CANBY NEWS ITEMS.

The Canby High school debating team debated with Parkplace Friday, March 3. The question discussed was: "Resolved, That Foreign Immigration Should Be Further Restricted by Law." Two of the three judges decided in favor of Parkplace. The Canby team felt encouraged since this was its first attempt. In fact this is the first debating team that Canby has ever had in the field and it was the first trial at debating by every member of this team. Their arguments were very good. The Parkplace debaters were all more advanced in their course than the members of the Canby team, two being in the twelfth and the other in the eleventh year, while the Canby team consisted of one in the eleventh grade and two in the tenth grade; for this reason the Parkplace team had an advantage and for this reason the Canby team, which consisted of Ralph Manderville, Mabel KenKnight and George Berg, feel that although they lost the decision of the judges yet they gained a victory, for they at least have gained confidence in their debating ability and received hearty congratulations for their fine effort in this, their first appearance on a public platform.

TO WRESTLE FRIDAY IN THE ARMORY HERE

PETER BUZUKOS AGREES TO THROW AUK SMITH FOUR TIMES WITHIN AN HOUR.

Auk Smith, the Canemah wrestler who has a good local reputation, has been matched to wrestle Peter Buzukos in a handicap engagement. The match will be pulled off on Friday night, in the Armory. By the terms of the match Buzukos agrees to throw Smith four times within an hour. Buzukos claims to be the champion lightweight wrestler of the world. The men are evenly matched as to weight, each weighing in at 140 pounds. As Smith is a wiry young fellow and Buzukos claims to have great skill, those who attend may expect to see some clever work. There will be a couple of preliminaries pulled off. The main match is to be called at 8:30 p. m.

QUIET FIREMEN'S ELECTION.

Each One on the Ticket Seemed Satisfactory to the General Public. The firemen's annual election, Buzukos was a very quiet affair with results satisfactory to most people. There had been little excitement at any stage of the contest and as the day was wet the vote proved light. For chief engineer the vote stood 68 for W. A. Long and 59 for Dwight Hall. Joe Beaulieu received 95 for assistant chief, with no opposition. For fire commissioner the vote was: Tom J. Myers 89, Chas. Hannaford 74, George Hankins 73, H. Henningsen 64, C. Sanden 31, the first three winning out in the election.

A CRIPPLED BEGGAR

Appropriate Apples and Oranges and When Arrived Flights Officer. A crippled beggar who was going up and down the street and appropriating apples and oranges Monday afternoon was called to account by Officer Shaw when he got smart on the officer's hands. As a result he was taken to the city prison and locked up. He fought all the way and proved to be quite badly intoxicated, which perhaps accounted for his ugliness. He refused to give his name to the officer and when he sobers up will be given a hearing before Recorder Stipp.

New Company Playing the Electric.

Mr. Le Roy Osborn announces a new company to appear at the Electric theater tonight. The company that has been playing here the past two weeks is now out on the road, having left Monday. In the new company will be Mel Rilly and Dea Lennon, who have just closed in Seattle with the Sullivan & Considine circuit, and Mr. and Mrs. Menlo, from the Pantages circuit. Miss Marguerite Doyle, of his old company, remains here and will continue in putting on comedies and playlets that he says will give the people of this city a run for their money. You are invited to see these new people at the Electric this evening.

BASEBALL CHAT

Charles A. Comiskey says that he will train in Cuba next year. He plans to take the White Sox to the island for a visit of from five to seven weeks. Pitcher Orvie Overall of the Cubs will not quit the game this year, as reported, but is at present working on a new curve to take the place of his drop. No one has better right to quit the diamond than Cy Young if he feels that he is selected for the down and out club. Young never needs to feel that he was forced to quit before his time. Fred Clarke predicts a good year for Kirby White, his young pitcher, who sent in his signed contract a few days ago. Kirby looked quite promising last season for a first year man. He won half the games that he finished. Alexander, a pitcher to be tried out by the Phillies, may become the "Iron Man" of the National league. Pitching for Syracuse of the New York State league, he won twenty-nine and lost fourteen games last season. Larry Lejune, long distance throwing champion among professional baseball players, had a mighty nifty season with Evansville in the Central league in 1910. Lejune led the association in batting, base stealing and home run hitting. He was rated at a .328 clip, stole fifty-four bases and made eighteen home runs. Lejune is the leading candidate for right field on the Brooklyn club.

INSURED AGAINST BANDITS.

But Robbers Themselves Conducted the Profitable Business. The bandits of Manchuria and Mongolia have adopted a new way of acquiring at least a portion of the goods of the traveler. These mounted highwaymen in bands not only constantly attack the peaceful native population, but even rob travelers in broad daylight. As a provision against this danger an insurance bureau where one buys a banner at a cost of about one-fifth hundredth of the value of the property to be insured is established there. This banner carried by a traveler will save him from the bandits' attack, for, curiously enough, they themselves conduct this insurance business. But it has its limitations. "We paid our premium at the insurance bureau," says a Japanese traveler, "we carried a red banner, and our party then started from Harbin, using several sturdy ponies for ourselves and the carrying of our luggage. After traveling about ten miles we reached a small town called Takin. "Several of our customers came to see us in the evening and warned us that there were many mounted bandits in the neighborhood. When we told them there was no cause for anxiety on their account because of the insurance they informed us that by it our safety was guaranteed only on the highways, but that the bandit bureau was not responsible for what might happen inside of any building."

WOMEN AS RADIUM PORTERS

Bank Thinks Them Less Liable to Robbery Than Men. The Radium bank in Paris has greatly increased its female staff since it started. This is due to the rapidly increasing use of the marvellous mineral in medical and surgical practice. Women are employed in preference to men because the porters of radium have hundreds of thousands of dollars' worth entrusted to them daily. Their identity is purposely shrouded in mystery to prevent any attempt to rob them while accomplishing their work. It is believed that women carrying radium are less likely to be "spotted" by would-be robbers than men.

It Wouldn't Pay to Advertise A Poor Article Nor a proposition of doubtful merit or honesty—for ad-readers, nowadays, are DISCRIMINATING. They know values—they know GENUINE things, genuine opportunities. Any article which can be sold by advertising is, by that test, a GOOD article. YOU are safe in buying a thing which has "stood the fire of publicity." The maker of a widely advertised article, or commodity, is at ways on trial for his business life. He cannot shirk, nor cheapen his product—and this is the best possible protection for the consumer. You are SAFE in buying advertised things—it's the logic of nowadays business conditions.
