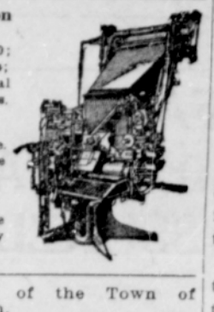
"The Linotype Way is the Way that Wins."



Official paper of the Town of Gresham, Oregon.
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

PROPORTIONAL REPRESENTATION.

An initiative measure with the above heading will come before the voters of Oregon at the next election for adoption or rejection. It provides that each voter may cast his ballot for only one candidate for the legislature in the voter's district, the sixty candidates who receive the highest number of votes throughout the state to be elected.

Circulators are busy now with the petitions which have been prepared and indorsed by the Federation of Labor, the Farmers union, the Society of Equity, the Proportional Representation Bureau, the People's Power League and the state grange.

There is no doubt about the measure getting on the ballot, but it is not clearly understood. It will need a thorough discussion and should be fully digested. The matter will be referred to again before the primaies.

FAVORS CONSOLIDATION.

City Auditor Barbur, of Portland, is very much in favor of the consolidation of the governments of the city and county.

He has not advanced any new arguments but thinks that the size of the county should be reduced. How he proposes to reduce it he doesn't say, but admitted that a consolidation would result in some complications which would be solved as they came alcng. He predicted a consolidation before many years and believes that such a change would be economical to the taxpayers.

Plans for corn shows to be held next fall and winter are now being made by officials of the O.-W. R. & N. Ry. at the same time the seed corn is being distributed amonng the farmers of the state. Cash prizes from $5 to $25 will be offered, the entries to vary from the best single ear of corn to the product of the best acre, with boy growers given special inducements to compete. It is stated by those in charge of the project that this year's acreage will be ten times that of last year.

While the situation in Mexico is somewhat tense there has been nothing of a warlike nature done by this government except to send the fleet to Mexican waters and prepare for active operations by land. President Wilson still insists on Huerta making ample aoplogy for indignities to this nation, but the latter still refuses. The outcome cannot be foreseen at this writing.

Each candidate for sheriff and county clerk or county commissioner should be required to show some recognition of his support in Eastern Multnomah by appointing a few deputies from this section. These are all solid republican precincts, yet there is not a deputy or clerk in the offices of any incumbent now holding down a job in the court house who lives outside of Portland.

Every precinct in Eastern Multnomah went republican last time. Every county officer is a republican, but there is nary a country bumpkin holding down a deputyship in the court house. But then the county officers have no political debts to pay out here. We are easy marks.

Plans are being made to erect the mammoth flagpole donated to the Panama-Pacific exposition during the latter part of the month when the Rose Festival queen and her maids visit San Francisco. The pole is of Douglas fir, 246 feet long, 5½ feet at the butt, weighs 93,000 pounds.

Will the candidates who have places to give out recognize Eastern Multnomah? We are mighty good people to the office seekers, but after election we are the goats.

School Children to Observe Good Roads Day.

In connection with the efforts of the grown-ups to improve the condition of Oregon roads on Saturday, April 25, it has been suggested that all the school children of the state be requested to turn out and assist in the good work. As there are about 190,000 school children in the state, it has been estimated that each will be able to remove at least 100 loose rocks from the road nearest their home, it will be equal in value to the efforts of a thousand men and will remove 1,900,000 obstructions from the roads of the state.

The suggestion is also made that the good women of each district throughout the state serve road lunches or a hot dinner at the grange, schoolhouse or other local meeting place to actual workers only. No workee, no eatee.

Banon business men have subscribed money with which to purchase a passenger and freight carrying boat to be put on a regular run between that port and Portland. The present volume of traffic between the two cities is now sufficient to make this a paying venture, and the business men claim that the business will be more than doubled by the service which will be given by a boat making direct and regular runs. Much business which has formerly been done with San Francisco will now come to Portland.

Thirteen carloads of household goods, representing the belongings of fifteen families, have been received at Bend within the past few weeks. Six carloads were received in February, and according to present indications April will break all records. The newcomers are all families in good circumstances, with complete outfits of farming implements and supplies. One farmer brought his own well drilling outfit, and among their other possessions is some of the best stock seen in Central Oregon.

The port of Columbia Commercial club has recently been organized at Astoria, taking the place of the Astoria Young Men's Booster club, temporarily formed some time ago. The porpose of the club is to promote the commercial, industrial, agricultural and social advancement of the Lower Columbia. "Nothing less than 40 feet where rail and water meet," was adopted as a slogan.

