BY THE EDITOR

The following is now going the round of the exchanges: If a man owned a $50 pup he would look after it carefully and not let it have the run of the town by day and by night as he would know too well that it would be ruined But if he has a child it would be different, it will be turned loose at an early age to go where it will and do as it pleases. People wonder where the great army of tramps, loafers, dead beats, gamblers, thieves and disreputable women come from. They are the seeds germinated in countless homes and scattered broad cast on the streets of cities and towns. There are thousands of children heeded in that direction, who, so far as care is concerned, are not given equal showing with a pup.

An address of David Jordan, in 1895, contained the following:

The essence of manhood lies in the growth of the power of choice. In the varied relations of life the power to choose means the duty of choosing right. To choose the right one must have the wit to know it and the will to demand it. In the long run, in small things as in large, wrong choice leads to death. It is not punished by death, for nature knows nothing of rewards and punishments. Death is simply its inevitable results. No republic can live, no man can live in a republic, in which wrong is the repeated choice either of the people or of the state.

The NEWS is an independent paper, and is going through the campaign on independent lines. We will, in all probability advocate the election of a complete ticket, but if we do it will be composed of men whom we think are best fitted for the positions, and politics will cut no figure with us, either. We want to see good men elected, and will work hard for the success of good men, provided we are made to know that they are sincere in their promises to work for the best interests of the people of the county.

The Standard Oil aggregation does not stop at oil. The surplus wealth of the concern is so great and its money power so vast that it is able to combine with the Rothschilds and control the copper output of the world. The profits of this combination last year from the rise of 6 cents in the price of copper are estimated at $25,000,000.

The successful candidates in this county for the offices of county judge and commissioner should be pledged to let the Albany bridge remain in the hands of the city. If Albany gives it to the county let the county give it right back.

TAILOR MADE SUITS

We have now got our spring samples—4 big books—containing over one thousand samples, and nary a two alike. Out of these you can surely get a choice, suit you both in price and material.

The great number of tailor made suits that we get every season is the surest advertisment as to how much better they are than COMMON READY MADE ones. Indeed you get 100 per cent more wear and 200 per cent more looks. There is no question about FIT our clothes have got to fit—and positively guaranteed to. With our 10 years of experience measuring for these suits, we know all about how to get neat fits, and have the clothes set properly etc. Don't be deluded with the notion, either, that "anybody" can measure and get good fits. That is impossible, and poor fits are little better than hand-me-downs. Once you wear a tailor made suit, you will have no other ever after. For they look so neat and new, and feel so good on a fellow. And you can never appear like a real 20th century man without you have on one of our tailor made suits.

Big Sale of Wheat.

A big sale of wheat occurred last week. The wheat was a pool of 15,000 bushels stored in the Finley warehouse. The owners were Hugh Herron and a number of his neighbors, and the buyer was the Portland Milling company. The price paid was 46½ on board the boat, or an equivlent of forty cents per bushel net, to the farmer. The steamer Gypsy is now carrying the wheat down the river.—Corvallis Times.

The trial of P. G. Morris, the defaulting county treasurer of Linn county, on a charge of larceny of public money, was begun before Judge Burnett Tuesday, with the following jury: A. J. McClure, John Cochell, Geo. Alford, E. L. Plummer, James Morgan, J. D. Griffin, W. A. Bartley, G. B. Splawn, S. S. Leeper, C. O. Rice, Josiah Weddle, H. Karstens. District Attorney Samuel Hayden and H. C. Watson represented the state, and H. H. Hewitt and J. K. Weatherford the defense.

By consent, Percy Farrell, accused of larceny from a dwelling, was allowed to plead guilty to petty larceny, and after some wholesome advice from Judge Burnett, was sentenced to two month's imprisonment in the county jail.

J. W. Thompson, convicted of forgery, was sentenced to two years imprisonment in the state penitentiary.

The district attorney presented a true bill against J. P. Hahn, of Sweet Home, on a charge of assaulting A. L. Weddle. The defendant plead not guilty, and the case was continued.

GREEN MORRIS FOUND GUILTY

The case of the State vs P. G. Morris was finished Wednesday afternoon, going to the jury about 3 o'clock. The plaintiff showed that the defendant had unaccounted for $1,564.54 during the second term. The defense took the position that Morris had received no benefit from the amount and had no intention of defrauding the county. The arguments on both sides were strong presentations of the case and the attorneys covered every point. The jury returned a verdict of guilty about 8 o'clock. The penalty is from 1 to 15 years in the penitentiary. He will be sentenced next Wednesday.
