Track Team Places Seventh

by Don Grandy

The defending-champion Beavers slid down into a seventh place tie with Prineville as they scored 11 points at the annual Hayward Relays held at Eugene April 19.

Competing in class "B", the locals were hoping to again capture the cup as twice previously, since the school who wins it three times retains it permanently.

Cottage Grove blazed through the events with a total of 41 points followed by Ashland, 30½.

In the first event, Jack Ross, Bill Benham and Zane Mulhaussen placed third in the shot put relay.

Don DeHaan jumped the pole vault an even 11 feet to place second to a Columbia Prep man who toppled Beaverton alumnus John McKnight's record of last year by 7-8 of an inch.

In the mile relay, Beaerton barely placed with a sixth. Art Bacon and Al Walker ran 880-yards each, and Jim Moore and Chuck Hulings ran a mile each.

BEAVERTON RELAYS

In the first big meet at Beaverton, twelve schools will compete for top honors in the Beaver Relays held this afternoon.

Won by Hillsboro for the first time last year, Beaverton has the decided edge in number of times won. Scappoose is second.

HIS WILL

"My overdraft at the bank goes to my wife—she can explain it; my equity in my car gaes to my son—he will then have to go to work to keep up the payments. Give my good will to the supply houses — they took some awful chances on me and are entitled to something. My equipment you can give to the junk man—he has had his eye on it for several years. I would like six of my creditors to be pallbearers—they have carried me so long they might as well finish the job."

How to Get Rid Of Your Old Paper

What are you going to do with all those newspapers and magazines which have accumulated and are so much in the way?

Are you aware that the Cub Scouts finance their activities through paper drives held approximately every three months? They will appreciate it if you will turn it to them for their next drive starting April 28th and continuing through May 3rd.

If your papers are neatly stacked and strongly tied in bundles, Faye Evans, owner and operator of the Beaverton Sanitary Service, has generously offered to collect them on his regular route. As he is donating this service to the Cub Scouts, won't you please help too by donating your papers?

VISITS SISTER. Mr. and Mrs. E. R. Sheets spent Thursday and Friday visiting at the Richard Meisegeier home at Seaside, Oregon. Mrs. Meisegeier and Mrs. Sheets are sisters.

The NEW Sensation!

Cars Lubricated while in Swaying Motion with

MOTO-SWAY

Increases the Life of your Car -- Decreases Repair Bills

Lubrication Practically under driving conditions

Sways Squeaks Away

WE—Pull the spring leaves back into their natural curl—we call it "Temporary Re-arching."
WE—Put the proper lubricants where the **Actual Wear** takes place --- the highest points of friction.
WE—Permit 100% lubrication, apply grease while the car is in motion and while the weight of the body is on the MOTO-SWAY.
WE—Spread spring leaves even inside the covers to actually put lubricants between the leaves—not just smear on the outside
WE—Locate that **Hidden Body Squeak,** we detect impaired parts.
WE—Lubricate "Knee-Action" cars. See it work, it's perfect while the parts are all in motion---"floating action."
WE—Lubricate and free bearings even in WINTER so snow and water won't rust them—also **Force Old Lubrication Out** and **Fresh Lubrication In.**
WE—Make old cars ride like new ones, keep new ones riding like NEW.—We prove it.
