THE HOME GOLD CURE.

An ingenious Treatment by Which Drunkards are Being Cured Daily in Spite of Themselves.

No Nauseous Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not a weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

WIVES (CURE YOUR HUSBANDS!) CHILDREN (CURE YOUR FATHERS!) This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully designed and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will, so soft was it. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The HOME GOLD CURE is sold at the extremely low price of One Dollar, thus placing it within the reach of everybody. A cure is guaranteed to follow the use of one package, and we do not believe we can do more than this when we say that we have never yet sent a package of our medicine without effecting a cure. Exceptional as this may seem, it is a fact which we can prove by the testimony of those who have received without effecting a cure. Explanation of this point is the talk on receipt of our booklet. Taxes become delinquent after the first Monday in April. As the first Monday in April comes on the 7th this year, all taxes will be delinquent on the 8th of April unless one-half of the same is paid by that time in which event the other half can go until and including the first Monday in October. Unless you pay at least half of your taxes by the first Monday in April you will have to pay a penalty of ten per cent and interest. Do not forget this as the time cannot be extended. This is the law.

An effort is being made to have to have a telephone line established from this city to Jordan, and we trust that it may be successful. The line would be quite a convenient one for the business men of this city, and country, as well as for the people of Jordan. Telephone lines are being built to almost all the small towns in the valley, and in every instance they are paying property for the telephone company, and just why Jordan should not have a line is not clearly understood.

Tax money is pouring into the hands of the sheriff by the thousands, and it will not be long until there will be money enough on hands to liquidate the county indebtedness and pay off the state taxes. The new law allowing a discount of three per cent on taxes paid before March 15 is a drawing card, and is the means of causing lots of heavy taxpayers to pay up at once.

As time passes Mr. Morrow's friends become more and more convinced that he is the strongest candidate in the field for the nomination of sheriff on the democratic ticket. He is gaining friends all over the county, and if he is not nominated it will not be from the lack of friends.

When senators fight over questions of individual honor the world says, Shame! When armies fight and thousands are slain over questions of national honor, the world applauds. Thus the huge farce goes on.

The friends of S. I. Shore have placed his name before the republican voters of the county as a candidate for the office of assessor, subject to the wish of the republican convention.

About Mutilated Coins.

Had the conductor of a St. Louis street car understood the law regarding the value of coins, he would have saved his employers the expense of paying a $2,000 judgment against them because of his ignorance. A passenger offered him a smooth nickel for fare. He refused to accept it, and in the dispute that followed he put the passenger off the car. A suit for damages resulted which the passenger won, and the conductor now knows more about nickels than he did before, but the car company has paid for his knowledge.

Gold coins, which are legal tender to any amount when of full weight are accepted only at their bullion value when they become depreciated by abrasion or mutilation. The face value of such coins is not identical with their bullion value, and any person is justified in refusing to accept them at any other value than that of bullion. But this is not the case of silver or nickels, which are limited legal tender to the extent of only five dollars. Such coins must be accepted at their face value if they are in such condition as to show they are the product of a United States mint. The abrasion of such a coin unless it is extensive enough to utterly destroy the mint trade mark, does not effect its value in the slightest degree.—Ex.

Strikes a Rich Find.

"I was troubled several years with chronic indigestion and nervous debility, writes F. J. Green of Lancaster, N. H., No remedy helped me until I began using Electric Bitters which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No steer medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Peery & Peery.

A Green Goods Case.

S. V. Hall, of Detroit, has recently been having some fun assisting in the arrest of some green goods men back in Boston. Sometime ago Mr. Hall received one of the green goods letters so familiar to most people, and instead of throwing it in the waste basket as is generally done, notified the authorities and began a scheme for their arrest, corresponding with the men, receiving a genuine $1 bill finally ordering $50 worth of the goods, and stopping payment on the draft. He received a medicine bottle and some rags. The result was the arrest of William G. Woodward and another man in Boston and they will be tried on March 18. Hall, E. C. Wells, of Gold Hill, Samuel McDonald, and W. A. Breeder, of Mora, H. S. Sinclair, of Louisville, and Alexander Stewart, of Mosier, have been subpoenaed as witnesses, which will certainly be a fat job, as they receive to the U. S. courts 5 cents a mile each way.—Democrat.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Hall, real estate insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. You don't have to diet. Eat any good food you want, but dont overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Peery & Peery.

Wade Carried Insurance.

Sheriff Frazer received a letter last Saturday from the Prudential Life Insurance company, asking that an enclosed blank be filled out showing the death of Joseph Ewing alias Jack Wade, hung for murder recently.

It was stated in the letter that the request was made in behalf of Mrs. Eliza Ewing, Wade's mother. It appears that he had $183 insurance on his life, which will go to his mother, and that proper proof of his death is necessary before the money can be paid. There will be no trouble to make this proof. Dr. McKay will make the affidavit as to the identity of the man. It does not often happen that a man traveling about the country as did Wade, and who is executed, carries any insurance on his life.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung trouble are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, that gives only temporary relief. It softens and liquifies the mucous, draws out the inflamation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the peace J. Q. Hoff, Crosby, Miss. My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family. Peery & Peery.

An Author Speaks.

The late Charles Dudley Warner—author, editor and traveler—while bathing in Great Salt Lake remarked to a friend that in all his travels he never before saw such a glorious combination of salt sea bathing, blue unsullied skies, pure mountain air and pretty women and happy children. The only transcontinental line passing directly through Salt Lake City is the Rio Grande system. It is also the "Scenic Line of the World." No European trip of equal length can compare with it in grandeur of scenery or wealth of novel interest. All agents sell through tickets to the east by way of the Rio Grande. Rios. The Shasta Route.

In going over the famous "Shasta Route" of the Southern Pacific Co., the traveler ever finds something new to excite his admiration and interest. Starting at Portland one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The prunes, peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful array of towering mountains, and gorges into which we gaze from dizzy heights, forest clad mountain slopes stretching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canons, now and then stopping for a short rest in some quiet pool. After a days enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.
