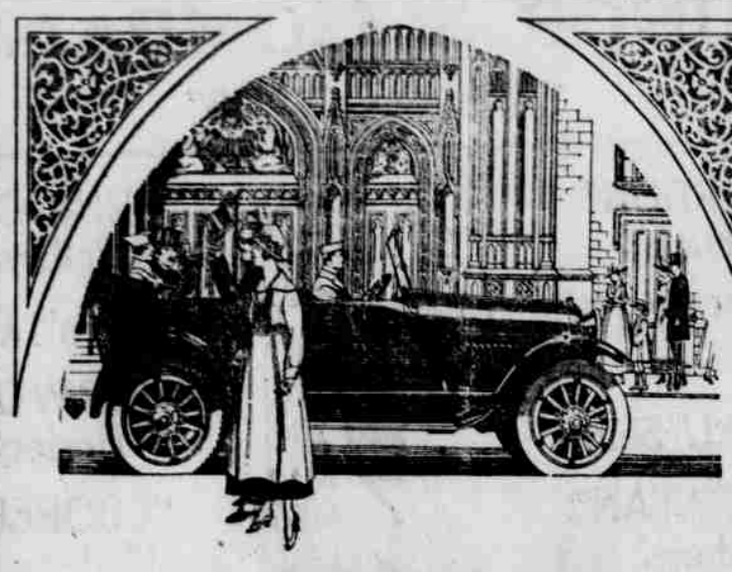
PAIGE



PAIGE

The Most Beautiful Car in America

THIS new five-passenger Paige Linwood "Six-39" quality has simplified the actual physical effort of driving a motor car. We have tried to design and manufacture in this Linwood a car which a woman or youngster can drive with ease and safety. See the Linwood, ride in it, drive it and see whether or not we have succeeded.

The motor is tremendously powerful and flexible. The gears shift noiselessly with a pressure of the finger. The brake is quick, easy and sure. The entire control will give you a new conception of pleasurable and luxurious driving.

You will not only enjoy it, but you will be proud of the Linwood, because, in addition to its mechanical excellence, it is a Paige—"The Most Beautiful Car in America."

Seattle maritime interests have banded with Chamber of Commerce and Commercial Club there to bring before the Federal Shipping Board the need of regulations, to be recommended to Congress and President Wilson, that will make is possible in time of peace for American vessels to operate in competition with foreign bottoms.

Strong Outlook for Wool.

That the outlook for wool at the present time, with every indication of a higher price, is indicated by a telegram received this week from the Columbia Wool Basin & Warehouse Co., of Portland by the First National Bank. The telegram reads as follows:

"Advise all growers that wool market is turning very active on everything above quarter bloods. Deep staple fine wools worth now dollar and forty cents, half blood, dollar thirty to thirty-five; three eights, dollar twenty, quarter blood, dollar five. Good fine French probability of dollar thirty to thirty-five. Low wools not moving. Barring some sudden peace, wool looks to be in very strong position."