Railroad officials visit various sections of the state asking extensions but it is understood that there will be no work undertaken except that provided for on the Willamette-Pacific line to Coos Bay.

On Wednesday of this weeks bids were received by the State Highway engineer for construction of the Columbia hard surface highway through Clatsop county.

With only twelve per cent of the skilled labor of Portland in unions Oregon factories are taking up more and more open shop policies.

The Lane county manufacturers' association is making a fight for free factory sites and municipal power at cost to get more industries.

The Pinchot policy of giving only a fifty year lease to hydro-power development companies has tied up the water powers of Oregon.

The Riverton mines on the Coquille have contracted for delivery of 2000 tons of coal to railroad contractors on the Siuslaw.

Oregon's strict eugenic marriage law has increased fees received in Clarke county, Vancouver, Wash., to $10,038 for 1913.

The hop crop in the Willamette valley promises to yield a bumper crop of 160,000 bales or over this year.

The Pacific Pressed Faced brick plant at Willamina has resumed operation, employing 75 men.

Coos county will erect a $25,000 exhibit building and display at the Panama exposition.

The Brownsville cannery has placed orders for 20,000 crates to hold its pack with Roner Bros. planing mills at Albany.

Portland men are investigating the prospect for a fruit and vegetable cannery in Baker county.

A large dock is to be built at Port Orford by the Macleay interests of Portland.

Portland will use 200,000 pounds of pig lead this year in laying water mains.

Albany has funds completed for a $25,000 library building.

Vilda, Lane county, will erect a $3000 schoolhouse.

A hog received at Howitt's Gresham market last week weighed 437 pounds. Figure the profit yourself at present market prices of feed and you will find out why it pays to kill your pigs at one-fourth the weight; but that is what keeps the price of pork up.

President Beckwith of the Workingmen's Compensation commission says only five to six hundred of three thousand manufacturers have been willing to come upder the provisions of the act.

The war scare is being used to recruit the national guard. A real war would be incentive enough to set all the patriots to joining the volunteer army without begging them to come on.

In Marion county it is estimated the $1500 tax exemption would release one-third of the taxpayers from paying anything and put it on the other two-thirds.

As a result of the orders of the Welfare Commission fixing minimum wages for girls, telephone companies in Yamhill county are advancing rates.

Oregon Commercial clubs are uniting for more factories and payrolls and less gold-embossed literature and boosting of land values.

Hood River pays $18,000 a year city taxes for 2000 population, and it costs $200,000 a year for 8000 people of Hood River county.

Friday a party of twenty-five Agricultural college students and professors spent the day visiting the principal Salem factories.

As a result of too much radical legislation Portland has not a single large manufacturing establishment in sight for 1914.

Flavel has been chosen for docks for the Hill terminals and yardage will be constructed to hold 1000 cars.

A large flouring mill is being built at Cove, Union county, to take the place of one burned last year.

F. L. Chambers will erect a factory building for the Eugene mattress and rug industry.

A Spanish woman from Mexico says General Villa favors Americans. Jealous perhaps.

Congressman Sinnott has secured $60,000 additional for the Pendleton postoffice.

Geo. Young, of LaGrande, is installing machinery and enlarging his candy factory.

Springfield has a greenhouse industry with almost an acre under glass.

Three churches are to unite in building a large college at Philomath.

Medford is undertaking the construction of a $50,000 Elks temple.

A large warehouse is being built at Nelson's siding in Baker county.

Local capital is developing a large meat packing plant at Springfield.

Wheeler is to have dockage facilities to transfer water freights.

W. H. Lucke, of Canby, will build a warehouse at Oregon City.

Forest Grove cannery is adding a fine warehouse addition.

Milton and Freewater are to get new libraries.

"SHINE JUST WHERE YOU ARE."

Don't waste your time in longing,
For Impossible things,
For the swiftness of angels wings,
Don't spurn to be a rushlight,
Because you're not a star,
But brighten some bit of darkness,
By shining just where your are.

The tiny rushlight is welcome,
As well as the glowing Sun.
We love to see its glimmer,
As we struggle bravely on.
So do not sit repining,
Because you're not a star,
But where the master calls you
Then shine just where you are.

Cough Medicine for Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effectual. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by Gresham Drug Co., and all Dealers.
