DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washings the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, bowel pores do.

OREGON TO HAVE OLD TIME RALLY

Ped Producing Stunts Planned for Evening Before Big O. A. C. Game

University of Oregon, Eugene, Oct. 29—Stunts and speeches around the "biggest bonfire that ever blazed" at this university will open the festivities of Homecoming, Friday evening, November 14. From then on until the "Home Sweet Home" at the big dance in the armory, Eugene's largest hall, the week-end will be full of action and enjoyment for Oregon's guests. Special trains are being arranged for, to bring in the visitors. Governor Olcott has been invited to come down from Salem and say a few words to the assembled students and alumni Friday night. Adresses will be made by President Campbell, Professor H. C. Howe, head of the facutly committee on athletics; Charles ("Shy") Huntington coach; Bill Hayward, trainer; Charles Robinson, of Astoria, and Walter Winslow, of Salem. Robinson and Winslow are prominent alumni. Prizes are to be offered for the most original stunts. It will be just an old-time Oregon rally.

Saturday morning will be devoted to showing the visitors the campus with its many changes since the early days. At noon the multitude will be fed at a campus lunch. In the afternoon the big footbasall classic of the year, the game with Oregon Agricultural college, will be played on the new athletic field with its seate for 6,500.

Committees in charge are already at work on the arrangements for the big informal dance. No detail will be omitted which would help to send the visitors home with the feeling that the great growth of recent years has detracted nothing from the old Oregon spirit of the earlier days.

LETTER ABOUT MUSIC SACRED TO PADEREWSKI

PARIS,—Premier Paderewski of Poland was perhaps the busiest man at the Peace Conference when polish questions were under discussion. For four days and four nights the Polish Premier worked like t Trojan. Entering his chamber on the evening of the fourth day he noted that the volume of accumulated correspondence had become very great; letters from friends, business men diplomats, relatives, lying unopened.

One envelope perisitenly caught his eye; it was marked "Urgent" and "Personal". He opened it, snatched pen and ink, and hurriedly replied to it.

The letter came from a New York musical enthusiast who wished to know whether the "Andante" of the Second Symphony should be rendered with or without the pedal.

"That was sacred," relates Paderewski to the ECLIAR, "it could not wait".

KANSAS FAMILY SEEKS LOCATION

Mr and Mrs W. E. Clark and Mrs Clark's father John Collins of Meade Kansas arrived in Albany yesterday seeking a location in this county. They have made a trip through southern Oregon but were not impressed with the opportunities in that part of the state on account of the high price of land and the percent of the land not subject to cultivation. Mr and Mrs Clark will probably rent for a time before buying a farm. They report the wheat crop in Kansas this year poor in some sections of the state caused by dry weather and the grass hoppers which consumed a large portion of the vegitation in many sections of Western Kansas.

ZARAD TO GIVE A FINE PROGRAM

Francesca Zarad, the eminent French soprano of the Chicago Grand Opera company will be heard in concert in the First Presbyterian Church, Thursday night, Oct., 30th, under the direction of the Albany High School Student Body Association. Her program, which embraces a wide range of musical literature, will contain something for every wide range of musical taste. When the Boys Come Home . Speaks

Madame Zarad sings at the O. A. C. Corvallis the night before her Albany appearance and will go to the University of Oregon from this city. Her tour embraces all of the great educational institutions in this part of the country.

France Not Depopulated

PARIS,—If the flood of letters which is daily reaching the trustees of the fifty million franc fund given by M. Cognac, to be distributed in lots of 25,000 francs to families consisting of more than nine children, is to be taken as a criterion, then depopulation in France is not as bad as it has been reported. Among the candidates to the fund is a mother who boasts of twenty-one children, born of the same wedlock. More than two thousand letters from parents claiming a progeny of more than nine children have been received.
