists were in full power at Washington to-day, they would do nothing to reduce the enormously high taxes provided for in the McKinley law. If any populist thinks otherwise and will tell us just what they would do in that matter the DEMOCRAT would be pleased to publish it. Of course, republicans would not, as high tariff taxes is a fundamental tenet with them.

Another Populist paper has died from lack of support—the Chetco Harbor Herald is no more. This demise, with the withdrawl of the Bandon Recorder from the party, would tend to show the Populists are fast losing their hold.—Gold Beach Gazette.

To Republican extravagance in legislative appropriations the people of Oregon owe their present heavy rate of taxation. This is a question outside of national issues and deserves much thought.—Portland Dispatch.

The populist party was much stronger at this place a week ago than it is now.—Lebanon Express.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

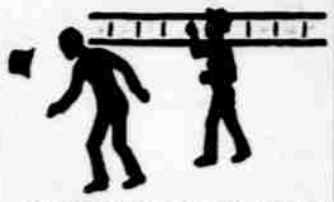
EMBALMING a specialty.

Residence in rear Ind of Calapooia St



MAKES ITSELF FELT—the great, griping, old-fashioned pill. Not only when you take it, but unpleasant, from first to last, and it only does a little temporary good.

The things to take its place are Dr. Pierce's Pleasant Pellets. One of these at a dose will *regulate* the whole system perfectly. They're tiny, sugar-coated granules, scarcely larger than mustard seeds. They act in Nature's own way. No reaction afterward. Their help *lasts* and they do *permanent* good. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured.

They're the cheapest, for they're *guaranteed* to give satisfaction or money is returned. Nothing can be "just as good."
