John Boles and Lois Wilson Play in the "Seed" Now Showing at Orpheum

That "Seed" the current attraction at the RKO Orpheum, will be one of the outstanding pictures of 1931 is a foregone conclusion according to many drama critics in different parts of the country. It is a strong ,powerful drama taken from the novel of the same name by Charles G. Norris, presenting the story of two women fighting for the love of the same man.

The man's role is taken by John Boles with Lois Wilson playing the part of his wife and mother of his five children. Genevieve Tobin comes into the triangle as the other woman and entices his affections away by furnishing inspiration for his writings which make him famous. He prefers fame to family and leaves them to shift for themselves while he seeks further glories and praise.

Others in the cast are Zasu Pitts, Richard Tucker, Bette Davis, Frances Dade and a group of juvenile actors.

The vaudeville bill, headlined by Joe and Pete Michon, "tom fool" comedians, will include a nationally known character, the original Aunt Jermima of pancake fame. Dance features will be supplied by the De Toregos; Sidney Page and his petite helpers, Marie and Peggy Earl, supply comedy; the Rocky Mountaineers, singers; Frank Evers and Gretta are dancers; Mort Mortenson is the juggler and Spencer-Williams trio, complete the bill.
